<i>Preface</i>	xii

## **PART I**

### **The life cycles of modern painters: evidence from art historians 1**

- 1 Quantifying artistic success: ranking French painters – and paintings – from Impressionism to Cubism 3
- 2 Measuring masters and masterpieces: French rankings of French painters and paintings from Realism to Surrealism 23
- 3 Was Jackson Pollock the greatest modern American painter? A quantitative investigation 46
- 4 The New York School vs. the School of Paris: who really made the most important art after World War II? 64

## **PART II**

### **The life cycles of modern painters: evidence from auction markets 85**

- 5 The market evaluation of fine art: the case of modern painting 87
- 6 The life cycles of modern artists 95

**PART III**

**Markets and artists' behavior** **105**

- 7 Masterpieces and markets: why the most famous modern paintings are not by American artists 107
- 8 The reappearing masterpiece: ranking American artists and art works of the late twentieth century 126

**PART IV**

**Life cycles of artistic creativity: beyond painting** **143**

- 9 Literary life cycles: measuring the careers of modern American poets 145
- 10 A portrait of the artist as a young or old innovator: measuring the careers of modern novelists 171
- 11 A portrait of the artist as a very young or very old innovator: creativity at the extremes of the life cycle 206
