CHAPTER 1	INTRODUCTION: EXPLAINING GROWTH IN THE MIDDLE EAST	1
	<i>Jeffrey B. Nugent and M. Hashem Pesaran</i>	

1	Coverage of the book	1
2	Limitations and omissions	4
3	Cross-country heterogeneity in the MENA region	6
4	Inter-linkages within the MENA region	8
5	Growth and volatility in MENA compared to other regions	14
6	Growth and volatility across MENA countries	18
7	Contributed papers	19
	References	26

PART I: THE MAIN THEMES IN THE MENA REGION AS A WHOLE

CHAPTER 2	DETERMINANTS OF GROWTH IN THE MENA COUNTRIES	31
	<i>Samir Makdisi, Zeki Fattah and lined Limam</i>	

1	Introduction	32
2	Growth record of the MENA region	33
3	MENA economic growth in a global context	37
	3.1. Cross-country regression	37
	3.2. Growth accounting in international perspective	46
4	Explaining intraregional MENA growth performance	53
5	Concluding remarks	56
	Acknowledgements	57
	References	57

CHAPTER 3	A REEXAMINATION OF THE POLITICAL ECONOMY OF GROWTH IN THE MENA COUNTRIES	61
	<i>Hadi Salehi Esfahani</i>	

1	Introduction	62
2	A framework for analyzing the political economy of growth	66
	2.1. Resources	67
	2.2. Politics	68
	2.3. Institutions	71
	2.4. Dynamics in the political economy of growth	75
3	MENA's growth experience: the roles of resources, politics, and institutions	78
	3.1. Natural resource rents	78
	3.2. Heterogeneity and polarization	83
	3.3. Geopolitical rents and threats and the role of military	86
	3.4. Authoritarianism	87
	3.5. Human capital	93
	3.6. Administrative and judicial institutions	94
4	Conclusion	95
	Acknowledgments	97
	References	97
	Appendix	101

CHAPTER 4	FINANCIAL DEVELOPMENT AND ECONOMIC GROWTH IN THE MENA COUNTRIES	103
	<i>Hasan Ersel and Magda Kandil</i>	

1	Introduction	104
2	Financial development and economic growth: direct contribution	105
	2.1. Resource mobilization function	106
	2.2. Resource allocation function	109
	2.3. Operational efficiency	111
	2.4. Economic growth and financial development indicators	113
3	Indirect contribution of financial markets to growth: the effectiveness of economic policy	116
	3.1. Monetary policy design	119
	3.2. Time-series results	123
	3.3. Policy design and the effects of monetary growth	125
4	Summary and policy recommendations	126
	Acknowledgments	131
	References	131
	Appendix	133

CHAPTER 5	LABOR MARKETS AND ECONOMIC GROWTH IN THE MENA REGION	137
	<i>Christopher A. Pissarides and Marie Ange Veganzones- Varoudakis</i>	

1	Introduction: the growth context	138
2	Human capital and economic growth	139
	2.1. Human capital definitions	139
	2.2. Growth theory	140
	2.3. Growth accounting	143
3	Labor market structure	147
	3.1. Static efficiency	147
	3.2. Institutional foundations	151
	3.3. Market flexibility	152
4	Acquisition of skills	153
5	Conclusions	154
	References	156

CHAPTER 6	MICROECONOMICS OF GROWTH IN MENA: THE ROLE OF HOUSEHOLDS	159
	<i>Djavad Salehi-Isfahani</i>	

1	Introduction	160
	1.1. The role of urban households	161
2	Economic and social environment	164
	2.1. Natural endowments and climate	165
	2.2. Trade shocks	165
	2.3. Institutional environment	166
3	Household decisions	173
	3.1. Household time allocation	173
	3.2. Human capital	181
	3.3. Savings	186
4	Conclusions	188
	Acknowledgments	190
	References	190

PART II: COUNTRY-SPECIFIC STUDIES

CHAPTER 7	SOURCES OF ECONOMIC GROWTH AND TECHNICAL PROGRESS IN EGYPT: AN AGGREGATE PERSPECTIVE	197
	<i>Hanaa Kheir-El-Din and Tarek Abdelfattah Moursi</i>	

1	Introduction	198
---	--------------	-----

2	Total factor productivity estimates (1960-1998)	200
3	Role of input changes and technical progress in economic growth	204
	3.1. Role of physical inputs	204
	3.2. Role of technical progress	211
4	Relation between technical progress and selected macroeconomic indicators	214
5	Conclusion: reflection on sources of economic growth in Egypt (1960-1998)	223
	Acknowledgments	225
	References	225
	Appendix A: Review of the methods used to estimate the APF	227
	Appendix B: Source of data	235

CHAPTER 8 SOURCES OF GROWTH AND THE OUTPUT GAP FOR THE TURKISH ECONOMY 237

Kivilcim Metin Ozcan, Umit Ozlale and Cagn Sankaya

1	Introduction	238
2	An overview of the Turkish economy from a growth perspective	239
	2.1. Inward-oriented strategy: 1963-1980 period	239
	2.2. The 1980s and the 1990s	241
	2.3. The millennium onward	242
3	Comparison with the MENA countries	246
4	Macroeconomic policies and the financial crises	250
	4.1. The 1994 currency crisis	250
	4.2. The 2001 financial crisis	251
	4.3. Fiscal dynamics	252
	4.4. Liberalization of the financial markets	253
5	Output gap and business cycle characteristics	254
	5.1. Role of short-term capital flows	255
	5.2. Business cycle facts for Turkey	259
6	Conclusion	261
	References	261
	Appendix A: The output gap estimation for the Turkish economy	264
	Appendix B: Robustness tests with the output gap measure from Dees et al. (2005)	265

CHAPTER 9 ECONOMIC GROWTH AND ECONOMIC POLICY IN IRAN: 1950-2003 267

Ahmad R. Jalali-Naini

1	Introduction	268
2	Aggregate growth performance and sectoral growth patterns: 1950-2003	268

3	Stylized facts of growth	269
	3.1. Grand ratios and structural change	272
	3.2. Persistence of factor accumulation and divergence in growth rates	274
	3.3. Growth volatility and shock persistence	277
4	Sources of growth: factor accumulation or productivity	279
	4.1. HC and TFP	281
5	Economic policy, strategy, and growth performance during 1950-2003	283
	5.1. High growth years: 1959-1977	284
	5.2. The revolution and war: 1978-1987	285
	5.3. Post-war economic growth and policy shift: 1988-2003	287
6	Oil, rent-seeking, and economic growth	297
7	Summary and conclusion	299
	Acknowledgments	301
	References	301

CHAPTER 10	THE POLITICAL ECONOMY OF DEVELOPMENT POLICY IN TUNISIA	307
	<i>Mohamed Z. Bechri and Sonia Naccache</i>	

1	Introduction	308
2	Policy episodes and the political economy approach	308
	2.1. Policy episodes: 1956-2004	308
	2.2. Political economy approach	311
3	Establishment of a State-led economy (1956-1969)	314
	3.1. Political setup and interest groups	314
	3.2. Representation, coordination, and commitment	316
	3.3. Policy choices	317
	3.4. Rise and fall of collectivism	318
4	The two-track strategy	322
	4.1. Offshore Company Law and export promotion	322
	4.2. Financial repression and exchange controls	322
	4.3. Role of interest groups	323
5	Economic populism and the crisis-triggered reforms of the 1980s	326
	5.1. Political and economic setup	326
	5.2. Crisis-triggered reforms of 1986	328
	5.3. Post-adjustment uncertainties (1992-1994)	330
	5.4. The association agreement with the European union	330
6	Conclusion	332
	References	333

**CHAPTER 11 ALGERIA'S MACROECONOMIC
PERFORMANCES FROM 1962 TO 2000** 335
*Mohamed Abdelbasset Chemingui and Moataz Mostafa
El-Said*

1	Introduction	336
2	Overview of Algeria's economic growth	337
2.1.	1962-1973: High but unstable economic growth	338
2.2.	1974-1986: Macroeconomic instability, difficult adjustments, and volatile economic growth	339
2.3.	1987-1994: Structural adjustment programs and economic recession period	340
2.4.	1995-2000: A new wave of economic reforms and economic growth	341
3	Sources of economic growth in Algeria: a growth accounting exercise	342
3.1.	Contribution of labor and capital to economic growth	343
3.2.	TFP and its contribution to economic growth	345
4	Structural weaknesses in the Algerian economy	347
4.1.	Weak institutions and administrative capacity	348
4.2.	High external debt and debt servicing	349
4.3.	High inflation rate	350
4.4.	Low labor productivity and the mismatch between the education and training system	351
4.5.	Underdeveloped banking sector	353
4.6.	Inadequate infrastructure	355
5	Conclusion and policy options	355
	Acknowledgments	356
	References	356

**CHAPTER 12 EXPLAINING GROWTH IN AN OIL-
DEPENDENT ECONOMY: THE CASE OF THE
UNITED ARAB EMIRATES** 359
Adam B. Elhiraika and Annas H. Hamed

1	Introduction	360
2	Performance of the UAE economy	361
2.1.	Domestic investment	364
2.2.	Domestic savings	365
2.3.	Export growth	365
2.4.	Financial development	366
2.5.	Human capital development	366
2.6.	Macroeconomic stability	366

3	UAE growth in regional perspectives	367
	3.1. Growth accounting framework	367
	3.2. Econometric model of the determinants of UAE growth	370
4	Markets and institutions	375
	4.1. Labour market	376
	4.2. Financial markets and institutions	378
	4.3. Investment climate	379
5	Conclusion and policy implications	380
	Acknowledgments	382
	References	382

CHAPTER 13	INSTITUTIONS, HOUSEHOLD DECISIONS, AND ECONOMIC GROWTH IN EGYPT	385
	<i>Ragui Assaad</i>	

1	Introduction	385
2	Growth implications of the demographic transition	387
3	Institutional context and investments in educational human capital	390
	3.1. Expenditures on education and school enrollment	390
	3.2. Role of the state as a dominant employer of educated workers	393
	3.3. Effects of the graduate employment guarantee on human capital acquisition and rates of return to schooling	395
	3.4. "Entrapment" of graduates in the public sector	401
4	Gender norms and barriers to entry for women in the private sector	402
	4.1. Female participation in the Egyptian labor market in the 1990s	404
	4.2. Barriers to private sector employment for women	406
5	Conclusions	407
	Acknowledgments	409
	References	409
