Ageing and Transport

MOBILITY NEEDS AND SAFETY ISSUES

OECD ((l

ORGANISATION FOR ECONOMIC CO-OPERATION AND DEVELOPMENT

TABLE OF CONTENTS

Executive Summary 9

Chapter **1. The Ageing Society** 17

Introduction 17
Demographic factors 17
Ageing and disability 22
Conclusions and key points 25

References 26

Chapter 2. **Travel Patterns** 27

Introduction 27
Travel patterns and lifestyle in different groups of older people 28
The use of information and communication technology 34
Conclusions and key points 34

References 36

Chapter 3. **Safety of Older Road Users** 39

Introduction 39
A brief history of research on the safety of older drivers 39
Older road users' crash trends 40
The fragility of older people 43
Older drivers' safety problems 44
Older drivers and behavioural adaptations 48
Older drivers, functional changes and accident risk 48
Older drivers and future developments 49
Older pedestrians 51
Chapter conclusions and key points 52

References 54

Chapter 4. **Infrastructure** 57

Introduction 57
Balance in the road and street environment 57
Infrastructure for older drivers 58
Infrastructure for older pedestrians 60
Infrastructure for other older road users 62
Public transport infrastructure 63
Conclusions and key points 64

References 66

Chapter 5. **Vehicle Design** 69

Introduction 69
Designing the car for older users 69
Designing other vehicles for older users 71

©OECD200I

Crashworthiness and occupant protection 75
Conclusions and key points 78

References 79

Chapter 6. **Managing Older Drivers** 81

Introduction 81
Driver programmes 81
Remedial options for impaired older drivers 84
Model licensing procedures for older drivers 87
Conclusions and key points 89

References 91

Chapter 7. **Alternatives to the Car** 93

Introduction 93
A family of mobility options 94
Walking and assisted walking 95
Cycling 96
Public transport 96
Paratransit 99
Taxis and car schemes 99
Information 100
Conclusions and key points 101

References 102

Chapter 8. **Land Use** 105

Introduction 105
Location and scale of facilities 105
Ageing in place 105
National policies on land use 107
Detailed design issues 107
Traffic management 107
Planning processes 108
Conclusions and key points 108

References 110

Chapter 9. **Education, Publicity and Training** 111

Introduction **11**
Assessing the situation .....
Goals and objectives **13**
Target groups **13**
Strategies and approaches ... **15**
Methods and best practices. **16**
Conclusions and key points.. **18**

References 120

Chapter 10. **Conclusions** 121

Introduction 121
Policy recommendations 121
Research and development recommendations 126
Key issues 127

Reference 129
