Contents

1. Psychological Theories from a Structuralist Point of View:	
A First Introduction	1
<i>Hans Westmeyer</i>	
What is Structuralism?	1
Central Concepts of the Structuralist Approach	3
Applications of the Structuralist Program in Psychology	8
References	10
2. A Reconstruction of Sigmund Freud's Early Theory of the Unconscious	13
<i>Wolfgang Balzer and Phillio Marcou</i>	
Freud's Basic Picture	15
Potential Models and Models	17
Neurosis	20
Constraints, Links, Measuring Models	22
Intended Applications	25
Empirical Claim and Confirmation	27
References	30
3. Festinger's Theory of Cognitive Dissonance:	
A Revised Structural Reconstruction	33
<i>Rainer Westermann</i>	
The Basic Element	34
Some Informal Set-Theoretical Formulations	34
Models and Potential Models	37
Uniqueness Constraints	40
A Theory-Net	41
Intra-Theoretical Relations	41
Part E of the Theory-Net: Consequences of Decisions	45
Part F of the Theory-Net: Forced Compliance Dissonance	50
Theoretical and Non-Theoretical Terms	53
Theory and Experiment	56
References	60

4. A Net of Psychological Utility Theories	63
<i>Ekkehard Stephan</i>	
Introduction	63
The Theory-Net	64
Overview	65
General Theory of Utility Maximizing (GUM)	67
Additive General Theory of Utility Maximizing (AGUM)	69
Maximin Theory (MT)	72
Theory of Subjective Expected Utility (SEU)	74
Prospect Theory (PT)	82
Theories of Objective Expected Utility (OEU) and of Subjective Expected Value (SEV)	84
General Theory of Achievement Motivation (GAM)	87
Resultant Valence Theory (RVT)	92
Risk-Taking Theory (RTT)	93
Testability of Achievement Motivation Theories	94
Concluding Discussion	96
Technical Appendix	97
Specialization	97
De-Theoretization	98
Differentiation	99
References	100
5. Anderson's Theory of Cognitive Architecture (ACT*): Towards a Structuralist Reconstruction of Some Important Theory-Elements	103
<i>Elke Heise and Rainer Westermann</i>	
The Basic Element	104
The Potential Models of ACT*-B	104
The Models of ACT*-B	109
An Experimental Element	112
The Potential Models of FR-74	112
The Models of FR-74	113
The Central Element	115
The Potential Models of ACT*-C	115
The Models of ACT*-C	117
A Preliminary Theory-Net	123
References	126
6. Structuralism as a Method of Theory Construction: The Example of the Social Psychological Role Conflict Theory	129
<i>Martti Kuokkanen</i>	
Some General Methodological Notes	129
The Role Conflict Theory	129
The Effects of Legitimation of Expectations on Behavior	130
The Effects of Sanction of Expectations on Behavior	131

The Compound Effects of Legitimation and Sanction on Behavior	132
The Pure Moral Orientation of Expectation	133
The Pure Expedient Orientation of Expectation	134
The Mixed Orientation of Expectation	134
The Applications of the Role Conflict Theory	135
The Generalization of the Role Conflict Theory	135
A Generalized Version of the Role Conflict Theory	135
A Theory-Net for GRCT	139
A Generalized Theory-Element of Role Conflict Theory with Different Degrees of Justification	142
General Conclusions	144
References	144

7. The Theory of Behavior Interaction: A Structuralist Construction of a Theory and a Reconstruction of its Theoretical Environment	145
<i>Hans Westmeyer</i>	
Basic Concepts and Assumptions of the Theory	145
The Conceptual Apparatus of the Theory of Behavior Interaction	147
Important Defined Concepts of the Theory	148
Additional Concepts	151
Theory-Element "Behavior Interaction"	152
Specialization 1 of the Theory-Element	154
Theory-Element "Behavior Interaction in Small Groups"	157
Specialization 1 of the Theory-Element	158
Theory-Element "Behavior Interaction in Dyads"	160
Specialization 1 of the Theory-Element	164
Specialization 2 of the Theory-Element	165
Specialization 3 of the Theory-Element	166
Specialization 4 of the Theory-Element	167
Theory-Element "Behavior Interaction in Triads"	162
Links to the Theory of Behavior Interaction	168
Theory-Element "Indifference Structure"	170
Specialization 1 of the Theory-Element	172
Specialization 2 of the Theory-Element	172
Specialization 3 of the Theory-Element	173
Specialization 4 of the Theory-Element	174
Link to the Theory of Indifference Structures	175
Theory-Element "Coding Structure"	176
Specialization 1 of the Theory-Element	178
Specialization 2 of the Theory-Element	179
Link to the Theory of Coding Structures	180
Theory-Element "Observation Structure"	181
The Theory of Behavior Interaction as Part of a Theory-Holon	182
References	184

8. Interruption of Action and Stress: A Structuralist Approach	187
<i>Heinz Holling and Reinhard Suck</i>	
Introduction	187
Intended Applications	188
Basic Theory-Element	189
Potential Models and Models Concerning Stress by Waiting Times	190
Variability Hypothesis	191
Variability Hypothesis and Exponential Distributions	192
Duration Hypothesis	193
Theoreticity and Statistical Testing	193
Appendix: Proofs of the Theorems 3, 8, 9, 14, 15, and 25	195
References	202
Author Index	203
Subject Index	207
List of Contributors	213
