

Cognition and conditionals

Probability and logic in human thinking

Edited by

Mike Oaksford

Professor of Psychology
Department of Psychological Sciences
Birkbeck College London

Nick Chater

Professor of Cognitive and Decision Sciences
Department of Cognitive,
Perception and Brain Sciences
University College London

OXFORD
UNIVERSITY PRESS

Contents

Contributors *vii*

Part 1 **Introduction**

- 1 Cognition and conditionals: An introduction 3
Mike Oaksford and Nick Chater

Part 2 **Working memory: Function, representation, and process**

Logic

- 2 The mental logic theory of conditional propositions 39
David O'Brien and Andrea Manfrinati
- 3 Conditionals and possibilities 55
Ruth M.J. Byrne and Philip N. Johnson-Laird
- 4 Logic and/in psychology: The paradoxes of material
implication and psychologism in the cognitive science of human reasoning 69
Walter Schroyens
- 5 The logical response to a noisy world 85
Keith Stenning and Michiel van Lambalgen

Probability

- 6 Conditionals and probability 103
Vittorio Girotto and Philip N. Johnson-Laird
- 7 Causal discounting and conditional reasoning in children 117
Nilufa Ali, Anne Schlottmann, Abigail Shaw, Nick Chater, and Mike Oaksford
- 8 Conditionals and non-constructive reasoning 135
David E. Over, Jonathan St. B.T. Evans, and Shira Elqayam
- 9 The conditional in mental probability logic 153
Niki Pfeifer and Gernot D. Kleiter

Part 3 **Long term memory: Function, representation, and process**

Logic

- 10 Semantic memory retrieval, mental models,
and the development of conditional inferences in children 177
Henry Markovits
- 11 Counterexample retrieval and inhibition during
conditional reasoning: Direct evidence from memory probing 197
Wim De Neys

Probability

- 12 How semantic memory processes temper causal inferences 207
Denise Cummins
- 13 A successive-conditionalization approach to conditional reasoning 219
In-mao Liu
- 14 Pragmatic conditionals, conditional pragmatics,
and the pragmatic component of conditional reasoning 233
Jean-François Bonnefon and Guy Politzer

Part 4 **Integrative approaches**

- 15 Reasoning with conditionals in artificial intelligence 253
Robert Kowalski
- 16 Towards a reconciliation of mental
model theory and probabilistic theories of conditionals 289
Sonja M. Geiger and Klaus Oberauer
- 17 Conditional inference and constraint satisfaction:
Reconciling mental models and the probabilistic approach 309
Mike Oaksford and Nick Chater
- 18 Towards a metacognitive dual process theory of conditional reasoning 335
Valerie A. Thompson
- 19 A multi-layered dual-process approach to conditional reasoning 355
Niki Verschueren and Walter Schaeken
- 20 Two aspects of reasoning competence:
A challenge for current accounts and a call for new conceptual tools 371
Guy Politzer and Jean-François Bonnefon

Part 5 **Epilogue**

- 21 Open issues in the cognitive science of conditionals 389
Nick Chater and Mike Oaksford
