CONTENTS

Preface	xvii
---------------	------

SECTION I: CURRENT TRENDS IN *NEOTYPHODIUM* RESEARCH AND APPLICATION

1 <i>Neotyphodium</i> Research and Application	3
1.1 Current Trends in the USA	3
<i>Henry A. Fribourg and John C. Waller</i>	
1.2 Current Trends in Europe	23
<i>Iñigo Zabalgogezcoa and Sylvie Bony</i>	
1.3 Current Trends in New Zealand	35
<i>Syd Easton and Brian Tapper</i>	
1.4 Current Trends in Australia	43
<i>K. F. M. Reed, C. J. Scrivener, K. A. Rainsford, and L. V. Walker</i>	
1.5 Current Trends in Japan	55
<i>Koya Sugawara, Takuya Shiba, and Masayuki Yamashita</i>	
1.6 Current Trends in South America	65
<i>Jose De Battista</i>	

SECTION II: MOLECULAR BIOLOGY OF *NEOTYPHODIUM*

2 Biosynthesis of Ergot and Loline Alkaloids	75
<i>Christopher L. Schardl and Daniel G. Panaccione</i>	
Ergot Alkaloids	75
Loline Alkaloids	82
3 Molecular and Genetic Analysis of Lolitrem and Peramine Biosynthetic Pathways in <i>Epichloë festucae</i>	93
<i>Barry Scott, Carolyn Young, Aiko Tanaka, Michael Christensen, Brian Tapper, and Gregory Bryan</i>	
Endophyte Synthesis of Bioprotective Metabolites	94
<i>Epichloë festucae</i> as a Model Experimental System for	
Genetic Analysis of Endophytes	95
Genetics and Molecular Cloning of a Peramine Biosynthesis Gene Cluster	96
Molecular Cloning and Genetic Analysis of a Gene Cluster for Paxilline Biosynthesis	97
Molecular Cloning and Genetic Analysis of a Gene Cluster for Lolitrem Biosynthesis	98

4	Gene Discovery and Microarray-Based Transcriptome Analysis of the Grass–Endophyte Association	103
	<i>German C. Spangenberg, Silvina A. Felitti, Kate Shields, Marc Ramsperger, Pei Tian, Eng Kok Ong, Daniel Singh, Erica Logan, and David Edwards</i>	
	Biology of Grass–Endophyte Symbioses	103
	Fungal Genomics	104
	Gene Discovery in <i>Epichloë–Neotyphodium</i> Endophytes	107
	Discovery of EST-Derived SSR and SNP Markers	109
	Fungal Transcriptomics	110
	Microarray-Based Transcriptome Analysis	115
5	Molecular Genetic Marker-Based Analysis of the Grass–Endophyte Symbiosis	123
	<i>Eline van Zijll de Jong, Kevin F. Smith, German C. Spangenberg, and John W. Forster</i>	
	Development and Characterization of SSR Systems	125
	Analysis of Intraspecific Genetic Diversity	128
	Phylogenetic Analysis	132
	Co-Genotyping of Grass–Endophyte Symbioses	133

SECTION III: ECOLOGY AND AGRONOMY

6	A Hierarchical Framework for Understanding the Ecosystem Consequences of Endophyte–Grass Symbioses	141
	<i>Marina Omacini, Enrique J. Chaneton, and Claudio M. Ghersa</i>	
	A Hierarchical Approach to Endophyte Impacts on Ecosystem Functioning	142
	Endophyte Effects at the Host Plant Level	144
	Endophyte-Driven Dynamics at the Neighborhood Level	148
	Endophyte Impacts on Community-Level Dynamics	154
	Future Challenges	157
7	Biotic Responses in Endophytic Grasses	163
	<i>Alison J. Popáý and Stacy A. Bonos</i>	
	Biotic Responses in Wild Grasses	164
	Invertebrate Responses in Forage and Turf Grasses	167
	Plant Pathogen Responses in Turf and Forage Grasses	172
	Multitrophic Interactions	173
	Factors Affecting Biotic Responses	174
8	Abiotic Stresses in Endophytic Grasses	187
	<i>D. P. Malinowski, D. P. Belesky, and G. C. Lewis</i>	
	Drought Stress	188
	Light Stress	190
	Mineral Stress	191
	Novel Endophytes and Abiotic Stress Tolerance in Cool-Season Grasses	193

9 Growth and Management of Endophytic Grasses in Pastoral Agriculture.....	201
<i>David E. Hume and David J. Barker</i>	
Endophyte Contamination in Pastures	202
Sources of Contamination with Toxic Endophyte-Infected Perennial Ryegrass and Tall Fescue.....	209
Factors to Consider in Selecting the Right Endophyte Option.....	218

SECTION IV: ANIMAL TOXICOSES

10 Managing Ryegrass–Endophyte Toxicoses	229
<i>Lester R. Fletcher</i>	
Confirming the Safety and Animal Productivity on AR1 Pastures	229
Ryegrass Staggers in the Absence of Lolitrem B	230
Managing Risk.....	233
Minimizing the Impact of Endemic Endophyte in Grazing Systems	233
11 Interaction between Thermal Stress and Fescue Toxicosis: Animal Models and New Perspectives	243
<i>Donald E. Spiers, Tim J. Evans, and George E. Rottinghaus</i>	
Relationship between Fescue Toxicosis and Environmental Conditions	243
Thermoregulatory Terminology.....	244
Animal Models and Control System Terminology	247
Application of Animal Models to Fescue Toxicosis	248
Short-Term Responses: Bovine and Rodent Models.....	250
Long-Term Responses: Bovine and Rodent Models.....	255
Use of Bovine and Rodent Models to Evaluate New Approaches to Reduce the Impact of Fescue Toxicosis on Thermoregulatory Ability	260
12 Absorption of Ergot Alkaloids in the Ruminant.....	271
<i>Nicholas S. Hill</i>	
Structure of Ergot Alkaloids	272
Drug Absorption in Monogastrics.....	274
Partitioning Coefficients	276
Ruminal Metabolism and Absorption of Ergot Alkaloids.....	282
13 Pathophysiologic Response to Endophyte Toxins.....	291
<i>Jack W. Oliver</i>	
Clinical Signs/Syndromes.....	291
Physiological Manifestations of Endophyte Toxicosis	293
14 Integrating Genetics, Environment, and Management to Minimize Animal Toxicoses.....	305
<i>John A. Stuedemann and Dwight H. Seman</i>	
Impact of Endophyte-Infested Tall Fescue on Animal Response	306
Strategies for Reducing or Alleviating the Effects of Endophyte-Infested Fescue	308
The Role of Producer Expectations or Goals.....	317

SECTION V: TECHNOLOGY TRANSFER AND QUALITY ASSURANCE

15 Endophytes in Forage Cultivars.....	327
<i>Joe Bouton and Syd Easton</i>	
Endemic Situation in Tall Fescue	327
Endemic Situation in Perennial Ryegrass	329
Reinfection of Elite Cultivars with Novel Endophytes	330
Technical Requirements during Development and Commercialization of Endophytes	333
Future.....	335
16 Endophytes in Turfgrass Cultivars	341
<i>Leah A. Brilman</i>	
Endophyte Benefits for Turf.....	342
Challenges in Implementing Endophytic Benefits in Turf	344
Future Research and Direction	347
17 Endophytes, Quality Assurance, and the Seed Trade in Eastern Australia.....	351
<i>W. M. Wheatley</i>	
Perennial Ryegrass.....	352
Tall Fescue.....	353
Spread of Endophyte.....	353
Endophyte Viability in Seed	353
Government Policy and Endophytes.....	354
Endemic Endophyte in Seed Lines	354
Selected Endophytes.....	356
Packaging and Storage of Seed with Endophytes	357
Endophyte-Free Seed.....	357
Producer Expectations	358
Seed Industry	358
18 Public Education on Tall Fescue Toxicosis	361
<i>Craig Roberts and John Andrae</i>	
Co-Workers and Cow-Workers: What Do Specialists Recommend, and What Will Producers Adopt?.....	362
The Witch's Brew	369
Proposed Educational Approaches.....	373
