

# Seabuckthorn

(*Hippophae* L.)

## A Multipurpose Wonder Plant

Vol. I: Botany, Harvesting and Processing Technologies

*Editor-in-Chief*

**Virendra Singh**

*Editors*

H. Kallio (Finland), R.C. Sawhney, R.K. Gupta (India)  
Lu Rongsen (China), I.P. Eliseev, S.N. Khabarov, M.A. Korovina  
G.M. Skuridin and N.S. Shchapov (Russia)

**INDUS**  
PUBLISHING COMPANY

## Contents

|  |   |
|--|---|
| <i>Foreword</i>  | 5 |
| <i>Preface</i>   | 7 |
| Professor Arne Rousi—A cultural messenger of science<br><i>H. Kallio (Finland)</i> | 9 |

### DISTRIBUTION AND TAXONOMY

|  |    |
|--|----|
| 1. Geographical adaptation and distribution of seabuckthorn resources<br><i>V. Singh (India)</i>   | 21 |
| 2. Taxonomy of seabuckthorn ( <i>Hippophae</i> L.)<br><i>L. Yongshan, C. Xuelin and L. Hong (China)</i>  | 35 |
| 3. Phylogeny of seabuckthorn ( <i>Hippophae</i> L.)<br><i>J. Hyvonen (Finland)</i>   | 47 |
| 4. Application of molecular markers to study the systematics, phylogeny,<br>biogeography, genetic diversity and population genetics of <i>Hippophae</i> L.<br><i>I.V. Bartish and N. Jeppsson (Sweden)</i> | 64 |
| 5. Morphological variations in the fruits of seabuckthorn<br>( <i>Hippophae rhamnoides</i> L.) in different regions of CIS states<br><i>M.A. Korovina and V.A. Fefelov (Russia)</i>                        | 72 |
| 6. Correlations of biological characteristics in seabuckthorn<br><i>A.F. Lebeda (Ukraine)</i>  | 84 |

### FLOWERING AND EMBRYOLOGY

|  |     |
|--|-----|
| 7. Biology of flowering, pollination and fertilization in seabuckthorn<br><i>V.A. Fefelov and V.V. Selekhov (Russia)</i> | 99  |
| 8. Embryology of seabuckthorn ( <i>Hippophae rhamnoides</i> L.)<br><i>O.P. Kamelina and O.B. Proskurina (Russia)</i>     | 105 |

## INTRODUCTION AND BREEDING

9. Research on the introduction of seabuckthorn varieties in north Russia 125  
*N. Demidova (Russia)*
10. Introduction of seabuckthorn (*Hippophae rhamnoides* L.) in Belarus 137  
*I.M. Garanovich (Belarus)*
11. Methods of seabuckthorn breeding 152  
*V.A. Fefelov and V.V. Selekhev (Russia)*
12. Breeding of seabuckthorn (*Hippophae rhamnoides* L.) in Novosibirsk region 157  
*A.M. Belykh (Russia)*
13. Seabuckthorn culture in the Botanical Garden of the Moscow State University 165  
*N.A. Aksenova and V.S. Dolgacheva (Russia)*
14. Evaluation of seabuckthorn strains in various places of Siberia 170  
*V.F. Severin and T.F. Kornienko (Russia)*
15. Research on seabuckthorn (*Hippophae rhamnoides* L.) in Germany 178  
*H.J. Albrecht (Germany)*
16. Breeding of seabuckthorn (*Hippophae rhamnoides* L.) in China 187  
*H. Quan (China)*
17. Mutagenesis breeding of seabuckthorn (*Hippophae rhamnoides* L.) 194  
*G.F. Privalov, L.P. Solonenko and G.M. Skuridin (Russia)*
18. Effects of ionizing radiation on seabuckthorn (*Hippophae rhamnoides* L.) 211  
*I.P. Eliseev and M.A. Korovina (Russia)*

## GENETICS

19. Karyotypic analysis of seabuckthorn (*Hippophae rhamnoides* L.) 217  
*N.S. Shchapov (Russia)*
20. Apomixis manifestation in seabuckthorn (*Hippophae rhamnoides* L.) 222  
*T.N. Kuznetsova, M.A. Prozorovskaya and Y.A. Ambarova (Russia)*
21. Experimental polyploids of seabuckthorn (*Hippophae rhamnoides* L.) 227  
*N.S. Shchapov (Russia)*
22. Parthenocarpy in seabuckthorn (*Hippophae rhamnoides* L.) 237  
*N.S. Shchapov (Russia)*

## PHYSIOLOGY

23. Environmental influences of introduction conditions on water physiology of seabuckthorn in relation to plant tolerance 243  
*M.A. Korovina (Russia)*

|     |   |     |
|-----|---|-----|
| 24. | Water physiology and drought tolerance of seabuckthorn<br><i>R.C. Jiang and X.Q. Liang (China)</i>                              | 264 |
| 25. | Studies on some factors influencing frost tolerance of seabuckthorn<br><i>V.G. Igoshina and V.V. Selekhov (Russia)</i>          | 273 |
| 26. | Productivity of seabuckthorn in relation to climatic factors<br><i>V.G. Igoshina, E.E. Yufimycheva and I.S. Isaeva (Russia)</i> | 281 |
| 27. | Nitrogen fixation in seabuckthorn ( <i>Hippophae rhamnoides</i> L.)<br><i>R.K. Gupta and V. Singh (India)</i>                   | 286 |
| 28. | Abscission of seabuckthorn ( <i>Hippophae rhamnoides</i> L.) fruit<br><i>V.I. Demenko (Russia)</i>                              | 300 |

### PROPAGATION

|     |  |     |
|-----|--|-----|
| 29. | Propagation of seabuckthorn ( <i>Hippophae rhamnoides</i> L.)<br><i>V. Singh and R.K. Gupta (India)</i>                    | 315 |
| 30. | Propagation of seabuckthorn ( <i>Hippophae rhamnoides</i> L.) from seeds<br><i>V.A. Fefelov and V.V. Selekhov (Russia)</i> | 334 |
| 31. | Studies on micro-propagation in seabuckthorn ( <i>Hippophae rhamnoides</i> L.)<br><i>R.K. Gupta and V. Singh (India)</i>   | 338 |

### PLANTATION AND MANAGEMENT

|     |   |     |
|-----|---|-----|
| 32. | Elements of commercial cultivation technology of seabuckthorn<br>( <i>Hippophae rhamnoides</i> L.) in Siberia Russia<br><i>S.N. Khabarov (Russia)</i> | 347 |
| 33. | Plantation and management technologies of seabuckthorn<br><i>V. Singh (India)</i>   | 352 |
| 34. | Propagation, plantation and management of seabuckthorn<br>( <i>Hippophae rhamnoides</i> L.)<br><i>V.S. Dolgacheva and N.A. Aksenova (Russia)</i>      | 360 |
| 35. | Application of herbicides in seabuckthorn nurseries and plantations<br><i>V.N. Levandovsky (Russia)</i>   | 365 |

### DISEASES, PESTS AND CONTROL MEASURES

|     |   |     |
|-----|---|-----|
| 36. | Aetiology of seabuckthorn ( <i>Hippophae rhamnoides</i> L.) drying<br><i>L.A. Ischenko and I.N. Chesnokova (Russia)</i> | 371 |
| 37. | Pathological management of seabuckthorn woodlands<br><i>Y.S. Paul (India)</i>   | 378 |

38. Insect-pests of seabuckthorn and their control measures 383  
*P.C. Sharma (India)*
39. Ecological basis of protection of seabuckthorn 390  
*(Hippophae rhamnoides L.)*  
*R.M. Amsheev (Russia)*

#### ENVIRONMENTAL CONSERVATION

40. Seabuckthorn for the control of soil erosion in mountainous lands 401  
*W. Qinxiao and Z. Hongyan (China)*
41. Stabilization of slopes and watersheds by seabuckthorn 409  
*(Hippophae rhamnoides L.) in arid and semi-arid areas of China*  
*B. Cifen and Z. Guangyao (China)*
42. Seabuckthorn for the improvement of microclimate and soil properties of 417  
 mountainous wastelands in arid and semi-arid China  
*G.Z. Sheng (China)*

#### HARVESTING TECHNOLOGIES

43. Harvesting technologies of seabuckthorn fruits 435  
*R.K. Gupta and V. Singh (India)*
44. Harvesting of seabuckthorn fruits in Mongolia 443  
*Ch. Avdai and G. Chimed-Ochir (Mongolia)*
45. Mechanical harvesting of seabuckthorn in Siberia 448  
*N.V. Mikhailova (Russia)*

#### PROCESSING TECHNOLOGIES

46. Technologies for processing the seabuckthorn fruit juice 453  
*W.B. Ying (China)*
47. Processing of buckthorn berries for juice and oil extraction 466  
*Ch. Avdai and G. Chimed-Ochir (Mongolia)*
48. Industrial utilization of seabuckthorn in Russia 471  
*Yu.A. Koshelev, V.A. Mirenkov and L.D. Agheeva (Russia)*
49. Health protection function and processing technology of seabuckthorn tea 475  
*C. Xing (China)*
50. Seabuckthorn (*Hippophae rhamnoides L.*) fruit residue flour 479  
 for production of quality food products  
*G.Ts. Tsybikova, D.Ts. Tsybikova and A.A. Dorzhiyeva (Russia)*

## MISCELLANEOUS

- |     |  |     |
|-----|--|-----|
| 51. | Seabuckthorn research and development in Canada<br><i>T.S.C. Li (Canada)</i>   | 485 |
| 52. | Research and development of seabuckthorn in Sweden<br><i>N. Jeppsson and V. Trajkovski (Sweden)</i>  | 494 |
| 53. | Research on seabuckthorn in Ladakh<br><i>S.K. Dwivedi and B. Singh (India)</i>   | 499 |
| 54. | Leaf cake of seabuckthorn ( <i>Hippophae rhamnoides</i> L.):<br>A highly valuable additive to fodder<br><i>L.P. Solonenko, Yu.A. Koshelev and L.D. Ageeva (Russia)</i> | 505 |
| 55. | Invasive characteristics of seabuckthorn ( <i>Hippophae rhamnoides</i> ):<br>Its control and management<br><i>R.M. Baker (U.K.)</i>                                    | 509 |
