

**Complexity Management: Optimizing Product Architecture
of Industrial Products**

DISSERTATION
of the University of St. Gallen,
Graduate School of Business Administration,
Economics, Law and Social Sciences (HSG)
to obtain the title of
Doctor of Business Administration

submitted by

Michael Marti

from

Matt (Glarus) and Canada

Approved on the application of

Prof. Fritz Fahrni, PhD

and

Prof. Dr. Thomas Friedli

Dissertation no. 3352

Deutscher Universitäts-Verlag Wiesbaden, 2007

Table of Contents

| | |
|---|--------------|
| Foreword..... | v |
| Preface..... | vii |
| Brief Contents..... | ix |
| Table of Contents..... | xi |
| List of Figures..... | xvii |
| List of Tables..... | xxi |
| List of Acronyms..... | xxiii |
| Management Summary..... | xxv |
| Management Summary (Deutsch)..... | xxvii |
| 1 Introduction..... | 1 |
| 1.1 Problem Statement..... | 1 |
| 1.2 Research Objectives and Research Question..... | 3 |
| 1.3 Reference Frame..... | 5 |
| 1.4 Methodological Approach..... | 5 |
| 1.5 Thesis Structure..... | 9 |
| 2 Background and Fundamental Concepts..... | 13 |
| 2.1 Complexity as a Challenge for Enterprises..... | 13 |
| •2.1.1 The Two Sides of Complexity..... | 14 |
| 2.1.2 External Complexity - Understanding the Market Needs..... | 20 |
| 2.1.3 Internal Complexity - The Cost Side of Complexity..... | 27 |
| 2.2 The Complexity of Systems..... | 33 |
| 2.3 The Importance of Product Architecture..... | 39 |
| 2.3.1 Definition and Implications of Product Architecture..... | 39 |
| 2.3.2 Modular and Integral Product Architectures..... | 43 |
| 2.4 Concluding Remarks..... | 46 |
| 3 Literature Review: Existing Concepts..... | 47 |
| 3.1 Assessment Criteria..... | 47 |
| 3.2 Managing Complexity on a Conceptual Level..... | 48 |

| | | |
|----------|--|-----------|
| 3.2.1 | Mass Customization..... | 49 |
| 3.2.2 | Lean Management..... | 54 |
| 3.2.3 | The Concept of Optimum Variety..... | 57 |
| 3.3 | Tools for Managing Complexity..... | 58 |
| 3.3.1 | Quality Function Deployment (QFD)..... | 59 |
| 3.3.2 | Target Costing..... | 64 |
| 3.3.3 | Design for Variety..... | 68 |
| 3.3.4 | Design for Configuration..... | 69 |
| 3.3.5 | Product Modularization..... | 70 |
| 3.3.6 | Modular Function Deployment..... | 75 |
| 3.3.7 | Product Platforms..... | 77 |
| 3.3.8 | Variant Mode and Effects Analysis..... | 83 |
| 3.3.9 | Variety Reduction Program..... | 86 |
| 3.4 | Assessment Summary..... | 88 |
| 4 | Complexity Management Model..... | 91 |
| 4.1 | Overview..... | 91 |
| 4.2 | Strategy and Product Life Cycle Assessment..... | 92 |
| 4.2.1 | Strategic Considerations..... | 93 |
| 4.2.1.1 | Standardization versus Customization..... | 93 |
| 4.2.1.2 | Porter's (1980) Framework of Generic Strategies..... | 97 |
| 4.2.1.3 | Hybrid Competitive Strategies..... | 99 |
| 4.2.1.4 | Different Strategies for Different Industries..... | 105 |
| 4.2.1.5 | Strategic Considerations: Intermediate Summary..... | 106 |
| 4.2.2 | Product Life Cycle Considerations..... | 107 |
| 4.2.3 | Summary of Strategy and Product Life Cycle Assessment..... | 112 |
| 4.3 | Product Complexity Assessment..... | 114 |
| 4.3.1 | Introduction..... | 114 |
| 4.3.2 | Quantifying Functionality..... | 116 |
| 4.3.3 | Quantifying Physical Complexity..... | 120 |
| 4.3.3.1 | Introduction..... | 120 |
| 4.3.3.2 | Component Variety and Number of Parts..... | 121 |

| | | |
|---------|---|------------|
| 4.3.3.3 | Interface Variety and Number of Interfaces..... | 125 |
| 4.3.3.4 | Calculating Physical Complexity..... | 128 |
| 4.3.4 | Drawing the Complexity Matrix..... | 130 |
| 4.3.5 | Summary of Product Complexity Assessment:..... | 132 |
| 4.4 | Deriving Guidelines for Action..... | 133 |
| 4.4.1 | Introduction..... | 133 |
| 4.4.2 | Basic Norm Strategies..... | 136 |
| 4.4.2.1 | "Lucky Strike" Quadrant..... | 136 |
| 4.4.2.2 | "Stars" Quadrant..... | 137 |
| 4.4.2.3 | "Standard" Quadrant..... | 139 |
| 4.4.2.4 | "Money Burners" Quadrant..... | 140 |
| 4.4.3 | Influence of Strategic Considerations..... | 145 |
| 4.4.4 | Influence of Product Life Cycle Considerations..... | 148 |
| 4.4.5 | Summary of Guidelines for Action..... | 150 |
| 4.5 | Summary of Complexity Management Model..... | 152 |
| 5 | Case Studies..... | 155 |
| 5.1 | Introduction..... | 155 |
| 5.2 | Railroad Signal..... | 156 |
| 5.2.1 | Introduction to the Case..... | 156 |
| 5.2.1.1 | Company Profile..... | 156 |
| 5.2.1.2 | Situation at Beginning of Case Study..... | 156 |
| 5.2.2 | Application of Complexity Management Model..... | 159 |
| 5.2.2.1 | Strategy and Product Life Cycle Assessment..... | 159 |
| 5.2.2.2 | Product Complexity Assessment..... | 160 |
| 5.2.2.3 | Deriving Guidelines for Action..... | 167 |
| 5.2.3 | Result of Optimization..... | 169 |
| 5.2.4 | Discussion..... | 171 |
| 5.3 | Liquid Handling Platform ..'..... | 172 |
| 5.3.1 | Introduction to the Case..... | 172 |
| 5.3.1.1 | Company. Profile..... | 172 |
| 5.3.1.2 | Situation at Beginning of Case Study..... | 173 |

| | | |
|----------|---|------------|
| 5.3.2 | Application of Complexity Management Model..... | 174 |
| 5.3.2.1 | Strategy and Product Life Cycle Assessment..... | 174 |
| 5.3.2.2 | Product Complexity Assessment..... | 177 |
| 5.3.2.3 | Deriving Guidelines for Action..... | 178 |
| 5.3.3 | Result of Optimization..... | 181 |
| 5.3.4 | Discussion..... | 182 |
| 5.4 | Process Industry Compressor..... | 185 |
| 5.4.1 | Introduction to the Case..... | 185 |
| 5.4.1.1 | Company Profile..... | 185 |
| 5.4.1.2 | Situation at Beginning of Case Study..... | 186 |
| 5.4.2 | Application of Complexity Management Model..... | 188 |
| 5.4.2.1 | Strategy and Product Life Cycle Assessment..... | 188 |
| 5.4.2.2 | Product Complexity Assessment..... | 189 |
| 5.4.2.3 | Deriving Guidelines for Action..... | 192 |
| 5.4.3 | Result of Optimization..... | 194 |
| 5.4.4 | Discussion..... | 194 |
| 5.5 | Railroad Switch Lock..... | 197 |
| 5.5.1 | Introduction to the Case..... | 197 |
| 5.5.1.1 | Company Profile..... | 197 |
| 5.5.1.2 | Situation at Beginning of Case Study..... | 197 |
| 5.5.2 | Application of Complexity Management Model..... | 200 |
| 5.5.2.1 | Strategy and Product Life Cycle Assessment..... | 200 |
| 5.5.2.2 | Product Complexity Assessment..... | 202 |
| 5.5.2.3 | Deriving Guidelines for Action..... | 203 |
| 5.5.3 | Result of Optimization..... | 204 |
| 5.5.4 | Discussion..... | 204 |
| 6 | Conclusion..... | 209 |
| 6.1 | Reflecting on the Research Achievements..... | 209 |
| 6.1.1 | Answering the Research Question..... | 209 |
| 6.1.2 | Concluding Model Assessment..... | 209 |
| 6.2 | Limitations..... | 211 |

6.3 Reflecting on the Research Methodology.....214

6.4 Suggestions for Future Work.....216

Appendix A List of Definitions.....219

Appendix B Classification of Strategies.....221

Appendix C Ballpoint Pen Example.....223

Appendix D Complexity Matrix Calculations.....225

D.I Calculating Physical Complexity..... 225

D.2 Quadrant Borders in the Complexity Matrix..... 229

D.3 Taking the Logarithm for Complexity Driver Calculations..... 231

Reference List.....235
