SECTION

I

POPULATION DYNAMICS

Introduction to Volume I 1

GRAZIELLA CASELLI AND JACQUES VALLIN

PART

I

POPULATION GROWTH

CHAPTER

Populations and Individuals 5

JACQUES VALLIN

- I. Number and Composition 1
- II. Size, Composition, and Dynamics:
State and Change 6

CHAPTER

Population: Replacement and Change 9

JACQUES VALLIN

- I. Exogenous Replacement: Entries and Exits by
Migration 9
- II. Endogenous Replacement: Births, Deaths 12

CHAPTER

Population Increase 15

GUILLAUME WUNSCH, JACQUES VALLIN, AND
GRAZIELLA CASELLI

- I. Total Population Increase 15
- II. Natural and Migratory Increase 18

CHAPTER

Population Dynamics: Movement and Structure 23

GRAZIELLA CASELLI AND JACQUES VALLIN

- I. The Age-Sex Structure 24
- II. Crude Rates and Age-Specific Rates 37
- III. The Relationship between Age-specific
Rates, Age Structure, and Population
Growth 43

PART

II**THE LONGITUDINAL APPROACH****Description of Demographic Processes
in a Birth Cohort 49**

GRAZIELLA CASELLI AND JACQUES VALLIN

CHAPTER

**Variation Through Time of
Age-Specific Rates 51**

GRAZIELLA CASELLI AND JACQUES VALLIN

CHAPTER

**From Situating Events in Time to the Lexis
Diagram and the Computing of Rates 55**

GRAZIELLA CASELLI AND JACQUES VALLIN

- I. Time, Age, Cohort 55
- II. The Lexis Diagram 57
- III. Elements for Computing a Rate, According to
the Classification Mode of Events 61

CHAPTER

**Frequency Surfaces and
Isosfrequency Lines 69**

GRAZIELLA CASELLI AND JACQUES VALLIN

- I. Attempts at Three-Dimensional
Representation 69
- II. Contour Lines 71

CHAPTER

8**Rates, Frequencies, and Probabilities 79**

GUILLAUME WUNSCH

- I. Types of Events and Population States 79
- II. Repeatable Events: Rates and Frequencies 81
- III. Nonrepeatable Events, Probabilities, and
Occurrence/Exposure Rates 82
- IV. Single and Multiple Decrement 86
- V. The Force of Attrition 87

CHAPTER

**Competing Risks, Independence,
and Continuity 89**

GUILLAUME WUNSCH

- I. The Condition of Independence 89
- II. The Condition of Continuity 91

CHAPTER

10**The Longitudinal Approach 93**

GUILLAUME WUNSCH

- I. Individual and Cohort Data 93
- II. The Longitudinal Approach: Descriptive
Measures 96

CHAPTER

11**Cohort Life Table 103**

JACQUES VALLIN AND GRAZIELLA CASELLI

- I. Calculating a Cohort's Probabilities of
Dying 103
- II. Construction and Main Functions of the
Table 112
- III. From the Discrete to the Continuous: Entering
the Table Via the Force of Mortality 117
- IV. The Oldest-Ages Problem and Table
Closure 119
- V. The Special Case of Infant Mortality 125

CHAPTER

12**Cohort Analysis of Fertility 131**

GUILLAUME WUNSCH

- I. Analyzing Cohort Fertility from Retrospective Data 131
- II. Cohort Fertility from Vital Registration Data 139
- III. Fertility by Marriage Cohorts 142
- IV. Fertility by Parity Cohorts 143
- V. Fertility by Age, Marriage Duration, and Birth Interval 145

CHAPTER

13**Cohort Approach to External Migration Flows 149**

GRAZIELLA CASELLI AND JACQUES VALLIN

- I. The Data Constraint 150
- II. Age-Specific Inflow and Outflow Rates 151
- III. Estimating Net Migration: A Robust Approach Despite Its Limits 153

PART

III**PERIOD ANALYSIS REVISITED****The Hypothetical Cohort and its Relations with Actual Birth Cohorts 161**

GRAZIELLA CASELLI AND JACQUES VALLIN

CHAPTER

14**The Hypothetical Cohort as a Tool for Demographic Analysis 163**

JACQUES VALLIN AND GRAZIELLA CASELLI

- I. The Period Life Table 163
- II. Hypothetical Intensity and Tempo of Fertility 171
- III. External Migrations 186

CHAPTER

15**Confounding Variables, Standardization, and the Problem of Summary Indices 197**

GUILLAUME WUNSCH

- I. Confounding Variables 197
- II. Interaction Between Causes 199
- III. Standardization and the Problem of Summary Indices 200

CHAPTER

16**Relationships between Age-Specific Rates and Synthetic Indicators: Decomposition of a Difference 209**

JACQUES VALLIN AND GRAZIELLA CASELLI

- I. How Differences in Age-Specific Mortality Affect a Difference in Life Expectancy 209
- II. Tempo Effect and Intensity Effect on the Difference Between Two TFRs 212

CHAPTER

17

Demographic Translation: From Period to Cohort Perspective and Back 215

NICO KEILMAN

- I. The Need for Both Cohort and Period Analysis 215
- II. Early Expressions by Ryder for the Case of Age-Specific Fertility 216
- III. Expressions for Nonrepeatable Events 218
- IV. The Bongaarts/Feeney Method for Tempo Adjustment of Period Fertility 219
- V. Numerical Illustrations 220

CHAPTER

18

Age-Period-Cohort Models in Demography 227

JOHN WILMOTH

- I. Theoretical Motivation 228
- II. Age-Period-Cohort Models 229

PART

IV

A TENTATIVE SYNTHESIS OF THE COMPONENTS OF DYNAMICS

From Reproduction to Population Models 237

GRAZIELLA CASELLI AND JACQUES VALLIN

CHAPTER

19

Population Replacement 239

JACQUES VALLIN AND GRAZIELLA CASELLI

- I. Female Reproduction 237
- II. Male Reproduction and the Sex-Reconciliation Issue 245

CHAPTER

20

Population Models 249

GRAZIELLA CASELLI, JACQUES VALLIN, AND GUILLAUME WUNSCH

- I. Lotka's Theory 249
- II. Moving Towards a Stable State Via the Projection Matrix 252
- III. A Special Case: The Stationary Population 254
- IV. Some Applications of the Stable Population Model 255
- V. The Problem of the Two Sexes 259
- VI. From Semistable and Quasi-Stable Populations to Generalized Stable Equations 259

PART

V

FROM HOMOGENEITY TO HETEROGENEITY

New Ways Forward for Demographic Analysis 269

GRAZIELLA CASELLI AND JACQUES VALLIN

CHAPTER

21

Unobserved Population Heterogeneity 271

JAMES VAUPEL AND ANATOLI YASHIN

- I. Population Heterogeneity 271
- II. Compositional Change 271
- III. Three Levels of Explanation 272
- IV. Frailty Models 272
- V. Empirical Data 276
- VI. Methods of Parameter Estimation 276

CHAPTER

22**Mobility and Spatial Heterogeneity 279**

DANIEL COURGEAU

- I. Concepts of Mobility 279
- II. Measurement Issues 281
- III. Migratory Moves, Registers, and Surveys 281
- IV. Mobility Over Time 283
- V. Mobility, Space, and Spatial Models 287
- VI. Multistate Models 289

CHAPTER

23**Demographic Event History Analysis 293**

DANIEL COURGEAU AND EVA LELIEVRE

- I. From Longitudinal Analysis to Event History Analysis 293
- II. Statistical Formalization 295
- III. Applications of These Methods in Various Research Fields 297
- IV. Future Developments 299

CHAPTER

24**Individuals and Context in the Multilevel Approach to Behavioral Analysis 303**

DANIEL COURGEAU

- I. Individual and Aggregate Measures: Contextual Analysis 303
- II. Introducing Group Effects: Multilevel Models 305
- III. Generalization of the Analysis 311

SECTION

n**DETERMINANTS OF FERTILITY****Introduction 313**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

PART

A PRECONDITION OF FERTILITY**Union Formation 315**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

25**Analysis of Couple Formation and Dissolution 317**

PATRICK FESTY

- I. Principles of Cohort Analysis 318
- II. The Nuptiality Table 319
- III. Proxy Measures of the Nuptiality Table 320
- IV. Period Measures 321
- V. Divorce Table 323
- VI. Widowhood Table 324
- VII. Remarriage 325
- VIII. Unions and Marriage 325
- IX. Nuptiality and Fertility 327
- X. Male and Female Nuptiality 330

CHAPTER

26**Event-History Analysis of Nuptiality:
An Application to Africa 339**

PHILIPPE ANTOINE

- I. Complexity of Marital Statuses: From Consensual Unions to Polygamy 339
- II. Nuptiality Analysis and Event-History Analysis 342
- III. First Marriage, Divorce, and Polygamy in Dakar 347

CHAPTER

27**The Complexities of Nuptiality: From
Early Female Union to Male Polygamy
in Africa 355**

PHILIPPE ANTOINE

- I. Nuptiality in Africa: Diversity and Change 355
- II. Does Polygamy Still Matter? 359

CHAPTER

28**Factors in Couple Formation 373**

THERESE LOCOH

- I. Nuptiality, Alliance, and Reproduction 373
- II. Age of Access to Sex and Age at Marriage 378
- III. Couple Formation and the Choice of Partner: From Social Control to Personal Decision 384
- IV. Life and Death of Unions 388

CHAPTER

29**Marital and Nonmarital Fertility 397**

SILVANA SALVINI AND ANTONIO SANTINI

- I. The *Ancien Regime* 398
- II. Demographic Transition 399
- III. Foundations of Marital-Fertility Analysis 400
- IV. Posttransition Societies 402
- V. New Family Structures and the Measurement of Fertility: The Problem of Heterogeneity 403
- VI. Event-History Analysis and Fertility in Multiple Unions 407
- VII. Fertility Outside Marriage and Adolescent Female Fertility 407

PART

II**BIOLOGICAL AND SOCIAL
FACTORS OF FERTILITY AT
THE LEVEL OF INDIVIDUALS
AND COUPLES 411**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

30**Biological and Social Factors of Fertility:
An Overview 413**

HENRI LERIDON

- I. Fertility and Fecundity: The Vocabulary 413
- II. From One Birth to the Next: The Components of Birth Intervals 417
- III. The Menstrual Cycle as a Unit For Measurement of Time 418
- IV. Fecundability 418
- V. Duration of Pregnancy 420
- VI. The Postpartum Nonsusceptible Period 421

CHAPTER

31**The Factors of Fecundability and the Nonsusceptible Period 423**

HENRI LERIDON

- I. Ages at Menarche and at Menopause 423
- II. Fecundability 424
- III. The Frequency of Sexual Intercourse 425
- IV. Breastfeeding 425
- V. Contraception 428

CHAPTER

32**Fetal Mortality 435**

CATHERINE GOURBIN

- I. Fetal Mortality Levels 436
- II. Influence of Data Collection Methods 438
- III. Intrauterine Mortality Rates by Gestation Duration 439
- IV. The Determinants of Fetal Mortality 441
- V. Health-Care Provision and Fetal Mortality 446
- VI. Induced Abortion and Fetal Death 450

CHAPTER

33**Sterility: Causes and Treatment 457**

HENRI LERIDON

- I. From Infertility to Sterility 457
- II. Sterility and Age 458
- III. The Causes of Sterility 460
- IV. Measuring Treatment Effectiveness 461
- V. How Effective, in Practice, Are the Various Fertility Treatments? 462
- VI. Estimating the Demand for Treatment 462
- VII. The Demand for Treatment: Stocks and Flows 464

CHAPTER

34**Natural Fertility and Controlled Fertility: Levels and Models 467**

HENRI LERIDON

- I. The "Intermediate Variables" 467
- II. Results: Levels of Fertility 475

CHAPTER

35**Induced Abortion 479**

GIANPIERO DALLA ZUANNA

- I. Abortion During the Demographic Transition 479

CHAPTER

36**Demography and Sexuality 491**

MICHEL BOZON

- I. Demography's Difficult Inclusion of Sexuality 491
- II. Demographic Observation of Sexuality: Concepts, Indicators, Limitations 493
- III. Sexuality and the Transformation of Conjugal Trajectories 495
- IV. Gender Relations and Sexuality 496
- V. Cross-Cultural Comparison of Sexual Behavior: The Contribution of Demography 498

P A R T

III**SOCIOECONOMIC AND
CULTURAL FACTORS
OF FERTILITY 503**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

C H A P T E R

37**The Social and Economic Context
of Fertility 505**

HEATHER JOSHI AND PATRICIA DAVID

- I. Supply and Demand: A Framework of Factors Influencing Fertility 505
- II. Economic Explanations of Fertility Behavior 508
- III. A Sociological View 512
- IV. Questions About Fertility and Society 514

C H A P T E R

38**The Geography of Fertility:
Maps, Narratives and
Demographic Innovation 529**

RON LESTHAEGHE AND KAREL NEELS

- I. A Narrative of the Historical French Fertility Decline 530
- II. The Narrative of Belgian Demographic Innovation 538
- III. Other Narratives: An Invitation for New Research 543
- IV. Narratives and Theories of Demographic Innovation 544

C H A P T E R

39**Fertility: Theories, Frameworks,
Models, Concepts 549**

BART DE BRUIJN

- I. The Structure and Development of Fertility Theory 550

INDEX 571

SECTION

DETERMINANTS OF MORTALITY

Introduction 1

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

PART

I

HEALTH, MORBIDITY AND CAUSES OF DEATH 3

GRAZIELLA CASELLI, JACQUES VALLIN,
AND GUILLAUME WUNSCH

CHAPTER

40

Health, Illness, and Death 5

CATHERINE GOURBIN AND GUILLAUME WUNSCH

- I. Health 5
- II. Sickness 7
- III. Death 10

CHAPTER

41

Measuring the State of Health 13

CATHERINE SERMET AND EMMANUELLE CAMBOI

- I. How to Measure Health Status 14
- II. The Medical Model: Measuring Morbidity 15
- III. The Functional Model: The Measure of Disability 18
- rV. The Subjective Model: Perceived Health and Quality of Life 23

CHAPTER

42

Medical Causes of Death 29

FRANCE MESLE

- I. Collecting, Classifying, and Coding 29
- II. Analytical Instruments 36

CHAPTER

43

The Assessment of Causes of Death in Developing Countries 45

VINCENT FAUVEAU

- I. Background 45
- II. The Verbal Autopsy Method 46
- III. Uses of the Verbal Autopsy 48
- IV. Problems and Limitations of the Verbal Autopsy 49
- V. Other Techniques 52

CHAPTER

44**Dependence and Independence of Causes of Death 57**

GUILLAUME WUNSCH

- I. Problems with the Classical Approach to Probabilities of Dying 57
- II. Independence or Dependence Among Causes of Death 57

CHAPTER

45**Measurement and Levels of Maternal Mortality 61**

JUDITH FORTNEY

- I. Definitions 61
- II. Measures of Maternal Mortality 63
- III. Means of Estimating Maternal Mortality 64
- IV. Levels of Maternal Mortality 66

CHAPTER

46**The Determinants of Infant Health and Mortality 71**

GODELIEVE MASUY-STROOBANT

- I. Determinants of Which Infant Mortality? 71
- II. A Complex Phenomenon to be Analyzed at Different Levels 73
- III. Causes, Determinants, and Differential Risk 75
- IV. From Mortality to Health: A Question Of Weight, Height, and Gestational Age 77

CHAPTER

47**Relationship Between Morbidity and Mortality by Cause 81**

VTVIANA EGIDI AND LUISA FROVA

- I. Knowledge Gained by Monitoring the Morbidity Process 81
- II. Monitoring Morbidity 81
- III. Morbidity Processes and Causes of Death 82
- IV. Relationships that Link Incidence, Prevalence, and Mortality in a Cohort 84

PART

II**ENDOGENOUS AND EXOGENOUS MORTALITY 93**

GRAZIELLA CASELLI, JACQUES VALLIN, AND GUILLAUME WUNSCH

CHAPTER

48**From Endogenous Mortality to the Maximum Human Life Span 95**

JACQUES VALLIN AND GIOVANNI BERLINGUER

- I. Gompertz's Law: A Measurement for Biological Aging 96
- II. Jean Bourgeois-Pichat: Search for the "Hard Rock" 97
- III. Is There a Limit? 102
- IV. Does Gompertz's Law Apply to the Oldest Ages? 110

CHAPTER

49**Genetic Factors in Mortality 117**

LAMBERTO SOLIANI AND ENZO LUCHETTI

- I. Methods and Problems in Human Genetics 117
- II. Genetic Diseases 118
- III. Theories on Aging and the Lifespan 122
- IV. Sex 123
- V. Biometric Models 124
- VI. Perspectives 125

CHAPTER

50**The Environmental Factors of Mortality 129**

FRANCIS SARTOR

- I. Physical Factors 130
- II. Chemical Factors 133
- III. Infectious Diseases Linked to the Environment 138

CHAPTER

51**Behavior, Lifestyles, and Sodocultural Factors of Mortality 143**JACQUES VALLIN, GRAZIELLA CASELLI, AND
PIERRE SURAULT

- I. Behavior that Influences Health and Mortality 143
- II. Sociocultural Factors and Attitudes Regarding the Body and Health 151

CHAPTER

52**The Medical Response: Medical Technologies and Public Expectations 171**

PAOLO VTNEIS

- I. Medical Technology's Contribution to Mortality Decline 172
- II. Risks of Clinical Practice and Medical Uncertainties 173
- III. Bridging Natural Science and Anthropology 173

PART

III**THE INTRICACY OF DIFFERENTIAL MORTALITY FACTORS 175**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

53**Mortality, Sex, and Gender 177**

JACQUES VALLIN

- I. A Plausible Natural Advantage 177
- II. Advantage that is Reduced or Inversed by an Unfavorable Social Status 180
- III. From Regaining the Original Advantage to Obtaining a New Privilege 182
- IV. From the Negative Effects of Male Behavior to the Positive Effects of Female Behavior 185
- V. When Geography Contradicts History but Confirms the Previous Hypothesis 189

CHAPTER

54**Social Inequalities in Mortality 195**

TAPANI VALKONEN

- I. National Studies on Social Mortality Differences and Methods Used 195
- II. Mortality Differences by Age 199
- III. Mortality by Cause of Death 200
- IV. Why are the Social Differences in Mortality Less Among Women than Among Men? 200
- V. Explanations of Social Inequalities in Mortality 201
- VI. International Comparisons 202
- VII. Trends in Social Mortality Differences 203

CHAPTER

55**Geographic Variations of Mortality 207**

GRAZIELLA CASELLI AND JACQUES VALLIN

- I. A Great Diversity of Situations 207
- II. Components of Geographic Inequality in Matters of Mortality 216
- III. Permanence and Change 220
- IV. The Factors Behind Geographic Inequalities 226

PART

IV**THEORIES AND FRAMEWORKS OF MORTALITY 235**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

56**Theories and Frameworks for the Study of Child Mortality 237**

GODELIEVE MASUY-STROOBANT

- I. From Hypotheses to Theories 238
- II. Frameworks for Child Mortality 239

CHAPTER

57**The Health Transition: Trends and Prospects 247**

FRANCE MESLE AND JACQUES VALLIN

- I. From the Epidemiologic Transition to the Cardiovascular Revolution 248
- II. The Health Transition and Future Prospects 255

SECTION

n**THE DETERMINANTS
OF MIGRATION****Introduction 261**

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

PART

I**MAJOR MIGRATION STREAMS
AND THEORIES OF
INTERNATIONAL
MIGRATION 265**

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

58**International Migration in the 20th
Century: The Case of the
Western Countries 267**

GRAZIELLA CASELLI

- I. The Great Migration at the Turn of the Nineteenth and Twentieth Centuries 269
- II. The New Migrants: Between Regulation and Prohibition 271
- III. Forced Migrations from the End of the First World War to the 1950s 273
- IV. The Globalization Process and International Migration 275
- V. The Acceleration of Migratory Movements in Europe and North America 277
- VI. Immigrants in European Countries at the End of the Twentieth Century 278
- VII. Recent Immigration to Canada and the United States 286
- VIII. Integration: The End of the Journey 289

CHAPTER

59**The Theories of
International Migration 293**

HANIA ZLOTNIK

- I. The Economic Approach 293
- II. The Sociologic Approach 298
- III. The Mobility Transition 298
- IV. The Contribution of Political Science 300
- V. The Systems Approach 301
- VI. Comparison of Existing Theories of Migration 302

PART

II**THE PRINCIPAL FACTORS
OF MIGRATION 307**

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

60**The Economic Determinants of
Migration 309**

MARC TERMOTE

- I. Migration as an Equilibrium Process 309
- II. In Search of a General Theoretical Framework 312
- III. Methodological Implications 316

CHAPTER

61**The Urbanization Process 319**

DENISE PUMAIN

- I. Cities and Urbanization 319
- II. Defining the Limits of Urban Entities 321
- III. The Urban Transition 323
- IV. The Dynamics of Settlement Systems 325
- V. Migrations and Urbanization 328

CHAPTER

62

Political Pressure 333

LUC LEGOUX

- I. The Roots 333
- II. The International System for Managing Refugee Migration 334
- III. Growth in the Number of Refugees in the World 335
- IV. Data Quality 336
- V. The Causes of Growth 337
- VI. The Destination of the Flow of Refugees 337
- VII. Asylum Seekers 338
- VIII. Asylum Policy 339
- IX. Negative Consequences 341
- X. Informal Asylum 341
- XI. Trends 342

CHAPTER

63

Individual and Social Motivations for Migration 345

DANIEL COURGEAU AND EVA LELIEVRE

- I. The Complexity of Migration Behavior 346
- II. Toward a Broader Understanding of Migration Behavior 353

PART

III

SPECIFIC APPROACHES TO TWO TYPES OF MIGRATION 359

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

64

Daily Travel: Approaches and Models 361

MARCO BOTTAI AND ODO BARSOTTI

- I. Spatial Interactions and Level of Analysis 361
- II. Macro Approaches 362
- III. Micro Approaches 368
- IV. The Challenges Facing a Unified Approach 369

CHAPTER

65

Studying Return Migration: Data from Censuses, Surveys, and Registers 373

JEAN-LOUIS RALLU

- I. Census Data 373
- II. Survey Data 375
- III. Population Registers 378

INDEX 381

Demography: Analysis and Synthesis

POPULATION IN TIME AND SPACE: HISTORY OF POPULATION AND POPULATION FORECASTS

Introduction to Volume III 1

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

PART

I

THE HISTORY OF THE HUMAN POPULATION 3

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

66

The History of the Human Population from the First Beginnings to the Present Day 5

JEAN-NOEL BIRABEN

- I. The First Human Populations 5
- II. The Prehistoric Population and Methods of Measurement 6
- III. Estimates of Prehistoric Populations 9
- IV. From Antiquity to Modern Times 12

CHAPTER

67

Migration as a Primary Force in Human Population Processes 19

DAVID COLEMAN

- I. The Status of Migration in Demography 19
- II. Types of Migration Ancient and Modern 21
- III. The Initial Colonizations of the World: Out of Africa 23
- IV. Population Growth Rates, Colonization, and the "Wave of Advance" 25
- V. Prehistoric Migration of People or Migration of Cultures? 26
- VI. The Effect of Migration On Demographic Regimes 27
- VII. Migration, Warfare, and Organized States 28
- VIII. The Demographic Consequences of the "Migration Period" 33
- IX. European Expansion and its Consequences 35
- X. The Rise of "Modern" Forms of Migration 36

CHAPTER

68

Europe's Demographic Transition, 1740-1940 41

JACQUES VALLIN

- I. An Unprecedented Mortality Decline 43
- II. A Steep Fall in Fertility 49
- III. Structural Consequences: Population Aging and Migrations 59
- IV. Birth of a Theory 64

CHAPTER

69**From the Globalization of the Transition to the Return of Uncertainty (1940-2000) 67**

JACQUES VALLIN

- I. The Third World Population Explosion and the Generalization of the Demographic Transition 68
- II. Increasing Uncertainty and the Death of the Transition Paradigm 89

PART

II**THE GEOGRAPHY OF POPULATION, DIVERSITY OF DEMOGRAPHIC DYNAMICS 99**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

70**Distribution of the World Population 101**

JEAN-MICHEL DECROLY

- I. Different Aspects of Settlement 102
- II. Analytical Tools 103
- III. The Settlement Envelope 105
- IV. The Frontiers of the *Oikoutnene* 108
- V. Inhabited Spaces 110
- VI. History of Spatial Distribution 112
- VII. Toward an Interpretation 117

CHAPTER

71**Demographic Dynamics and Diversity in the World (1950-2000) 123**BRUNO SCHOUMAKER, DOMINIQUE TABUTIN, AND
MICHEL WILLEMS

- I. Sources, Indicators, and Geographic Divisions 123
- II. The Transition Patterns from 1950-2010 124
- III. Fertility: Decline Is Widespread, Though at Unequal Paces 128
- IV. Mortality: Improvements but Growing Inequalities 131
- V. From National Averages to Social or Regional Inequalities in the Countries of the South 135
- VI. Age Structures and Demographic Aging 137
- VII. AIDS and its Demographic Consequences 139

PART

III**THE FUTURE OF POPULATIONS: DEMOGRAPHIC ISSUES AND PROJECTIONS FOR THE FUTURE 147**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

72**Demographic Projections: History of Methods and Current Methodology 149**

CHRISTINE WATTELAR

- I. Global Mathematical Perspectives 150
- II. Population Projection as Forecasting: The Component Method 150
- III. Projections and Dynamic Population Models: Questioning Stability 153
- IV. Contemporary Methods 153

CHAPTER

73

Educational Forecasts: From Derived
Forecasts to the Application of the
Flow Method 161

MARLENE LAMY

- I. Derived Forecasts 161
- II. The Flow Method 163

CHAPTER

74

Hypotheses for Fertility Forecasts 167

LUCIANO CIUCCI AND PIERO GIORGI

- I. Approaches and Methods of Forecasting
Fertility 167
- II. Foreseeability of Fertility and Critical Analysis
of the Methods 170
- III. Prospective 172

CHAPTER

75

Mortality Forecasts: Hypotheses
and Methods 177

GRAZIELLA CASELLI

- I. From Simple to More Complex Models 177
- II. Target Forecasts 180
- III. Different Methods Compared 181
- IV. Hypotheses for Medium and Long-Term
Forecasts 183

CHAPTER

76

Hypotheses for Migration Projections 189

ODO BARSOTTI AND ALBERTO BONAGUIDI

- I. Internal Migration Forecasts 190
- II. International Migration Forecasts 192

CHAPTER

77

The United Nations' World
Population Projections 197

JACQUES VALLIN AND GRAZIELLA CASELLI

- I. Between 8 and 11 Billion in 2050? 198
- II. Data Improvement, Technique Refinement, and
Evolution of the Hypotheses 210
- III. Do Alternative Approaches Exist? 216
- IV. From Medium to Long Term 219
- V. Projections by Age and Sex and Derived
Projections 224

CHAPTER

78

The Future of Mankind: Looking Ahead
After the Transition 235

JACQUES VALLIN AND GRAZIELLA CASELLI

- I. The Baseline: World Population in 2050 236
- II. From Generation Replacement to the One Child
World 237
- III. Life Expectancy: 85 or 150 Years? 242
- IV. The Effects of a Radical Change in Sex Ratio at
Birth 247

SECTION

II

POPULATION AND SOCIETY

Introduction 259

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

PART

I

CONSEQUENCES OF
DEMOGRAPHIC CHANGE 261

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

79**Population Change and Genetic Diversity 263**

ROBERT CLIQUET

- I. Demographic and Population Genetic Interrelations in General 263
- II. The Effects of the Modern Demographic Transition on Genetic Diversity 270

CHAPTER

80**Lengthening of Life and the Population Health Status 285**

JEAN-MARIE ROBINE AND CAROL JAGGER

- I. Expansion or Compression of Morbidity? 285
- II. Defining and Calculating Health State Expectancies 287
- III. Trends and Differentials in Health State Expectancies 292
- IV. What Conditions Constitute the Years Lived in Bad Health or with Disability? 297

CHAPTER

81**Demographic Trends and Relationships between Generations 305**

ANTONIO GOLINI

- I. Seeing the Generations 306
- II. The Coexistence of Generations in the Family 307
- III. Family Inheritance and Relationships between Generations 314
- IV. Transfers Within the Population 320
- V. Social, Professional, and Psychological Distance between Generations 323
- VI. A New Social Contract between Generations 324

CHAPTER

82**Economic, Social, and Cultural Consequences of the Aging of the Population 327**

JACQUES LEGARE

- I. Demographic Context of Aging Societies 328
- II. Some Economic Consequences of Demographic Aging 330
- III. Some Social Consequences of Demographic Aging 332
- IV. Some Cultural Consequences of Demographic Aging 334

CHAPTER

83**The Economic Consequences of Migration 337**

MANON DOMINGUES DOS SANTOS

- I. Is Migration Selective? 338
- II. Does Migration Influence Salaries and Employment? 340
- III. Migration and Growth 345

CHAPTER

84**Immigration and Integration in the Developed Countries: A Conceptual Framework 349**

VICTOR PICHE

- I. Defining and Measuring Integration 350
- II. Conceptual Framework for Studying the Factors of Integration 351
- III. Influence of the World Context 352
- IV. Contextual Factors in the Countries of Origin and Destination 353
- V. Micro-individual Factors 354

CHAPTER

85**Economic Growth and
Population Growth 361**

ARNAUD DELLIS AND PIERRE PESTIEAU

- I. Popular Wisdom and Scientific Uncertainty 361
- II. Some Definitions 363
- III. Empirical Study 364
- IV. The Growth Theory Perspective 365
- V. Demographic Structure and Productivity 368
- VI. Back to Sociology 369

CHAPTER

86**Population and Development 373**

JEAN COUSSY

- I. The Global Analyses of the Period 1950–1960 374
- II. Disaggregate Analyses and Structural Studies 375
- III. Micro Analyses 377
- IV. The Internationalization of Relations between Population and Development 379

CHAPTER

87**The Relationships between Population
and Environment 383**

FRANÇOISE BARTIAUX AND JEAN-PASCAL VAN YPERSELE

- I. A Review of the Works on Population and Environment 385
- II. Why Are Demographers so Little Interested in Environmental Questions? 388

PART

II**THE POPULATION IN ITS
BIOLOGICAL, ECONOMIC,
SOCIAL, AND
CULTURAL SETTING 397**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

88**From the Life Cycle to Life Paths and to
Life Transitions 399**

PAOLO DE SANDRE

- I. Demographic Regime and Structural Evolution of the Ages of Life 400
- II. Consequences of Changes of the Life Paths and Policy Implications 407
- III. Observation and Analysis of the Life Paths (Towards an Integrated Approach) 409
- IV. Dynamic Information on Biographical States and Life Transitions 412
- V. Relationships between Trajectories and Dependent Variables, Multi-state Transition Tables and Hazard Models 414

CHAPTER

89**Experiencing Death: A
Demographic Approach 419**

ALAIN MONNIER AND SOPHIE PENNEC

- I. The Dying: Age and Sex, Cause and Place 420
- II. Death as Experienced by the Dying Person's Family 424

CHAPTER

90

**Household and Family Demography:
Application to Developing Countries 435**

MARC PILON

- I. Household and Family Demography 435
- II. Households and Families in Developing Countries: State of the Art 441

CHAPTER

91

**Households and Families:
Developed Countries 457**

NICO KEILMAN

- I. Definitions and Concepts 458
- II. Measurement of Family and Household Developments 462
- III. Data Sources 465
- IV. Main Trends in Family and Household Developments in Western Europe After World War II 468

CHAPTER

92

Social Mobility: Then and Now 477

FRANCOIS HERAN

- I. Growth of Social-Mobility Studies: Quality of Historical Research 477
- II. Recent Data: A Confirmation of the Log-linear Model 478
- III. France-England: The Dual Origin of the Social-mobility Table 478
- IV. Benini's Two Indices 479
- V. Sorokin: A Multiple Approach to Social Mobility 480
- VI. Social Mobility and Differential Fertility 480
- VII. 1948: A Breach Opened by INED 482
- VIII. 1953: INSEE Takes Up the Baton and Keeps It 482
- IX. Bourdieu's Critique and Boudon's Work 483
- X. Sociology/Demography: Ideological or Institutional Divide? 484

- XL The "Constant Flow": Goldthorpe 486
- XII. A Possible Convergence: Differential Mobility and Differential Diffusion 487

CHAPTER

93

Gender and Demography 495

ANTONELLA PINNELLI

- I. Some Definitions 495
- II. From Women's Studies to Gender Studies in Demography 496
- III. Gender and Family 497
- IV. Gender, Fertility, and Contraception 498
- V. Gender, Health, and Mortality 499
- VI. Gender and Migration 501
- VII. Gender and Aging 502
- VIII. Data and Methods for the Study of the Gender-Demographic Behavior Relationship 502

CHAPTER

94

**Economic Activity and
Demographic Behaviors 513**

GIUSEPPE GESANO

- I. Importance of Economic Activity in the Study of Demographic Behaviors 514
- II. The Labor Force: Principal Sources of Data and Some Analytical Instruments 519
- III. Economic Activity and Geographic Mobility 523

CHAPTER

95**Demography and Ethnicity: An Ambiguous Relationship 531**

JEAN-LOUIS RALLU, VICTOR PICHE, AND PATRICK SIMON

- I. Why Demographers are Interested in Ethnicity 532
- II. Official Categories and their Political Utilization: A Great Diversity 533
- III. Statistics of Origins: United States, Canada, and Great Britain 536
- IV. The Very Difficult Use of Ethnic Data or the Bias of Ethnic Statistics 541

CHAPTER

96**Genetics and Demography 551**

ENZO LUCCHETTI AND ALBERTO SOLIANI

- I. The Structure of a Population's Gene Pool 551
- II. Models of Population Genetics 552
- III. Mechanisms of Variation of Genetic Structure 553
- IV. Analyses and Applications 556
- V. Biodemographic Research 560
- VI. The Analysis of Surnames 561

INDEX 573

Demography: Analysis and Synthesis

Graziella CASELLI, Jacques VALLIN, and Guillaume WUNSCH

with contributions by

Daniel COURGEAU, Nico KEILMAN, Eva LELIEVRE, James VAUPEL,
Anatoli YASHIN, and John WILMOTH

Volume IV

SECTION

I

HISTORY OF POPULATION THOUGHT AND POLICIES

Introduction to Volume IV 1

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

PART

I

HISTORY OF POPULATION THOUGHT AND SHORT INTRODUCTION TO POPULATION POLICIES 3

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

97

History of Population Thought 5

ERIC VILQUIN

- I. Some of the Earliest Known Population Theories 6
- II. The Demographic Dictates of Some Major Religions 10
- III. The Middle Ages and the Renaissance 11
- IV. Mercantilists and Physiocrats 12

- V. The First Demographers 15
- VI. Thomas Robert Malthus 15
- VII. The 19th Century—Pro or Anti Malthus 18
- VIII. Mathematical, Biological, and Sociological Theories 21
- IX. Optimum Population 21
- X. Demographic Transition 22
- XL Major Contemporary Debates 23

CHAPTER

98

History of Ideas in Population since 1940 27

PAUL DEMENY

- I. Landmarks of Population Thought since 1940: An Overview and a Literature Guide 28
- II. The Global Population Problem 33
- III. The Problem of Below-Replacement Fertility 35

CHAPTER

99

Ethics and Demography: or Macrodemus and Microdemus in the Country of Ethicists 39

FRANÇOIS HERAN

- I. First Exploration of the Ethicists' Island 40
- II. The Dream of Macrodemus 44
- III. When Macrodemus Fancied that Demography Could Make a Mockery of Ethics 44
- IV. When Macrodemus Imagined that Demography was Already Ethics in Itself 46

- V. Universal, Impartial, and Neutral? 48
- VI. The Limits of the Ethical Content of
Macrodemography: The Ethicists'
Response 50
- VII. Dialogue between Macrodemus and
Microdemus on Changes in Demographic
Survey Methods 54
- VIII. Research Ethics: An Epidemiological Model
Ill-suited to Demography 58
- IX. Strengths and Weaknesses of Ethics Codes 63

CHAPTER

100

History of Population Policies up to 1940 71

MICHAEL S. TEITELBAUM

- I. Origins: From the Ancient World to Malthus
and Marx 72
- II. From the 19th to the 20th Century 74

CHAPTER

101

An Introduction to Population Policies 83

STEFANO BALDI AND RAIMONDO CAGIANO DE AZEVEDO

- I. Definitions, Objectives, and Components of
Population Policies 84
- II. The Relationship between Population Policies
and Population Theories 85
- III. The Role of International Organizations and
Aid in Promoting Population Policies 88

PART

II

FROM FERTILITY CONTROL TO FERTILITY SUPPORT 93

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

102

Fertility Control in Third World Countries 95

THERESE LOCOH AND CELINE VANDERMEERSCH

- I. Since 1950 Fertility Has Decreased by Half in
Third World Countries 96
- II. The Elaboration of Fertility Control
Policies 98
- III. Policies for Fertility Control. Which
Methods? 104
- IV. Forty Years of Progress in Contraception 111

CHAPTER

103

Towards a Policy Turnaround in Low-Fertility Developing Countries? 129

MAGALI BARBIERI

- I. Singapore 129
- II. South Korea 132
- III. Other Low Fertility Countries 134

CHAPTER

104

Pronatalist Policy in Industrialized Nations 137

GUSTAVO DE SANTIS

- I. Pronatalist Policy, Social Policy 139
- II. A Possible Classification of Pronatalist
Policies 141

CHAPTER

105**The Effect of Pronatalist Policies in Industrialized Countries 147**

GERARD CALOT

- I. The Difficulty of Linking Causes and Effects in Social Science 147
- II. The Rise in French Fertility After the Second World War 150
- III. The Fertility Trend in Sarre 152
- IV. The Fertility Trend in the Former GDR and the Former FRG 152
- V. The Fertility Trend in Northwestern Europe 153

PART

III**THE DEMOGRAPHIC IMPACT OF PUBLIC HEALTH POLICIES 155**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

106**Origin of Health Policies 159**

JACQUES VALLIN AND FRANCE MESLE

- I. Antiquity, Medicine, and Religion: From Imhotep to Galen 159
- II. Middle Ages and Renaissance: From Avicenna to Ambroise Pare 162
- III. The 17th and 18th Centuries: Containment of Mass Epidemics and Decline of Famine 163
- IV. 19th Century: Hospitals for the Sick and Hygiene for All 165
- V. 1880-1945: From Pasteur to the Welfare State 167

CHAPTER

107**Health Policies: What Strategies? For Whose Benefit? 173**

JACQUES VALLIN AND FRANCE MESLE

- I. Objectives and Strategies 173
- II. Actors and Resources 191

CHAPTER

108**Health Policies: Can the Results Be Evaluated? 211**

JACQUES VALLIN AND FRANCE MESLE

- I. Global Results: Health Policies and Increased Life Expectancy? 212
- II. Reaching Targets in Pathological Terms 219
- III. Fulfilling Objectives Targeted in Terms of Groups 232

CHAPTER

109**Information Systems for Health Policies 249**

VIVIANA EGIDI AND VITTORIA BURATTA

- I. Creating Information Systems for Health Policies 250
- II. Identifying the Objectives of Health Policy 251
- III. Identifying the Stakeholders of Health Policy 252
- IV. Defining a Conceptual Framework 252
- V. The Information Base: A Compromise between Content And Technology 253
- VI. Creating Systems of Indicators Representative of a Complex Reality 253
- VII. Ensuring Comparability through Harmonization 255
- VIII. Some Examples of Information Systems 256

PART

IV**MIGRATION POLICIES AND
MANAGEMENT OF THE
POPULATION PYRAMID 261**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

110**Migration Policies 263**STEFANO BALDI AND
RAIMONDO CAGIANO DE AZAVEDO

- I. The Policies of the Receiving Countries 263
- II. The Policies in the Countries of Emigration 271
- III. New Elements in Migration Policies 275

CHAPTER

III**Economic and Social Management of the
Population Pyramid 281**

MICHEL LORIAUX

- I. Population Policies or Management of Population Structures? 281
- II. Demographic Structures Change Because Everything Changes, and Vice Versa 282
- III. To Act on the Age and Sex Composition Despite the Inertia and Resistance? 283
- IV. Age Policy: Watch Out for Unexpected Effects! 284
- V. The Baby Boom: Good Luck or Bad Luck of History? 286
- VI. A Population Isn't a Business 286
- VII. Good or Bad Structures: Some Propositions 288
- VIII. A Necessary Reversal of the Problem 289
- IX. The Financing of Social Security: A False Debate? 289
- X. Intergenerational Equity: A Clever Diversion for Other Less Avowable Ends? 290

- XI. A More Positive Approach: Solidarity of the Ages of Life 291
- XII. Declining Birth Rates and Pension Insolvency: A Vicious Circle? 292
- XIII. The Ultimate Question: Renegotiate a New Intergenerational Contract 296

PART

V**COUNTRY CASE STUDIES 299**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

112**Fifty Years of Demographic Policies in
China: An Assessment 301**

ISABELLE ATTANE

- I. Household Registration and Mobility Control 301
- II. Balancing Regional Development and Strengthening Border Regions 305
- III. Health Policies 307
- IV. Controlling Fertility 310
- V. Toward Reproductive-Health Policies 315

CHAPTER

113**India's Population Policy in the Face of
Demographic Momentum 321**

S. IRUDAYA RAJAN AND JACQUES VERON

- I. Indian Population Policy: Stakes and Directions 321
- II. Fertility, Family Planning and Development in India: National and State Levels 325
- III. Fifty Years of Birth Control in India 329
- IV. The Other Components of Population Policy 331

CHAPTER

114

Population Policies in Mexico 335

MARIA E. COSIO-ZAVALA

- I. Genesis and Implementation of a Malthusian Population Policy in Mexico 335
- II. The Population Policy in Mexico after 1994 344

CHAPTER

115

Population Policy in Kenya 349

VALERIE GOLAZ AND CAROLYNE WANJA NJUE

- I. Colonial Upheavals 349
- II. Transition and Independence 353
- III. A Difficult End to the Century 355

CHAPTER

116

Population Policies in Cote-D'Ivoire 367

AMOAKON ANOH

- I. The Main Demographic Trends since 1950 367
- II. A Declaredly Pronatalist Policy up to 1991 373
- III. A Shift in Population Policies from 1991 379
- IV. The Constitution of the Reproductive Health Supply and the Evolution of Family Planning 384

CHAPTER

117

Population Policy in the United States 395

CARL HAUB

- I. Immigration 397
- II. Current Immigration Law 398
- III. Immigrants 399
- IV. Immigration Limits Prescribed by Law 399
 - V. Nonimmigrants 399
- VI. Fertility 400
- VII. Distribution 403
- VIII. Mortality 404

CHAPTER

118

Population Policy in Russia 407

SERGUEI IVANOV, ANATOLE VISHNEVSKI AND SERGUEIZAKHAROV

- I. Family Policy 408
- II. Health Policy 414
- III. Migration Policy 423

CHAPTER

119Population Policy in France
1896-2003 435

JEAN-CLAUDE CHESNAIS

- I. The Policy of Encouraging Fertility 436
- II. Public Health Policy 445
- III. National and Regional Development 448
- IV. Immigration Policy 450

CHAPTER

120World Population Growth and the
International Community from 1950 to the
Present Day 457

JEAN-CLAUDE CHASTELAND

- I. 1946-1965: Creation of the Population Movement in the United States 458
- II. 1966-1973: the United Nations' Growing Influence 462
- III. 1974-1983 Bucharest: The Voice of the Third World 465
- IV. 1984-1993 Mexico: The U.S. and the Third World at Odds 468
- V. From 1994 to the Present Day: Cairo, an Anglo-Saxon Victory 471
- VI. The Future of Global Population Policy 479

SECTION

II

**OBSERVATION, AUXILIARY
METHODS, TEACHING,
AND RESEARCH**

Introduction 487

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

PART

I

**OBSERVATION SYSTEMS
AND INDIRECT
ESTIMATION METHODS 489**

GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

121

Information Systems in Demography 493

DOMINIQUE TABUTIN

- I. History and Role of Observation in Demography 494
- II. A Typology of Demographic Observation Systems 496
- III. Continuous Registration Systems 497
- IV. Censuses 502
- V. Sample Surveys 507
- VI. Extra Tools: Aerial Photography and Remote Sensing 514
- VII. Neglected Sources: Administrative Information 516
- VIII. A Few Words on Qualitative Approaches 516
- IX. Privacy and Data Collection 517

CHAPTER

122

**Internal Migration: Observation
and Concepts 523**

BRIGITTE BACCAINI

- I. Diversity in Approaches and Concepts 524
- II. Multiple but Defective Sources 529

CHAPTER

123

**Conceptual Framework and Data
Collection in International Migration 537**

CORRADO BONIFAZI AND SALVATORE STROZZA

- I. The Overall Framework 538
- II. Identification Criteria for the Different Components of Migration 541
- III. A Critical Analysis of the Major Data Collection Systems 544

CHAPTER

124

Demographic Surveillance Sites 555

GILLES PISON

- I. A Growing Number of Demographic Surveillance Sites in Developing Countries 555
- II. The Demographic and Health Surveillance Sites at Bandafassi and Mlomp, Senegal 560

CHAPTER

125

Comparing to Understand 571

VIVIANA EGIDI AND PATRICK FESTY

- I. The Conditions for Comparison: Data Comparability 572
- II. Methods of Comparison 584

CHAPTER

126**Methods of Historical Demography 597**LORENZO DEL PANTA, ROSELLA RETTAROLI, AND
PAUL-ANDRE ROSENTAL

- I. Data Assessment and Checking: The Cornerstone of Research in Historical Demography 597
- II. Micro and Macro in Historical Demography: Antithetical or Complementary Approaches? 599
- III. Issues and New Directions in the Analysis of Individual Data 601
- IV. Data Series and Model-based Reconstitutions 603
- V. Statistical Methodology and Historical Demography 607

CHAPTER

127**Indirect Estimation Methods 619**

KENNETH HILL

- I. Two Types of Indirect Estimation 620
- II. Estimation Methods for Fertility 620
- III. Estimation Methods for Child Mortality 623
- IV. Estimation Methods for Adult Mortality 626
- V. Estimation Methods for Migration 629

CHAPTER

128**Model Life Tables 633**

JOSIANNE DUCHENE

- I. Model Life Tables Based on Regression Methods and on Data from Developed Countries 633
- II. The Logit System 635
- III. Model Tables Based on Regression Methods and Data from Developing Countries 637
- IV. Applying Model Tables to Data from Developing Nations 639

PART

II**STATISTICAL ANALYSES,
SPECIFIC TOOLS AND
QUALITATIVE APPROACHES 645**GRAZIELLA CASELLI, JACQUES VALLIN AND
GUILLAUME WUNSCH

CHAPTER

129**Theory Building in Demography 647**

HUBERT GERARD

- I. Theorization 647
- II. Main Theory 650
- III. Auxiliary theory 656

CHAPTER

130**Causality and Causal Models 661**

JOSIANNE DUCHENE AND GUILLAUME WUNSCH

- I. Cause and Effect in Social Science 662
- II. Causality and Statistical Modelling 665

CHAPTER

131**Multidimensional Exploratory
Analysis 671**

LAURENT TOULEMON

- I. Exploratory Data Analysis 671
- II. Methods for Multidimensional Analysis 678
- III. Methods of Classification 682

CHAPTER

132**Regression Analysis 687**

LAURENT TOULEMON

- I. Model Construction 687
- II. Why Regression? 689
- III. Types of Regression 692

CHAPTER

133**Bridging the Gap between Micro-demography and Macro-demography 695**

FRANCESCO BILLARI

- I. Why do Demographers Need to Bridge the Gap? 695
- II. Formal Demography and Statistical Demography: The Paradigm Shift 698
- III. On Empirical Analyses: Macro-level Correlations and True Micro-Level Effects 700
- IV. From Micro to Macro: The Role of Agent-based Computational Demography 703

CHAPTER

134**Fertility, Child Mortality, and Nuptiality Indicators at the Individual Level 709**

DOMINIQUE TABUTIN

- I. Data and General Problems 710
- II. Individual Fertility Indicators 710
- III. Indicators of Child Mortality Per Woman 714
- IV. Some Possibilities Regarding nuptiality 717
- V. Limitations 718

CHAPTER

135**Cohort and Period Measures of Fertility Based on Microdata 721**

ALBERTO PALLONI AND PAOLO DE SANDRE

- I. General Framework 722
- II. Extensions and Application of the Life Table Procedure 724
- III. Estimating the Tempo and Quantum Dimensions of Parity-Specific Fertility 726

CHAPTER

136**The Contribution of Qualitative Methods to Demography 731**

MICHEL BOZON

- I. Samples of Comprehensive Demography 732
- II. Qualitative Observation Techniques 734
- III. Qualitative Methods and the Quality of Demographic Data Collection 737
- IV. Qualitative Approaches and the Renewal of Demography 739

CHAPTER

137**Methods of Social Network Analysis 745**

ALEXIS FERRAND AND AINHOA DE FEDERICO DE LA RUA

- I. Observed Networks and Relational Systems 746
- II. Properties of Relationships and Networks 748
- III. Survey Protocols 754

PART

III**HISTORY OF DEMOGRAPHIC
SCIENCE, TEACHING,
AND RESEARCH 765**GRAZIELLA CASELLI, JACQUES VALLIN, AND
GUILLAUME WUNSCH

CHAPTER

138**The Origins of Demographic Science 767**

ERIC VILQUIN

- I. Demography Before 1662 767
- II. The Birth of Demographic Analysis (1662) 769
- III. Direct Measurement of Population 770
- IV. Political Arithmetic 771
- V. Development of Modern Demographic Analysis
(19th Century) 773

CHAPTER

139**Demographic Textbooks and Treatises:
Some Considerations 779**

ANNUNZIATA NOBILE AND ALESSANDRA DE ROSE

- I. European Textbooks During "Wild
Demography's" Years 780
- II. The '50's and '60's: Demography as a Global
Science 781
- III. The '70's: Demography in the Limelight 783
- IV. Demography and Demographies: Textbooks
Since the '80's 785
- V. Future Horizons: Textbooks and Manuals in the
New Millennium 790

Appendix 1: Demographic Textbooks and Treatises in
English, French, and Italian 793Appendix 2: Teaching Demography in the Russian
Language 799

ALEXANDRE AVDEEV AND MARIA AVDEEVA

Appendix 3: Demographic Treatises and Textbooks in
German 805

ALEXIA FURNKRANZ-PRSKAWETZ

Appendix 4: Demographic Treatises and Textbooks
in Spanish 809ROSA GOMEZ REDONDO AND
MARIA EUGENIA COSIO-ZAVALAAppendix 5: Demographic Treatises and Textbooks
in Portuguese 815

ELZA BERQUO

Appendix 6: Demographic Treatises and Textbooks
in Dutch 817

GIJS BEETS AND JOLANDE SIEBENGA

Appendix 7: Demographic Textbooks in
Japanese 821

SHIGEMI KONO

Appendix 8: A Selection of Demographic Treatises
and Textbooks Published in Other Languages
or Other Countries 823

MARTINE DEVILLE

CHAPTER

140**Demography Teaching and Rresearch 825**

DIONISIA MAFFIOLI

- I. Understanding Demographic Behaviors 828
- II. Participating in Social Management 830
- III. Developing Abilities of Interest for
Business 832
- IV. Teaching Demography 833
- V. Pre-University Training and
Popularization 837

CHAPTER

141**Advantages and Limitations of
Demographic Software and
Simulation Programs 841**

ANTONELLA PINNELLI AND ANNA-MARIA BIRINDELLI

- I. Using Software for Teaching Demography 842
- II. Demographic Software: Inventory and Characteristics 844
- III. Criteria for Evaluating Demographic Software 850

CHAPTER

142**Centers of Demographic Research
and Teaching 853**

DIONISIA MAFFIOLI

- I. The Origin of Institutions Devoted to Demography 854
- II. The Current Situation 861
- III. University Centers of Training and Demographic Research 863

CHAPTER

143**Demography Viewed
by Demographers 871**

MICHEL LORIAUX AND TANIA VISHNIEVSKAIA

- I. A Rather Peculiar Survey 872
- II. A Discipline Torn Between Its Historical Divisions 875
- III. A Stroll Through Demographers' Geographic, Linguistic, and Institutional Space 879
- IV Multiplicity of Study Themes 879
- V Demography's Major Factors of Change 883
- VI. Between Paradigms and Methods: Putting Demographers' Tools to the Test 884
- VII. A Discipline in Crisis or a Developing Science: Does Demography Still Have a Future?
