Table of contents

List of illustrations.	9
Authors' preface.	15
Acknowledgements.	17

Part One: Launch vehicles

1 The missiles	3
The first space launcher.	3
Thor.	4
Atlas.	6
The Titans.	14
NASA's Delta.	18
2 The Shuttle	25
Commercial satellites.	25
A final Delta.	27
The National Space Transportation System.	28
3 Back to expendables	47
Titan shock.	47
Spare part Deltas.	48
Arianespace.	48
Reinvigorated Atlas.	50
Ariane 4.	51
Delta II.	55
Atlas II.	59
Commercial Titan.	59
4 Heavyweights	71
Titan IV.	71
Proton	77
Japan's H-series.	86

vi Table of contents

5	Lightweights	97
	Black Arrow	97
	Scout	98
	Air-launched Pegasus	101
	Athena	105
	Taurus	108
	Med-Lite Delta	108
6	Boom and bust	113
	Booming prospects	113
	Bust	125
7	The Chinese experience	135
	The Long March	135
	Squeezed out	140
8	The current crop	145
	Ariane V	145
	Delta III	151
	A re-engined Atlas	155
	The Evolved Expendable Launch Vehicle	156
	Atlas III	159
	Atlas V	161
	Delta IV	161
	Phasing out the Titan IVB	169
 Part Two: Satellites and space probes		
9	Failure and redundancy	177
	Types of failure	177
	Redundancy	179
10	Propulsion system failures	181
	The difficulty of testing	181
	Trials and tribulations	182
	Making do	202
11	Attitude control system failures	211
	A classic case	211
	Sign errors	213
	Gyro failures	218
	Star tracker failures	222
12	Electrical failures	227
	Power system failures	227
	Battery failures	231
	Electromagnetic interference	236
	Communications failures	244

Component failures	252
Instrument failures	257
13 Environmental failures.	265
The space environment	265
Radiation failures.	265
Impact failures.	271
Solar failures.	278
Electrostatic discharge.	280
14 Structural failures.	285
Structural failures.	285
Mechanism failures.	295
Thermal failures.	304
15 Failures on the ground.	315
Construction failures.	315
The hazardous ground environment	317
Testing failures.	327
16 Operator and software errors.	335
Operator errors.	335
Software failures.	342
17 Conclusions.	347
False economies.	347
Patterns of failure.	348
Predicting failure.	350
Final thought	352
Index.	355
