
A Multi-Volume Comprehensive Treatise

Biotechnology

Second, Completely Revised Edition

Edited by
H.-J. Rehm and G. Reed
in cooperation with
A. Pühler and P. Stadler

Volume 5a

Recombinant Proteins, Monoclonal Antibodies and Therapeutic Genes

Edited by
A. Mountain, U. Ney and D. Schomburg

 **WILEY-VCH**

Weinheim · New York · Chichester · Brisbane · Singapore · Toronto

Contents

Introduction XV

U. Ney, D. Schomburg

Structure and Function of Proteins

- 1 Types and Function of Proteins 1
S. Wolf, H. G. Gassen
- 2 Sequence and Structure of Proteins 43
F. Eisenhaber, P. Bork
- 3 Protein Interactions 87
M. Meyer, D. Schomburg

Recombinant Proteins

- 4 In vitro Folding
of Inclusion Body Proteins
on an Industrial Scale 111
R. Rudolph, H. Lilie, E. Schwarz
- 5 Medical Applications
of Recombinant Proteins
in Humans and Animals 125
G. D. Wetzel
- 6 Enzymes for Industrial Applications 189
W. Aehle, O. Misset

Monoclonal Antibodies

- 7 Antibody Engineering
and Expression 219
J. R. Adair
- 8 Manufacture of Therapeutic
Antibodies 245
A. J. Racher, J. M. Tong, J. Bonnerjea
- 9 Use of Antibodies for Immuno-
purification 275
D. J. King
- 10 Preclinical Testing of Antibodies:
Pharmacology, Kinetics,
and Immunogenicity 289
R. Foulkes, S. Stephens
- 11 Preclinical Testing of Antibodies:
Safety Aspects 303
R. W. James
- 12 Therapeutic Applications
of Monoclonal Antibodies:
A Clinical Overview 311
M. Sopwith

Case Studies

- 13 Antibodies for Sepsis:
Some Lessons Learnt 329
S. M. Opal
- 14 An Engineered Human Antibody
for Chronic Therapy: CDP571 343
M. Sopwith, S. Stephens
- 15 Antibody Targeted Chemotherapy 355
M. S. Berger, P. R. Hamann, M. Sopwith

X *Contents*

- 16 ReoPro Clinical Development:
A Case Study 365
H. F. Weisman

Gene Therapy

- 17 Overview of Gene Therapy 383
A. Mountain
18 Viral Vectors for Gene Therapy 395
B. J. Carter
19 Non-Viral Vectors for Gene Therapy 427
N. Weir
20 Issues for Large-Scale Plasmid DNA
Manufacturing 443
M. Schleef
21 Gene Therapy for HIV Infection 471
M. Poznansky, Myra McClure,
Gregor B. Adams

Regulatory and Economic Aspects

- 22 Regulation of Antibodies
and Recombinant Proteins 495
J. Foulkes, G. Traynor
23 Regulation of Human Gene Therapy 517
J. Parker
24 Economic Considerations 531
I. J. Nicholson

Index 543
