

Climate Change and the Financial Sector

The Emerging Threat - The Solar Solution

Edited by Jeremy Leggett

Contents

Contributors	7
Foreword	13
Dr Rolf Gerling	
Introduction	15
Dr Jeremy Leggett	

Part One The nature of the threat

Background and summary.	18
1 An overview of the state of knowledge	20
A US Environmental Protection Agency briefing	
2 The threats of climate change: a dozen reasons for concern.	27
Dr Jeremy Leggett	

Part Two Global warming as an emerging threat to the financial sector Proceedings of the Berlin seminar

Background and summary.	60
3 An insurer's perspective.	64
Dr Andrew Dlugolecki	
4 A reinsurer's perspective.	82
Franklin W. Nutter	
5 A banker's perspective 1.	91
Dr Sven M. Hansen	

6	A banker's perspective n	104
	Hilary Thompson	
7	A pension fund perspective	112
	Tessa Tennant	
8	A financial analyst's perspective 1.	123
	Mark Mansley	
9	A financial analyst's perspective n	135
	Kaspar Mueller	
10	An environmentalist's perspective.	144
	Dr Jeremy Leggett	
11	Discussion.	159

Part Three
The solar route to risk-abatement
at source

Proceedings of the Washington DC seminar

	Background and summary.	182
12	Insurance strategies for greenhouse risk-abatement	185
	Carlos Joly	
13	An oilman's view of the emerging market for solar power.	199
	Robert C. Kelly	

	UNEP Statement of Environmental Commitment by the Insurance Industry.	209
