CONTENTS

INTRODUCTION TO THE SERIES	vii
ENDORSEMENTS	viii
ACKNOWLEDGEMENTS	xi
CHAPTER 1 TOURISM AND TRADE	1
1.1. Introduction	1
1.2. Organization of the book	3
1.3. Conclusion	8
References	8
CHAPTER 2 A TWO-SECTOR GENERAL EQUILIBRIUM MODEL OF A SMALL OPEN ECONOMY	11
2.1. Introduction	11
2.2. A two-sector model of a small open economy	12
2.3. Important relationships	20
2.4. Duality relations in the small open economy model	25
2.5. A digression: the production possibility curve	31
2.6. Trade and distortion theory	35
2.7. Conclusion	38
References	38
CHAPTER 3 NON-TRADED GOODS AND TOURISM IN THE PURE THEORY OF TRADE	41
3.1. Introduction	41
3.2. The dependency model	42

3.2.1.	A four quadrant diagram and the determination of equilibrium with non-traded goods	46
3.2.2.	Consumption possibility schedule	47
3.2.3.	The difference between production and consumption sets	50
3.2.4.	Monopoly power in trade and the possibility of non-convexity of the consumption set	51
3.3.	Tourism and monopoly power in trade	54
3.4.	A tourism boom and its consequences	58
3.5.	Conclusion	60
	Appendix A3. An example showing that the consumption possibility transformation surface with tourists lies partly inside the curve without tourists	60
	References	65
 CHAPTER 4 TOURISM, TAXES AND IMMISERIZATION IN A TWO-COUNTRY TRADE MODEL		 67
4.1.	Introduction	67
4.2.	A two-country model of tourism	68
4.3.	Results	71
	4.3.1. Derivation of the offer curve, optimal tariff and problems of taxation	71
	4.3.2. Tourist boom and home immiserization	75
	4.3.3. Technical progress (expansion in the tourism sector) and welfare (home country)	77
4.4.	Conclusion	81
	References	81
 CHAPTER 5 PRICE DISCRIMINATION, TOURISM AND WELFARE		 83
5.1.	Introduction	83
5.2.	The model	84
5.3.	Results	88
	5.3.1. Terms of trade, output changes and resident welfare	88

5.3.2. Increase in tourist demand, output changes and resident welfare	91
5.4. Increasing returns to scale	94
5.5. Conclusion	- 96
References	97
CHAPTER 6 TOURISM, GUEST WORKERS AND RESIDENT IMMISERIZATION	99
6.1. Introduction	99
6.2. A model of tourism with guest workers	100
6.3. Results	103
6.4. Conclusion	116
Appendix A6. Derivations'	116
Appendix B6. An alternative model	122
B6.1. Introduction	122
B6.2. The model	122
B6.3. Results	126
B6.4. Derivation of the results to Appendix B6	130
References	132
CHAPTER 7 TOURISM, ILLEGAL MIGRANTS AND RESIDENT WELFARE	133
7.1. Introduction	133
7.2. The model	134
7.3. Results	137
7.4. Conclusion	142
References	142
CHAPTER 8 TOURISM IN THE GENERALIZED HARRIS-TODARO MODEL AND REGIONAL IMMISERIZATION	145
8.1. Introduction	145
8.2. A regional model with tourism	147

8.3. A geometric representation of the model	150
8.4. Results	156
8.4.1. Urban tourism boom	156
8.4.2. Rural tourism boom	163
8.5. Conclusion	166
Appendix A8. Tourism and regional immiserization	166
A8.1. Urban region	166
A8.2. Rural region	168
References	170
CHAPTER 9 TOURISM, INCREASING RETURNS AND WELFARE	171
9.1. Introduction	171
9.2. The model	172
9.3. Results	178
9.4. Conclusion	182
References	184
CHAPTER 10 TOURISM AND GROWTH IN A DYNAMIC MODEL OF TRADE	185
10.1. Introduction	185
10.2. The model	187
10.2.1. Short-run (momentary) equilibrium	187
10.2.2. Long-run equilibrium	190
10.3. Conclusion	194
References	194
CHAPTER 11 OPTIMAL GROWTH AND TOURISM	197
11.1. Introduction	197
11.2. Tourism and growth	198
11.3. Optimal taxation of tourism in growth	205
11.4. Conclusion	207
References	208

CHAPTER 12	COMPETITION FOR TOURISM IN THE OECD COUNTRIES	211
12.1.	Introduction	211
12.2.	Competitiveness in tourism	212
12.3.	Real exchange rates and destination competitiveness	215
12.4.	Econometric analysis of tourism specialization	220
12.4.1.	Analysis of the countries' specialization in tourism	222
12.4.2.	Econometric analysis of the interface between specialization and level of development in tourism	225
12.4.3.	Panel regression results	229
12.5.	Conclusion	232
	References	233
