TABLE OF CONTENTS

1	Introduction.....	1
1.1	Background.....	1
1.2	Structure of the Dissertation.....	3
1.3	Literature.....	4
1.3.1	Product Development and Software Development.....	4
1.3.2	Dynamic Capabilities.....	11
1.3.3	Strategic Types.....	14
1.3.4	Absorptive Capacity.....	17
1.4	Research Questions.....	19
2	Methodology and Data.....	22
2.1	Multiple Case Study Research.....	22
2.2	Statistical Research.....	24
3	Overview of the Results.....	27
4	Discussion and Conclusions.....	30
4.1	Contributions.....	30
4.2	Quality.....	38
4.3	Implications for Practice and Research.....	42
4.3.1	Managerial Implications.....	42
4.3.2	Avenues for Further Research.....	43
	References.....	47
	Essay I: Dynamic Capabilities in the Software Process.....	58
	Abstract.....	58
1	Introduction.....	59
2	Foundations from the Field of Software Engineering.....	60
3	The Resource-based View and Dynamic Capabilities.....	61
4	Dynamic Capabilities, Product Development and the Software Industry.....	64
5	The Software Process.....	65
6	Roles of Dynamic Capabilities in the Software Process.....	69
7	Discussion and Conclusions.....	73
	References.....	76
	Essay II: Absorptive Capacity as a Determinant of Software Product Development Performance.....	79
	Abstract.....	79
1	Introduction.....	80
2	Key Literature.....	82
2.1	Reconceptualization of ACAP by Zahra and George.....	82
2.2	Reconceptualization of Dynamic Capabilities by Eisenhardt and Martin.....	85
2.3	Software Product Development.....	89
3	Methods.....	90
3.1	Research Design.....	90
3.2	Data Collection.....	92
3.3	Data Analysis.....	94
4	The Model.....	95
4.1	Results.....	95
4.2	The Proposition on the High-velocity Aspect of the Model.....	97

4.3	The Proposition on the Medium-velocity Aspect of the Model.....	104
5	Discussion and Conclusions.....	108
	References.....	112

Essay III: Absorptive Capacity and Market Velocity as Triggers of Value for Software Product Development Performance.....117

	Abstract.....	117
1	Introduction.....	118
2	A Brief Survey of Central Literature Areas.....	121
2.1	Zahra and George's Definition and Reconceptualization of ACAP, and Subsequent Criticism Thereof.....	121
2.2	Dynamic Capabilities.....	125
2.3	Software Product Development: "Plan-driven" and Agile Development Methods.....	127
3	The Velocity Spread of Software Markets, Absorptive Capacity, and Software Product Development.....	130
3.1	The Velocity Spread and Development Methods.....	130
3.2	Model on Software Product Development Performance by Makela.....	135
4	A Model on Value Triggering for Software Product Development Performance.....	138
4.1	General Issues.....	138
4.2	Plan-driven Versus Agile Methods.....	144
4.3	Appropriation Capability.....	149
5	Discussion and Conclusions.....	150
	References.....	156

Essay IV: Software Process Capability and Product Development Performance as Determinants of Firm Performance.....163

	Abstract.....	163
1	Introduction.....	164
2	Literature and Hypothesis Development.....	166
2.1	Software Engineering and Software Product Development.....	166
2.2	Strategic Types.....	168
2.3	Hypothesis Development.....	171
3	Sample.....	176
4	Constructs and Measures.....	178
5	Data Collection and Analysis.....	186
6	Results.....	188
6.1	Descriptive Results.....	188
6.2	Indirect Effect Model and Moderation Models.....	189
7	Discussion and Conclusions.....	191
	References.....	198
