BirgitKopainsky

A system dynamics analysis of socio-economic
development in lagging Swiss regions

**Shaker Verlag
Aachen 2005**

Table of contents

List of figures	v
List of tables	ix
Summary	xi
Zusammenfassung	xiii
1 Introduction	1
1.1 Main trends and issues in rural regions	2
1.2 Aim of the study	5
1.3 Plan of the study	6
2 Research methods	7
2.1 Introduction to modeling	8
2.2 System dynamics: simulation for policy analysis from a feedback perspective	11
2.2.1 <i>Conceptual tools</i>	11
2.2.2 <i>Simulation method.</i>	14
2.2.3 <i>Modeling process</i>	15
2.3 Application and combination with other research methods	18
3 Economic analysis of regional rural development	21
3.1 Rural areas and rural development	21
3.2 Stakeholders in rural areas	22
3.3 Functions of rural areas	23
3.4 Structural change and regional rural development	27
3.4.1 <i>Effect of push- and pull-forces on interregional flows of production factors</i>	30
3.4.2 <i>Effect of push- and pull-forces on intraregional settlement and cultivation of landscape.</i>	32
3.5 Development patterns in rural areas	34
3.5.1 <i>Types of rural areas</i>	34
3.5.2 <i>Particularly vulnerable rural areas</i>	38
3.5.3 <i>Socioeconomic situation in particularly vulnerable communities</i>	41
3.6 Conclusions to the economic analysis of lagging rural regions	49
4 Regional policy	51
4.1 Regional policy as public policy	51
4.2 Regional policy as structural policy	53
4.3 Regional policy instruments	55
4.3.1 <i>Labor and capital subsidies</i>	56
4.3.2 <i>Infrastructure policy.</i>	58
4.3.3 <i>Other regional policy instruments</i>	59

4.4	Regional policy in Switzerland	60
4.4.1	<i>Old regional policy paradigm</i>	60
4.4.2	<i>New regional policy paradigm</i>	61
4.5	Conclusions to regional policy	64
5	Analysis of feedback complexity: theories on employment and population development...	65
5.1	Regional economics and rural studies	65
5.1.1	<i>Regional economics</i>	65
5.1.2	<i>Rural studies</i>	68
5.1.3	<i>Conclusions from theories in regional economics and rural studies</i>	69
5.2	Theories supported by empirical evidence	71
5.2.1	<i>Product market, factor market and population</i>	72
5.2.2	<i>Regional innovation and local institutional dynamics</i>	74
5.3	Feedback complexity of relevant theories	81
5.3.1	<i>Product market, factor market and population</i>	81
5.3.2	<i>Regional innovation and local institutional dynamics</i>	87
5.4	Conclusions from the analysis of feedback complexity in relevant theories	91
6	Model specification.....	93
6.1	Model overview	93
6.2	Product market	96
6.2.1	<i>Goods production</i>	97
6.2.2	<i>Goods consumption and price</i>	98
6.2.3	<i>Summary product market</i>	100
6.3	Factor market	101
6.3.1	<i>Labor</i>	102
6.3.2	<i>Capital</i>	103
6.3.3	<i>Labor – capital interactions</i>	103
6.4	Population	106
6.5	Initiatives	110
6.6	Implementation dynamics	115
7	Model testing and evaluation.....	119
7.1	Partial model tests	119
7.1.1	<i>Partial model testing of the model sectors 'product market', 'factor market' and 'population'</i>	120
7.1.2	<i>Partial model testing of the model sectors 'initiatives' and 'implementation dynamics'..</i>	127
7.2	Behavior reproduction tests	131
7.2.1	<i>Particularly vulnerable communities</i>	133
7.2.2	<i>Agrarian communities</i>	135
7.2.3	<i>Residential communities with services</i>	137
7.2.4	<i>Tourist communities</i>	138

7.3	Boundary adequacy tests	138
7.3.1	<i>Selected communities with endogenous activities</i>	142
7.4	Behavior and policy insights from model testing	144
8	Scenario and policy analysis.....	149
8.1	Base run	149
8.2	Scenarios	150
8.3	Policies	155
8.3.1	<i>Policies to shape structural change</i>	156
8.3.2	<i>Policies to enhance innovation capacity and to compensate external forces</i>	165
8.3.3	<i>Policies for a transition towards steady state</i>	169
8.4	Conclusions from scenario and policy analysis	177
9	Conclusions.....	179
9.1	Policy implications	179
9.1.1	<i>Principles for regional rural development strategies</i>	180
9.1.2	<i>Implications for the new regional policy paradigm</i>	183
9.1.3	<i>Implications for the maintenance of a decentralized settlement of the country</i>	184
9.2	Conclusions from applying a feedback perspective	185
9.3	Implications for further research	186
9.3.1	<i>Further research for theory.</i>	186
9.3.2	<i>Further research for modeling</i>	187
9.3.3	<i>Further research for policy</i>	187
10	Bibliography	189
10.1	Statistical data	198
Appendix 1: Nonlinear functions	199
Appendix 1.1:	Nonlinear functions in the model sector 'product market' (pages 41ff)	199
Appendix 1.2:	Nonlinear functions in the model sector 'factor market' (pages 41ff)	199
Appendix 1.3:	Nonlinear functions in the model sector 'population' (pages 41ff)	201
Appendix 1.4:	Nonlinear functions in the model sector 'initiatives' (pages 41ff)	202
Appendix 1.5:	Nonlinear functions in the model sector 'implementation dynamics' (pages 41ff)	203
Appendix 2: Curriculum Vitae.....		205
