# Table of Contents

## Part I

**GETTING STARTED**  1

### CHAPTER 1

**INTRODUCTION**  2

Public Finance and Ideology  3
  - Organic View of Government  3
  - Mechanistic View of Government  4
Viewpoint of This Book  5

Government at a Glance  5
  - The Legal Framework  6
  - The Size of Government  7
Expenditures  10
Revenues  12
Our Agenda  13

Summary  14
Discussion Questions  14

Appendix: Doing Research in Public Finance  16

### CHAPTER 2

**TOOLS OF POSITIVE ANALYSIS**  18

The Role of Theory  18

Causation versus Correlation  20

Experimental Studies  21
  - Conducting an Experimental Study  22
  - Pitfalls of Experimental Studies  23

Observational Studies  24
  - Conducting an Observational Study  25
  - Pitfalls of Observational Studies  26

Quasi-Experimental Studies  27
  - Conducting a Quasi-Experimental Study  28
  - Pitfalls of Quasi-Experimental Studies  30

Conclusions  31

Summary  32
Discussion Questions  32

### CHAPTER 3

**TOOLS OF NORMATIVE ANALYSIS**  34

Welfare Economics  34
  - Pure Economy Exchange  34
  - Production Economy  39

The First Fundamental Theorem of Welfare Economics  41
Fairness and the Second Fundamental Theorem of Welfare Economics  42
Market Failure  46
  - Market Power  46
  - Nonexistence of Markets  47
Overview  48
Buying into Welfare Economics  48

Summary  50
Discussion Questions  50

## Part II

**PUBLIC EXPENDITURE: PUBLIC GOODS AND EXTERNALITIES**  53

### CHAPTER 4

**PUBLIC GOODS**  54

Public Goods Defined  54

Efficient Provision of Public Goods  56
  - Deriving the Efficiency Condition  58
  - Problems in Achieving Efficiency  61
  - The Free Rider Problem  63

The Privatization Debate  64

Public versus Private Provision  64
Public versus Private Production  65

Public Goods and Public Choice  68

Summary  69
Discussion Questions  69

Appendix: Preference Revelation Mechanisms  71

### CHAPTER 5

**EXTERNALITIES**  73

The Nature of Externalities  74

Graphical Analysis  76
  - Implications  77
  - Conclusion  81

Private Responses  81
  - Bargaining and the Coase Theorem  81
  - Mergers  83
  - Social Conventions  83
Public Responses to Externalities: Taxes and Subsidies 84

Taxes 84
Subsidies 85

Public Responses to Externalities: Emissions Fees and Cap-and-Trade Programs 87
Emissions Fee 88
Cap-and-Trade 91
Emissions Fee versus Cap-and-Trade 93
Command-and-Control Regulation 97

The US Response 99
Progress with Incentive-based Approaches 100

Implications for Income Distribution 101
Who Benefits? 101
Who Bears the Cost? 102

Positive Externalities 102
A Cautionary Note 103

Summary 105
Discussion Questions 105

CHAPTER 6
POLITICAL ECONOMY 108

Direct Democracy 108
Unanimity Rules 109
Majority Voting Rules 110
Logrolling 114
Arrow's Impossibility Theorem 116

Representative Democracy 117
Elected Politicians 118
Public Employees 120
Special Interests 122
Other Actors 126

Explaining Government Growth 127
Controlling Government Growth 130
Conclusions 133

Summary 133
Discussion Questions 134

CHAPTER 7
EDUCATION 136

Justifying Government Intervention in Education 137
Is Education a Public Good? 137
Does Education Generate Positive Externalities? 137
Is the Education Market Inequitable? 139

What can Government Intervention in Education Accomplish? 140
Does Government Intervention Crowd Out Private Education? 140
Does Government Spending Improve Educational Outcomes? 141
Public Spending and the Quality of Education 143
Does Education Increase Earnings? 144

New Directions for Public Education 145
Charter Schools 146
Vouchers 146
School Accountability 148

Summary 149
Discussion Questions 150

CHAPTER 8
COST-BENEFIT ANALYSIS 152

Present Value 152
Projecting Present Dollars into the Future 153
Projecting Future Dollars into the Present 153
Inflation 154

Private Sector Project Evaluation 155
Internal Rate of Return 157
Benefit-Cost Ratio 158

Discount Rate for Government Projects 159
Rates Based on Returns in the Private Sector 159
Social Discount Rate 160
Discounting and the Economics of Climate Change 161
Government Discounting in Practice 161

Valuing Public Benefits and Costs 162
Market Prices 162
Adjusted Market Prices 163
Consumer Surplus? 164
Inferences from Economic Behavior 165
Valuing Intangibles 168

Games Cost-Benefit Analysts Play 168
The Chain-Reaction Game 168
The Labor Game 169
The Double-Counting Game 169

The Excess Burden of Income Taxation 170
# Table of Contents

Distributional Considerations 169  
Uncertainty 170  
An Application: Are Reductions in Class Size Worth It? 171  
Discount Rate 172  
Costs 172  
Benefits 172  
The Bottom Line and Evaluation 173  
Use (and Nonuse) by Government 174  
Summary 175  
Discussion Questions 175  
Appendix: Calculating the Certainty Equivalent Value 177

## Part III
PUBLIC EXPENDITURE: SOCIAL INSURANCE AND INCOME MAINTENANCE 179

### CHAPTER 9
THE HEALTH CARE MARKET 180  
What's Special about Health Care? 180  
The Role of Insurance 180  
The Role of Risk Pooling 186  
Adverse Selection in the Health Insurance Market 186  
Insurance and Moral Hazard 190  
Other Information Problems in the Health Care Market 195  
Externalities of Health Care 196  
Do We Want Efficient Provision of Health Care? 196  
Paternalism 196  
The Problem of the Uninsured 196  
High Health Care Costs 199  
Summary 202  
Discussion Questions 203

### CHAPTER 10
GOVERNMENT AND THE MARKET FOR HEALTH CARE 205  
Private Health Insurance 205  
The Implicit Subsidy for Employer-Provided Insurance 206  
The Advantages of Employer-Provided Health Insurance 207  
Employer-Provided Health Insurance and Job Lock 208  
Cost Control and Private Insurance 209  
Government Provision of Health Insurance: Medicare and Medicaid 210  
Medicare: Overview 210  
Cost Control under Medicare 213  
Medicare: Impacts on Spending and Health 215  
Medicaid: Overview 216  
Medicaid: Impacts on Health 218  
Health Care Reform 220  
Mandates 220  
Health Savings Accounts 221  
Single Payer 222  
Final Thoughts 224  
Summary 224  
Discussion Questions 225

### CHAPTER 11
SOCIAL SECURITY 227  
Why Have Social Security? 228  
Consumption Smoothing and the Annuity Market 228  
Adverse Selection and the Annuity Market 229  
Other Justifications 229  
Structure of Social Security 231  
Basic Components 231  
Distributional Issues 235  
The Trust Fund 239  
Effects of Social Security on Economic Behavior 240  
Saving Behavior 240  
Retirement Decisions 246  
Implications 246  
Long-Term Stresses On Social Security 247  
Social Security Reform 248  
Maintain the Current System 248  
Privatize the System 250  
Conclusions 253  
Summary 253  
Discussion Questions 254

**CHAPTER 12**

## Table of Contents

### CHAPTER 19
THE CORPORATION TAX

- **Why Tax Corporations?** 438
- **Structure** 439
  - Employee Compensation Deducted 439
  - Interest, but Not Dividends, Deducted 439
  - Depreciation Deducted 440
  - Investment Tax Credit 442
  - Treatment of Dividends versus Retained Earnings 442
  - Effective Tax Rate on Corporate Capital 443
- **Incidence and Excess Burden** 443
  - A Tax on Corporate Capital 443
  - A Tax on Economic Profits 444
- **Effects on Behavior** 445
  - Total Physical Investment 445
  - Types of Asset 448
  - Corporate Finance 448
- **State Corporation Taxes** 451
- **Taxation of Multinational Corporations** 451
  - Evaluation 453
- **Corporation Tax Reform** 455
  - Full Integration 455
  - Dividend Relief 457
- **Summary** 458
- **Discussion Questions** 459

### CHAPTER 20
DEFICIT FINANCE

- **How Big Is the Debt?** 461
  - Interpreting Deficit, Surplus, and Debt Numbers 462
  - Summing Up 466
- **The Burden of The Debt** 466
  - Lerner's View 466
  - An Overlapping Generations Model 467
  - Neoclassical Model 469
  - Ricardian Model 470
  - Overview 471
- **To Tax or to Borrow?** 471
  - Benefits-Received Principle 471
  - Intergenerational Equity 471
  - Efficiency Considerations 471
  - Macroeconomic Considerations 473
- **Overview** 474
- **Summary** 475
- **Discussion Questions** 475

### CHAPTER 21
FUNDAMENTAL TAX REFORM: TAXES ON CONSUMPTION AND WEALTH

- **Efficiency and Equity of Personal Consumption Taxes** 477
  - Efficiency Issues 478
  - Equity Issues 479
- **Retail Sales Tax** 482
  - Rationalizations 483
  - Efficiency and Distributional Implications of State Sales Taxes 484
  - A National Retail Sales Tax? 485
- **Value-Added Tax** 486
  - Implementation Issues 486
  - A VAT for the United States? 487
- **Hall-Rabushka Flat Tax** 489
- **Cash-Flow Tax** 490
- **Income versus Consumption Taxation** 490
  - Advantages of a Consumption Tax 491
  - Disadvantages of a Consumption Tax 493
  - Problems with Both Systems 493
- **Wealth Taxes** 494
- **Estate and Gift Taxes** 496
  - Rationales 496
  - Provisions 498
  - Reforming Estate and Gift Taxes 501
- **Prospects for Fundamental Tax Reform** 501
- **Summary** 502
- **Discussion Questions** 503

### Part VI
MULTIGOVERNMENT PUBLIC FINANCE

- **Overview** 505
- **Summary** 506
- **Discussion Questions** 507

### CHAPTER 22
PUBLIC FINANCE IN A FEDERAL SYSTEM

- **Background** 507
- **Community Formation** 508
- **The Tiebout Model** 509
Tiebout's Assumptions 510
Tiebout and the Real World 511

Optimal Federalism 512
Disadvantages of a Decentralized System 512
Advantages of a Decentralized System 515
Implications 516
Public Education in a Federal System 517

Property Tax 519
Incidence and Efficiency Effects 519
Why Do People Hate the Property Tax So Much? 525

Intergovernmental Grants 527
Types of Grants 528
The Flypaper Effect 532
Intergovernmental Grants for Education 533

APPENDIX: SOME BASIC MICROECONOMICS 537
