

DIRECTIONS IN DEVELOPMENT

Energy and Mining

More Power to India

The Challenge of Electricity Distribution

Sheoli Pargal and Sudeshna Ghosh Banerjee

THE WORLD BANK
Washington, D.C.

Contents

<i>Foreword</i>	<i>xiii</i>	
<i>Acknowledgments</i>	<i>xv</i>	
<i>About the Authors</i>	<i>xvii</i>	
<i>Abbreviations</i>	<i>xix</i>	
Overview	1	
Evolution of Policies and Institutions	1	
Impressive Achievements in Many Dimensions	2	
The Agenda for Addressing Distribution Performance Must Now Be a Priority	3	
Analyzing Operational and Financial Performance of Distribution	5	
The Sector Operating Environment Has Contributed to Discom Financial Difficulties	6	
Institutional Factors and Governance Shortcomings Are Other Contributors	8	
Way Forward: Priority Areas for Action	11	
Notes	14	
References	17	
Introduction	19	
Note	20	
References	20	
Chapter 1	Evolution of Policies and Institutions	23
	Policy Space Uneventful through 1991	25
	Sector Restructuring and Independent Regulation in the 1990s	26
	The Lead-Up to the Electricity Act of 2003	27
	Notes	31
	References	32

Chapter 2	Impressive Achievements in Many Dimensions	33
	A Tripling of Generation Capacity	33
	Progress toward a Clean Energy Future	35
	Creating a National Grid	37
	Developing Competitive Power Markets	40
	Competitive Power Procurement	42
	Massive Expansion of Access	45
	Promising Examples in Distribution	48
	Notes	51
	References	52
Chapter 3	Deterioration of Distribution Finances	55
	State Subsidies to the Sector Impose a Heavy Opportunity Cost	55
	Rising Power Sector Debt Has Escalated the Risk of Financial Contagion	61
	The Central Government's Response to the Risk of Contagion	65
	Projected Sector Finances at the End of the 12th Five-Year Plan	66
	Notes	69
	References	69
Chapter 4	Drivers of Losses	71
	Rising Gap between Cost and Revenue	71
	Inefficiencies in Distribution and Generation	74
	Decomposition of Utility Losses	76
	Tariff Performance on Equity	82
	Benchmarking Utilities on Financial and Operational Indicators	88
	Notes	95
	References	96
Chapter 5	Implementing Sector Reforms	97
	Implementation of Reforms Index	97
	Sector Outcomes Index	101
	Relationship between Implementation of Reforms and Sector Outcomes	103
	Note	104
	Reference	104
Chapter 6	The Role of Governance and Institutional Factors	105
	Vertical Restructuring: Unbundling State Electricity Boards	106
	Corporate Governance	107

	Regulatory Governance	115
	Central Mandates	123
	Notes	130
	Bibliography	131
Chapter 7	Moving Toward Efficient and Effective Service Delivery	133
	Align Stakeholder Incentives	134
	Strengthen Regulatory Governance and Processes	134
	Implement Key Regulatory Mandates	136
	Improve Corporate Governance of State Utilities	137
	Promote Responsible Lending to the Sector	138
	Ensure Availability of High-Quality, Updated Data	138
	Reinvigorate Planning and Coordination Mechanisms	139
	Explore Different Models to Improve Distribution	140
	Promote Electrification in a Financially Responsible Manner through Different Delivery Models	141
	Notes	142
	References	144
Appendix A	Advantages of the Point of Connection Method in Assessing Transmission Charges	145
	References	147
Appendix B	Measures to Overcome Barriers in Integrating Renewable Energy into the Electricity Grid	149
	References	151
Appendix C	Considerations for Attracting Private Investment in Hydropower	153
	Note	155
	References	155
Appendix D	Experience with Multiple Transmission Owners	157
	References	161
Appendix E	Maharashtra State Electricity Transmission Company's Strategic Alliance Model	163
	Reference	165
Appendix F	International Experience in Private Sector Participation in Transmission and Distribution	167
	Selected Country Experiences	168
	Key Findings	170
	Notes	172
	References	172

Appendix G	International Experience in Open Access	173
	Country Experiences	173
	Key Considerations in Designing OA	175
	Implementation Issues	176
	References	177
Appendix H	Coal Sector Challenges and the Power Sector	179
	International Experience with Coal for Power Generation	184
	References	188
Appendix I	Best Practices in Electricity Theft Reduction	191
	Notes	194
	Reference	194
Appendix J	Regulatory Assets: The Delhi Case	195
	Notes	197
	References	197
Appendix K	A Strategic Model to Improve Distribution Performance—Energis in Chile	199
	Note	201
	Reference	201
Appendix L	Separation of Carriage and Content in Distribution—Potential Benefits and International Experience	203
	India	203
	New Zealand	205
	The United States	208
	European Union	208
	Concluding Observations	210
	Notes	211
	References	212
Appendix M	Productive Use of Electricity—Experience from Indonesia and Peru	213
	Reference	214
Appendix N	Regression Results—Governance and Performance	215
Appendix O	Overview of the India Power Sector Review Databases	219
	Bibliography	227
Appendix P	Background Papers	229

Boxes

1.1	Reform Areas of the Electricity Act of 2003 (and Subsequent Policies): Objectives and Mandates	28
2.1	The Bhiwandi and Agra Distribution Franchises: A Success Story	49
4.1	Improving Rural Supply: Rural Feeder Segregation in Indian States	83
4.2	Kerala—A Successful State Electricity Board	91
4.3	Design of a State Performance Index Using the Analytic Hierarchy Process	93
6.1	Good Practices in Corporate Governance for State Utilities	108
6.2	Corporate Governance in West Bengal	112
6.3	Organizational Transformation and a Turnaround in Performance in Gujarat	113
6.4	Involving Consumers as Stakeholders: Selected State Electricity Regulatory Commission Experiences	119
6.5	Impact of Metering on Operational and Financial Efficiency in Rural Haryana	129

Figures

1.1	Impact of Inadequate and Unreliable Electricity on Firms	24
1.2	Electricity Sector Policies and Schemes over Time	25
1.3	Timeline of Sector Unbundling and Establishment of Regulatory Commissions	27
1.4	Power Sector Structure by State, 2013	30
2.1	Generation Capacity	34
2.2	Captive Generation	35
2.3	Renewable Energy Capacity	36
2.4	Plan-Wise Expansion of Transmission Lines	38
2.5	Industry Structure after 2003	40
2.6	Short-Term Market for Electricity	41
2.7	Number of People Gaining Access, 2000-10	46
2.8	Growth of Access and Population, 2000-10	46
2.9	Affordability and Reliability of Electricity	47
2.10	AT&C Losses, 2003/04-2010/11—Best and Worst Performers by State	48
3.1	Accumulated Losses by Segment, 2003-11	56
3.2	Accumulated Losses by State, 2003-11	57
3.3	Annual Profit or Loss after Tax, 2003-11	58
3.4	Profit/Loss after Tax and Subsidies Booked, 2011	59
3.5	Subsidies Booked and Received, 2003-11	60
3.6	State Support to the Power Sector, 2011	61
3.7	Debt Owed by the Power Sector	62
3.8	Debt Owed by State Utilities, 2011	63
3.9	Outstanding Loans among Subsectors and by Creditors	64
3.10	Funded Loans to the Power Sector as Share of Net Worth of 13 Major Banks, 2010	65

3.11	Projected Change in Gap without Subsidy, 2011-17	67
3.12	Gap with and without Subsidy, 2013-17	68
4.1	Average Cost and Average Revenue, 2003-11	72
4.2	Gap between Average Cost and Average Revenue, 2011	72
4.3	Composition of Total Cost	73
4.4	Power Purchase Efficiency Scores Based on Stochastic Frontier Analysis	74
4.5	Thermal Power Plant Status by State	75
4.6	Decomposition of Losses, 2003 and 2011	76
4.7	Decomposition of Losses, as Share of Revenue	77
4.8	Losses from Underpricing	78
4.9	Tariff Performance	79
4.10	Losses from Distribution	80
4.11	Losses from Collection	81
4.12	Effective Tariffs by Consumer Group, 2012	82
4.13	Consumer Mix Overview in 1991, 2001, and 2011	85
4.14	Subsidy Prevalence by State, 2010	86
4.15	Household Subsidy Coverage, 2010	87
4.16	Subsidies Leaking to Households above the Poverty Line, 2010	87
4.17	Evolution of Performance of Top and Bottom Discoms, 2003/04-2010/11	89
4.18	Best and Worst Performing States in the Analytic Hierarchy Process Index, 2006-10	94
5.1	State Performance on Reform Areas	100
5.2	Progress on Reform Implementation—Top Five and Bottom Five States by Reform Area	100
5.3	State Progress on Expected Outcomes	102
5.4	State Performance on Sector Outcomes Subindexes	103
5.5	Relationship between Reform Implementation and Outcomes	104
6.1	Basic Index: Share of Utilities in Compliance with Key Good Practices	110
6.2	Implementation of Key Regulatory Mandates Index Scores	118
6.3	Institutional Design Index Scores	120
6.4	Transmission Company Costs Filed and Approved, 2010/11	122
6.5	Amount Disbursed, Sanctioned Cost, and Estimated Final Cost, 2013	124
6.6	Financial Burden of Serving Rural Consumers, 2010	126
6.7	Implementation of Technical Solutions	128
H.1	Incremental Coal Requirement and Coal Production, 2007/08-2011/12	180
H.2	Proposed Coal Production and Linkages Granted	180
H.3	Captive Coal Blocks, Targets and Actual Production	182
L.1	Breakdown of New Zealanders' Annual Expenditure on Electricity	207

Tables

2.1	National Solar Mission Targets, 2010-22	44
B2.1.1	Progress in Bhiwandi's Power Sector over 2006-11	49
3.1	Status and Projections of Candidate States for Financial Restructuring	68
4.1	Tariff Performance and Utility Losses, 2011	81
5.1	Implementation of Reforms Index	98
5.2	Sector Outcomes Index	101
6.1	The Basic Corporate Governance Index	109
6.2	Characteristics of Top Five Utilities Covered in the Detailed Index	111
6.3	Correlation between Corporate Governance Variables and Performance Measures	114
6.4	Indexes of Implementation of Key Regulatory Mandates and Institutional Design	116
B6.5.1	Savings Achieved by Pilot Project in Singhran and Chirod Villages	129
D.1	International Experiences with Market and Regulatory Organizations with Multiple Grid Owners	158
H.1	Environmental Clearances and Increases in Production	181
H.2	Coal Production, Targets and Actual, 2011/12	182
H.3	Coal Production, Market Structure, and Regulation: Some International Examples	185
N.1	Regression of Utility Performance on State, Utility, and Corporate Governance Variables, 2010	216
N.2	Regression of Utility Performance on State, Utility, and Corporate Governance Variables, 2011	217
N.3	Regression of Utility Performance on State, Utility, and Regulatory Governance Variables, 2010	218
N.4	Regression of Utility Performance on State, Utility, and Regulatory Governance Variables, 2011	218
O.1	Summary of India Power Sector Review Data	220
0.2	Utility-Level Data: Financial and Operational Performance	221
0.3	Utility-Level Data: Corporate Governance	223
0.4	State-Level Data: Market Structure	224
0.5	State-Level Data: Rural Electrification and RGGVY	224
0.6	State-Level Data: Tariff and Subsidiaries	225
0.7	State-Level Data: Regulatory Governance	225
