<i>List of figures</i>	<i>page</i>	ix
<i>List of tables</i>		xv
<i>Preface and acknowledgements</i>		xvi
<i>Abbreviations</i>		xxv
<b>1 Interactions between nature and society in the late-medieval world</b>		<b>1</b>
1.01 The Great Transition: an outline chronology		3
1.02 The Great Transition and the Great Divergence		19
1.03 Critical transitions in nature and society		20
1.04 Tracking the Great Transition: issues of scale, focus and evidence		24
<b>2 Efflorescence: the enabling environment and the rise of Latin Christendom</b>		<b>30</b>
2.01 Latin Christendom's take-off to sustained growth		34
2.02 The Medieval Climate Anomaly (MCA)		36
2.03 The growth of Old World populations		58
2.04 The institutional underpinnings of Latin Christendom's commercial expansion		65
2.05 Latin Christendom's commercial revolution		85
2.06 The enabling environment and Latin Christendom's high-medieval efflorescence		130
<b>3 A precarious balance: mounting economic vulnerability in an era of increasing climatic instability and re-emergent pathogens</b>		<b>134</b>
3.01 From efflorescence to recession		135
3.02 Increasing climatic instability		198
3.03 Re-emergent pathogens		209
3.04 A precarious balance		253
Appendix 3.1 The landed incomes of English households in 1290		261

4	Tipping point: war, climate change and plague shift the balance	267
4.01	Escalating warfare and deepening commercial recession	267
4.02	Old World climates on the cusp of change	277
4.03	Eruption of the Black Death in Europe	289
4.04	The Black Death's lasting epidemiological legacy	313
4.05	The Black Death: an enigma resolved?	319
4.06	Three in one: the perfect storm	328
Appendix 4.1	Outbreak of the Justinianic Plague and the weather	329
5	Recession: the inhibiting environment and Latin Christendom's late-medieval demographic and economic contraction	332
5.01	From a tipping point to a turning point	332
5.02	Advance of the Little Ice Age (LIA)	335
5.03	A golden age of bacteria?	349
5.04	Economic and commercial contraction	355
5.05	Prosperity amidst adversity?	373
5.06	The end of the Great Transition: from an eastward to a westward enterprise	386
	Epilogue: theory, contingency, conjuncture and the Great Transition	395
