	3.1 Intro	_				79

3.2 The 'surplus' of labour and its contribution	
to development	79
3.3 The Fei-Ranis model	84
3.4 The Jorgenson model	89
3.5 Some extensions of the dual economy models: Dixit-	
Marglin model	92
3.6 The Kelly et al. model	93
3.7 Dual economy models: a critique	93
Appendix 3	97
Part II Investment, saving and population in less-developed countries	[
ALLOCATION OF RESOURCES: INVESTMENT CRITERIA	101
4.1 The need for investment criteria in less-developed	101
countries '	101
4.2 The capital turnover criterion	102
4.3 The social marginal productivity criterion	103
4.4 The maximization of the rate of creation of in vestible	
surplus principle	104
4.5 The reinvestible surplus criterion	106
4.6 Balanced and unbalanced growth	113
Appendix 4 The dichotomy between savings and output	117
maximization and its solution	117
DOMESTIC RESOURCES FOR DEVELOPMENT	119
5.1 Introduction	119
5.2 The nature of money markets in less-developed	110
countries	.119
5.3 Money and economic growth	120
5.4 Inflation and economic growth 5.5 Objectives of fiscal policy in less-developed countries	122 128
5.6 Fiscal policy and growth	128
5.7 Deficit financing and less-developed countries	133
5.8 The tax structure in less-developed countries	134
5.9 Taxation and domestic resource mobilization in	
less-developed countries: the recent evidence	14
5.10 Tax reforms in less-developed countries in the 1980s	143
FOREIGN RESOURCES AND ECONOMIC	
DEVELOPMENT	145
6.1 Introduction	145
6.2 The concept of foreign resources	145
6.3 Criteria for distribution of foreign resources	146

6.5 Foreign resources for projects or plans 6.6 Bilateral and multilateral financing 6.7 Dual-gap analysis and its evaluation 6.8 Gains and losses of in vestment by the multinational corporations in less-developed countries: some theoretical issues 6.9 Private foreign investment and the transfer of technology to less-developed countries 6.10 Special drawing rights and the'link' 6.11 Foreign aid and economic growth 7 POPULATION, POVERTY AND INCOME DISTRIBUTION, EMPLOYMENT AND MIGRATION 231 with Leo Katzen 1.1 Population and economic development 2.2 Population explosion in less-developed countries and the theory of demographic transition 2.3 Low-level equilibrium trap 2.34 T.4 Fertility and population growth in less-developed countries 2.35 Poverty and income distribution 2.36 Income inequality 2.46 T.8 Redistribution with growth 2.50 T.9 The employment problem 2.51 T.10 The Todaro model 2.54 T.11 Migration theory and evidence: an assessment 2.60 T.12 Stark's model 2.63 Appendix 7A The definition of a poverty line Appendix 7B Schultz 's model of the household production approach to fertility 2.67 Pad III Sectoral development and planning 8 SECTORAL ALLOCATION OF RESOURCES:		6.4 Different types of foreign resource: tied and untied;	150
6.6 Bilateral and multilateral financing 6.7 Dual-gap analysis and its evaluation 6.8 Gains and losses of in vestment by the multinational corporations in less-developed countries: some theoretical issues 6.9 Private foreign investment and the transfer of technology to less-developed countries 6.10 Special drawing rights and the'link' 6.11 Foreign aid and economic growth 7 POPULATION, POVERTY AND INCOME DISTRIBUTION, EMPLOYMENT AND MIGRATION 231 with Leo Katzen 7.1 Population and economic development 231 7.2 Population explosion in less-developed countries and the theory of demographic transition 233 7.3 Low-level equilibrium trap 234 7.4 Fertility and population growth in less-developed countries 236 7.5 Poverty and income distribution 242 7.6 Income inequality 243 7.7 Absolute poverty 246 7.8 Redistribution with growth 250 7.9 The employment problem 252 7.10 The Todaro model 254 7.11 Migration theory and evidence: an assessment 260 7.12 Stark's model 7.12 Stark's model 7.13 Employment policy Appendix 7A The definition of a poverty line Appendix 7B Schultz 's model of the household production approach to fertility 267 Pad III Sectoral development and planning 8 SECTORAL ALLOCATION OF RESOURCES:		bilateral and multilateral; project and programme	150
