Preface xii

Overview of the Book xiv

PART ONE

UNDERSTANDING SERVICES 1

Chapter 1

The Role of Services in an Economy 3

Learning Objectives	3
Chapter Preview	4
Service Definitions	4
Dependency of Manufacturing on Services	4
Economic Evolution	5
Stages of Economic Development	7
<i>Preindustrial Society</i>	7
<i>Industrial Society</i>	8
<i>Postindustrial Society</i>	8
Nature of the Service Sector	9
New Experience Economy	11
Sources of Service Sector Growth	12
<i>Innovation</i>	12
<i>Social Trends</i>	13
Service Benchmark: Wal-Mart is Number One on the <i>Fortune</i> 500 List	14
Summary	14
Key Terms and Definitions	15
Topics for Discussion	15
Interactive Exercise	15
Selected Bibliography	15
Endnotes	15

Chapter 2

The Nature of Services 17

Learning Objectives	17
Chapter Preview	18
Service Classification	18
The Service Package	19
Distinctive Characteristics of Service Operations	21
<i>Customer Participation in the Service Process</i>	21
<i>Simultaneity</i>	23
<i>Perishability</i>	24
<i>Intangibility</i>	24
<i>Heterogeneity</i>	25
Classifying Services for Strategic Insights	25
<i>Nature of the Service Act</i>	26
<i>Relationship with Customers</i>	27
<i>Customization and Judgment</i>	27
<i>Nature of Demand and Supply</i>	28
<i>Method of Service Delivery</i>	29
An Open-Systems View of Services	29
Service Benchmark: Outside the Box	31
Summary	31
Key Terms and Definitions	32
Topics for Discussion	32
Interactive Exercise	32
Case: Village Volvo	33
Case: Xpresso Lube	34
Selected Bibliography	35
Endnotes	35

Chapter 3

Service Strategy 37

Learning Objectives	37
Chapter Preview	38
The Strategic Service Vision	38
Understanding the Competitive Environment of Services	40
Competitive Service Strategies	41
<i>Overall Cost Leadership</i>	41
<i>Differentiation</i>	42
<i>Focus</i>	44
Winning Customers in the Marketplace	44
<i>Qualifiers</i>	45
<i>Service Winners</i>	46
<i>Service Losers</i>	46
The Competitive Role of Information in Services	46
<i>Creation of Barriers to Entry</i>	46
<i>Revenue Generation</i>	47
<i>Database Asset</i>	48
<i>Productivity Enhancement</i>	49
The Virtual Value Chain	51
<i>First Stage (Visibility)</i>	51
<i>Second Stage (Mirroring Capability)</i>	51
<i>Third Stage (New Customer Relationships)</i>	52
Limits in the Use of Information	52
<i>Anticompetitive</i>	52
<i>Fairness</i>	52
<i>Invasion of Privacy</i>	52
<i>Data Security</i>	53
<i>Reliability</i>	53
<i>Using Information to Categorize Customers</i>	53
Stages in Service Firm Competitiveness	53
<i>Available for Service</i>	55

<i>Journeyman</i>	55
<i>Distinctive Competence Achieved</i>	55
<i>World-Class Service Delivery</i>	56
Service Benchmark: Central Market Shuns Conventional Wisdom and Big-Name Products	57
Summary	58
Key Terms and Definitions	58
Interactive Exercise	59
Topics for Discussion	59
Case: America West Airlines	59
Case: The Best Little Cookie House Around	60
Case: The Alamo Drafthouse	62
Chapter 3 Supplement	
Data Envelopment Analysis (DEA)	64
Measuring Service Productivity	64
<i>The DEA Model</i>	64
<i>DEA and Strategic Planning</i>	70
Exercises	71
Case: Mid-Atlantic Bus Lines	71
Selected Bibliography	72
Endnotes	73

PART TWO

DESIGNING THE SERVICE ENTERPRISE 75

Chapter 4

New Service Development 77

Learning Objectives	77
Chapter Preview	78
New Service Development	78
Service Design Elements	80
Service Blueprinting	82
Strategic Positioning Through Process Structure	84
Taxonomy for Service Process Design	86
<i>Degree of Divergence</i>	86
<i>Object of the Service Process</i>	87
<i>Type of Customer Contact</i>	87
Generic Approaches to Service System Design	88
<i>Production-Line Approach</i>	88
<i>Customer as Coproducer</i>	90
<i>Customer Contact Approach</i>	92
<i>Information Empowerment</i>	93
Customer Value Equation	95
<i>Results Produced for the Customer</i>	95
<i>Process Quality</i>	95
<i>Price to the Customer</i>	95
<i>Cost of Acquiring the Service</i>	95
Service Benchmark: A Better Mousetrap	96
Summary	96
Key Terms and Definitions	96

Topics for Discussion	97
Interactive Exercise	97
Case: 100 Yen Sushi House	98
Case: Commuter Cleaning-A New Venture Proposal	99
Case: Golfsmith	101
Selected Bibliography	102
Endnotes	104

Chapter 5

Technology in Services 105

Learning Objectives	105
Chapter Preview	106
Technology in the Service Encounter	106
The Emergence of Self-Service	107
Automation in Services	108
Internet Services	110
<i>Coming of Age for the Internet and Web sites</i>	110
<i>Internet Models</i>	113
<i>Electronic and Traditional Services</i>	114
<i>E-Business Models</i>	114
<i>Service Product Dimensions</i>	115
<i>Service Process Dimensions</i>	115
Economics of Scalability	116
Technological Innovation in Services	117
<i>Challenges of Adopting New Technology in Services</i>	117
<i>Managing the New Technology Adoption Process</i>	117
Service Benchmark: Microsoft, Ford Drive Web Deal	119
Summary	120
Key Terms and Definitions	120
Topics for Discussion	120
Interactive Exercise	120
Case: Amazon.com	120
Case: Evolution of B2C E-Commerce in Japan	122
Selected Bibliography	125
Endnotes	125

Chapter 6

Service Quality 127

Learning Objectives	127
Chapter Preview	128
Defining Service Quality	128
<i>Dimensions of Service Quality</i>	128
<i>Gaps in Service Quality</i>	129
Measuring Service Quality	131
<i>SERVQUAL</i>	132
<i>Scope of Service Quality</i>	133
Quality Service by Design	136
<i>Incorporation of Quality in the Service Package</i>	136

<i>Taguchi Methods</i>	138
<i>Poka-Yoke (Failsafing)</i>	138
<i>Quality Function Deployment</i>	140
<i>Benchmarking</i>	142
Walk-Through Audit	143
<i>Designing a Walk-Through Audit</i>	144
<i>Implications for Management</i>	144
The Walk-Through Audit as a Diagnostic Instrument	146
Achieving Service Quality	148
<i>Cost of Quality</i>	148
<i>Service Process Control</i>	149
<i>Statistical Process Control</i>	150
<i>Unconditional Service Guarantee</i>	154
Service Recovery	155
<i>Approaches to Service Recovery</i>	157
Stages in Quality Development	157
Service Benchmark: Service, Education, and Health Care Winners of the Malcolm Baldrige National Quality Award	159
Summary	160
Key Terms and Definitions	160
Topics for Discussion	161
Interactive Exercise	161
Solved Problems	161
Exercises	163
Case: Clean Sweep, Inc.	167
Case: The Complaint Letter	169
Case: The Museum of Art and Design	171
Chapter 6 Supplement	173
Continuous Improvement	173
Quality and Productivity Improvement Process	173
<i>Foundations of Continuous Improvement</i>	173
<i>Plan-Do-Check-Act (PDCA) Cycle</i>	173
<i>Problem Solving</i>	174
Quality Tools for Analysis and Problem Solving	174
<i>Check Sheet</i>	174
<i>Run Chart</i>	176
<i>Histogram</i>	176
<i>Pareto Chart</i>	177
<i>Flowchart</i>	177
<i>Cause-and-Effect Diagram</i>	177
<i>Scatter Diagram</i>	179
<i>Control Chart</i>	179
Programs for Organizational Quality Improvement	180
<i>Personnel Programs for Quality Assurance</i>	180
<i>Quality-Improvement Program to Achieve Zero Defects</i>	181
<i>Deming's 14-Point Program</i>	182

<i>Malcolm Baldrige National Quality Award</i>	183
<i>ISO 9000</i>	184
<i>Six-Sigma</i>	185
Case: Mega Bytes Restaurant	188
Selected Bibliography	192
Endnotes	195
Chapter 7	
The Service Encounter	197
Learning Objectives	197
Chapter Preview	197
The Service Encounter Triad	198
<i>Encounter Dominated by the Service Organization</i>	199
<i>Contact Personnel-Dominated Encounter</i>	199
<i>Customer-Dominated Encounter</i>	199
The Service Organization	200
<i>Culture</i>	200
<i>Empowerment</i>	201
<i>Control Systems</i>	201
Contact Personnel	202
<i>Selection</i>	202
<i>Training</i>	204
The Customer	205
<i>Expectations and Attitudes</i>	205
<i>The Customer as Coproducer</i>	206
Summary of Service Encounters	207
Creating a Customer Service Orientation	207
Service Profit Chain	209
Summary	211
Service Benchmark: Miss Manners on Complaint Handling	212
Key Terms and Definitions	213
Topics for Discussion	213
Interactive Exercise	213
Case: Amy's Ice Cream	214
Case: Enterprise Rent-A-Car	215
Selected Bibliography	217
Endnotes	220

Chapter 8	
The Supporting Facility	223
Learning Objectives	223
Chapter Preview	224
Servicescapes	224
<i>Behaviors in Servicescapes</i>	225
<i>Environmental Dimensions of Servicescapes</i>	226
Facility Design	227
<i>Nature and Objectives of Service Organizations</i>	228
<i>Land Availability and Space Requirements</i>	228
<i>Flexibility</i>	229

<i>Security</i>	229
<i>Aesthetic Factors</i>	230
<i>The Community and Environment</i>	230
Process Analysis	231
<i>Process Terminology</i>	231
Facility Layout	233
<i>Product Layout and the Work Allocation Problem</i>	233
<i>Process Layout and the Relative Location Problem</i>	235
Environmental Psychology and Orientation	239
Service Benchmark: Where, Oh Where Shall We Go?	240
Summary	240
Key Terms and Definitions	241
Topics for Discussion	241
Interactive Exercise	241
Solved Problems	242
Exercises	243
Case: Health Maintenance Organization (A)	247
Case: Health Maintenance Organization (B)	247
Case: Esquire Department Store	248
Case: Central Market	249
Selected Bibliography	250
Endnotes	251

Chapter 9

Service Facility Location 253

Learning Objectives	253
Chapter Preview	254
Location Considerations	254
<i>Geographic Representation</i>	255
<i>Number of Facilities</i>	256
<i>Optimization Criteria</i>	256
Estimation of Geographic Demand	257
<i>Define the Target Population</i>	258
<i>Select a Unit of Area</i>	258
<i>Estimate Geographic Demand</i>	258
<i>Map Geographic Demand</i>	258
Facility Location Techniques	259
<i>Single Facility</i>	260
<i>Center of Gravity</i>	263
<i>Locating a Retail Outlet</i>	264
<i>Multiple Facilities</i>	265
Site Considerations	267
Breaking the Rules	267
<i>Competitive Clustering</i>	268
<i>Saturation Marketing</i>	268
<i>Marketing Intermediaries</i>	269
<i>Substitution of Communication for Transportation</i>	269
<i>Impact of the Internet on Service Location</i>	270
<i>Separation of Front from Back Office</i>	270

Geographic Information System	271
Summary	272
Service Benchmark: Here a Bun, There a Bun, Everywhere a Bun-Bun	273
Key Terms and Definitions	273
Topics for Discussion	274
Interactive Exercise	274
Solved Problems	274
Exercises	276
Case: Health Maintenance Organization (A)	279
Case: Athol Furniture, Inc.	280
Selected Bibliography	282
Endnotes	282

Chapter 10

Managing Projects 283

Learning Objectives	283
Chapter Preview	283
The Nature of Project Management	284
<i>Characteristics of Projects</i>	284
<i>Project Management Process</i>	284
<i>Selecting the Project Manager</i>	285
<i>Building the Project Team</i>	286
<i>Principles of Effective Project Management</i>	287
Techniques for Project Management	287
<i>Gantt Project Charts</i>	287
<i>A Critique of Gantt Charts</i>	288
<i>Constructing a Project Network</i>	289
<i>Critical Path Method</i>	290
<i>Microsoft Project for Windows Analysis</i>	293
Resource Constraints	295
Activity Crashing	299
Incorporating Uncertainty in Activity Times	302
<i>Estimating Activity Duration Distributions</i>	302
<i>Project Completion Time Distribution</i>	303
<i>A Critique of the Project Completion Time Analysis</i>	304
Problems with Implementing Critical Path Analysis	305
Monitoring Projects	306
<i>Earned Value Chart</i>	307
<i>Project Termination</i>	307
<i>Project History Report</i>	308
Summary	308
Service Benchmark: The House That Warren Built	309
Key Terms and Definitions	309
Topics for Discussion	309
Interactive Exercise	310
Solved Problems	310
Exercises	312

Case: Info-Systems, Inc.	317
Case: Whittier County Hospital	318
Selected Bibliography	319
Endnotes	320

PART THREE

MANAGING SERVICE OPERATIONS 321

Chapter 11

Forecasting Demand for Services 323

Learning Objectives	323
Chapter Preview	323
Subjective Models	324
<i>Delphi Method</i>	324
<i>Cross-Impact Analysis</i>	326
<i>Historical Analogy</i>	326
Causal Models	327
<i>Regression Models</i>	327
<i>Econometric Models</i>	329
Time Series Models	329
<i>N-Period Moving Average</i>	329
<i>Simple Exponential Smoothing</i>	331
<i>Relationship between a and N</i>	333
<i>Forecast Error</i>	334
<i>Exponential Smoothing with Trend Adjustment</i>	334
<i>Exponential Smoothing with Seasonal Adjustment</i>	336
<i>Exponential Smoothing with Trend and Seasonal Adjustments</i>	338
<i>Summary of Exponential Smoothing</i>	340
Summary	340
Service Benchmark: L. L. Bean Improves	
Call-Center Forecasting	341
Key Terms and Definitions	344
Topics for Discussion	344
Interactive Exercise	344
Solved Problems	344
Exercises	346
Case: Oak Hollow Medical Evaluation Center	348
Case: Gnomial Functions, Inc.	349
Selected Bibliography	350
Endnotes	350

Chapter 12

Managing Capacity and Demand 351

Learning Objectives	351
Chapter Preview	352
Strategies for Managing Demand	352
<i>Segmenting Demand</i>	353
<i>Offering Price Incentives</i>	354

<i>Promoting Off Peak Demand</i>	355
<i>Developing Complementary Services</i>	355
<i>Reservation Systems and Overbooking</i>	356
Strategies for Managing Capacity	358
<i>Daily Workshift Scheduling</i>	358
<i>Weekly Workshift Scheduling with Days-Off</i>	
<i>Constraint</i>	361
<i>Increasing Customer Participation</i>	362
<i>Creating Adjustable Capacity</i>	362
<i>Sharing Capacity</i>	363
<i>Cross-Training Employees</i>	363
<i>Using Part-Time Employees</i>	363
<i>Scheduling Part-Time Tellers at a Drive-In Bank</i>	363
Yield Management	364
<i>Yield Management Applications</i>	369
Summary	370
Service Benchmark: Yield Management	
at American Airlines	371
Key Terms and Definitions	373
Topics for Discussion	373
Interactive Exercise	373
Solved Problems	373
Exercises	375
Case: River City National Bank	379
Case: Gateway International Airport	380
Case: The Yield Management Analyst	382
Case: Sequoia Airlines	385
Selected Bibliography	386
Endnotes	388

Chapter 13

Managing Waiting Lines 389

Learning Objectives	389
Chapter Preview	392
Queuing Systems	392
The Inevitability of Waiting	392
The Psychology of Waiting	393
<i>That Old Empty Feeling</i>	394
<i>A Foot in the Door</i>	394
<i>The Light at the End of the Tunnel</i>	395
<i>Excuse Me, but I Was Next</i>	395
<i>They Also Serve, Who Sit and Wait</i>	396
The Economics of Waiting	396
Essential Features of Queuing Systems	397
<i>Calling Population</i>	398
<i>Arrival Process</i>	398
<i>Queue Configuration</i>	402
<i>Queue Discipline</i>	404
<i>Service Process</i>	405
Summary	407

Service Benchmark: Five Minutes in Line is Longer Than Five Minutes at Hard Labor 408

Key Terms and Definitions 408

Topics for Discussion 408

Interactive Exercise 408

Case: Thrifty Car Rental 409

Case: Eye'11 Be Seeing You 410

Chapter 13 Supplement

Computer Simulation 412

Systems Simulation 413

Simulation Methodology 413

Monte Carlo Simulation 414

Generating Random Variables 415

Discrete-Event Simulation 418

ServiceModel Simulation Software 419

Demonstration: Customer Service Call Center 422

Process Analysis: Manufacturing Cell 423

Build a Model: Order Processing System Tutorial 425

Case: Pronto Pizza 432

Case: Renaissance Clinic (A) 432

Solved Problems 433

Exercises 436

Selected Bibliography 440

Endnotes 441

Chapter 14

Capacity Planning and Queuing Models 443

Learning Objectives 443

Chapter Preview 444

Capacity Planning 445

Strategic Role of Capacity Decisions 445

Analytical Queuing Models 446

Standard M/M/1 Model 448

Standard M/M/c Model 450

M/G/1 Model 454

General Self-Service M/G/∞ Model 454

Finite-Queue M/M/1 Model 455

Finite-Queue M/M/c Model 456

General Relationships Between System Characteristics 457

Capacity Planning Criteria 457

Average Customer Waiting Time 458

Probability of Excessive Waiting 459

Minimizing the Sum of Customer Waiting Costs and Service Costs 460

Probability of Sales Lost Because of Inadequate Waiting Area 461

Requirement That Expected Profit on Last Unit of Capacity Should Just Exceed Expected Loss 462

Summary 463

Service Benchmark: Simulation Modeling for Process Reengineering in the Telecommunications Industry 464

Key Terms and Definitions 467

Topics for Discussion 467

Interactive Exercise 467

Solved Problems 467

Exercises 469

Case: Houston Port Authority 473

Case: Freedom Express 473

Case: Renaissance Clinic (B) 474

Selected Bibliography 475

Endnotes 475

Chapter 15

Service Supply Relationships 477

Learning Objectives 477

Chapter Preview 478

Supply Chain Management 478

Network Model 478

Managing Uncertainty 479

Supply Chain Strategic Planning 480

Service Supply Relationships 482

Customer-Supplier Duality 482

Managerial Implications of Bidirectional Relationships 483

Service Supply Relationships Are Hubs, Not Chains 483

Service Capacity Is Analogous to Inventory 483

Customer Supplied Inputs Can Vary in Quality 483

Sources of Value in Service Supply Relationships 484

Bidirectional Optimization 484

Management of Productive Capacity 484

Management of Perishability 485

Outsourcing Services 486

Benefits and Risks of Outsourcing Services 487

Classification of Business Services 488

Managerial Considerations with Service Outsourcing 488

Facility Support Service (Property/Low Importance) 490

Equipment Support Service (Property/High Importance) 490

Employee Support Service (People/Low Importance) 490

Employee Development (People/High Importance) 490

Facilitator Service (Process/Low Importance) 490

Professional Service (Process/High Importance) 491

Service Benchmark: Citizens Come First in Lynchburg 491

Summary	491
Key Terms and Definitions	492
Topics for Discussion	492
Interactive Exercise	492
Case: Peapod—Smart Shopping for Busy People	493
Case: Mortgage Service Game	495

Chapter 15 Supplement

Vehicle Routing 498

Field Service	498
The Clarke-Wright Algorithm	499
Vehicle Routing with Constraints	503
A Manual Routing System	505
Solved Problems	506
Exercises	508
Case: <i>The Daley Monthly</i> Car Pool	511
Case: Airport Services, Inc.	511
Selected Bibliography	512
Endnotes	513

Chapter 16

Managing Facilitating Goods 515

Learning Objectives	515
Chapter Preview	517
Inventory Theory	517
<i>Role of Inventory in Services</i>	517
<i>Characteristics of Inventory Systems</i>	519
<i>Relevant Costs of an Inventory System</i>	520
Order Quantity Models	520
<i>Economic Order Quantity</i>	521
<i>Inventory Model with Quantity Discounts</i>	524
<i>Inventory Model with Planned Shortages</i>	527
Inventory Management under Uncertainty	529
Inventory Control Systems	531
<i>Continuous Review System</i>	531
<i>Periodic Review System</i>	533
<i>The ABCs of Inventory Control</i>	534
Single-Period Model for Perishable Goods	535
<i>Expected Value Analysis</i>	536
<i>Marginal Analysis</i>	537
Retail Discounting Model	538
Service Benchmark: A Chip in Time Isn't Stale	539
Summary	540
Key Terms and Definitions	540
Topics for Discussion	541
Interactive Exercise	541
Solved Problems	541
Exercises	543
Case: A.D. Small Consulting	549
Case: Last Resort Restaurant	549
Case: Elysian Cycles	550

Selected Bibliography	551
-----------------------	-----

Endnotes	551
----------	-----

Chapter 17

Growth and Globalization of Services 553

Learning Objectives	553
Chapter Preview	554
Domestic Growth and Expansion Strategies	554
<i>Focused Service</i>	555
<i>Focused Network</i>	555
<i>Clustered Service</i>	556
<i>Diversified Network</i>	557
Franchising	557
<i>The Nature of Franchising</i>	557
<i>Benefits to the Franchisee</i>	558
<i>Issues for the Franchiser</i>	558
Globalization of Services	560
<i>Generic International Strategies</i>	560
<i>The Nature of the Borderless World</i>	561
<i>Planning Transnational Operations</i>	563
Global Service Strategies	565
<i>Multicountry Expansion</i>	566
<i>Importing Customers</i>	567
<i>Following Your Customer</i>	567
<i>Service Offshoring</i>	568
<i>Beating the Clock</i>	568
Service Benchmark: Small World and Other Myths	569
Summary	570
Key Terms and Definitions	570
Topics for Discussion	571
Interactive Exercise	571
Case: Goodwill Industries International, Inc.	572
Case: Federal Express: Tiger International Acquisition	574
Selected Bibliography	577
Endnotes	578

Appendix A: Areas of Standard Normal Distribution 579

Appendix B: Uniformly Distributed Random Numbers [0,1] 580

Appendix C: Values of L_q for the MIMIC Queuing Model 581

Appendix D: Equations for Selected Queuing Models 583

Name Index 586

Subject Index 590
