<i>List of Figures</i>	vii
<i>List of Tables</i>	ix
<i>List of Contributors</i>	xi
<i>Preface</i>	xxi
1. Introduction	1
<i>Morten Falch and Jan Markendahl</i>	
PART 1 STRATEGIES FOR EXPANSION OF BROADBAND NETWORKS	
2. Regulation and Investment Incentives for Next Generation Broadband Access Networks	15
<i>Mario Pietrunti</i>	
3. Lessons Learned from the Regulation of LLU for the Future Regulation of NGA Networks	32
<i>Martin Lundborg</i>	
4. European Sector Regulation and Investment Incentives for Broadband Communication Networks	48
<i>Harald Gruber</i>	
5. Promoting Network-Based Competition in UK Fixed-Line Markets: A Failed Policy	67
<i>Michael H. Ryan</i>	
6. A Comparative Analysis of the Role of the State in Broadband Policy for Rural Areas: An Investigation of Telecommunications Policy in the United States and Canada	77
<i>Sheila S. Sager, Michael W.P. Fortuanto, Theodore R. Alter and William C. Shuffstall</i>	
7. Strategic Options for Mobile Broadband Services: The Case of a Municipal WiMAX Network in The Netherlands	97
<i>Bert Sadowski, Mathijs Verheij en and Alberto Nucciarelli</i>	

PART 2 PRICING IN NGN NETWORKS

- | | | |
|-----|--|-----|
| 8. | Capacity-based Conveyance Pricing in an All-IP Environment | 121 |
| | <i>Neil Marshall and Leo Borwick</i> | |
| 9. | Risk Sharing for Next Generation Access Networks - Necessary Adjustments of the Present European Regulatory Framework for Electronic Communication Networks and Services | 141 |
| | <i>Henning Never</i> | |
| 10. | Priority and Internet Quality | 160 |
| | <i>Jorn Kruse</i> | |
| 11. | Switching Costs in Telecommunications: Conclusions from a Hungarian Survey | 175 |
| | <i>Laszlo Lorincz and Peter Nagy</i> | |

PART 3 DEVELOPMENT AND PRICING OF MOBILE SERVICES

- | | | |
|-----|---|-----|
| 12. | The Reconfiguration of Mobile Service Provision: Towards Platform Business Models | 197 |
| | <i>Pieter Ballon, Nils Walravens, Antonietta Spedalieri and Claudio Venezia</i> | |
| 13. | Understanding Adoption of Mobile Service Bundles | 216 |
| | <i>Harry Bouwman, Mark de Reuver and Alex Visser</i> | |
| 14. | Analysing the Stickiness of Mobile Service Usage | 239 |
| | <i>Hannu Verkasalo</i> | |
| 15. | Using On-net/Off-net Price Differential to Measure the Size of Call Externalities and its Implications for Setting Efficient Mobile Termination Rates | 264 |
| | <i>Jonathan Sandbach and Luke van Hoof</i> | |
| 16. | Mobile Regulation and the 'Waterbed' Effect | 284 |
| | <i>Christos Genakos and Tommaso Valletti</i> | |
| | <i>Index</i> | 301 |
