

Dr. Sabrina Weithmann

The Evolvement of Standards in China

Insights from the Electric Vehicle Sector

Nomos

Content

Acknowledgement	7
Abbreviations	17
1. Research introduction	21
1.1. Motivation	23
1.2. Theory	25
1.3. Methodology	26
1.3.1. Research Design	29
1.3.2. Evidence	33
2. Standardization	36
2.1. Research Review	37
2.2. Definition of Terms	39
2.2.1. Definition in Academic Research	41
2.2.2. Purpose of Standards	42
2.3. The Economic Effects of Standards	46
2.3.1. Compatibility and Interface Standards	47
2.3.2. Variety Reduction Standards	50
2.3.3. Minimum Quality and Safety Standards	51
2.3.4. Technological Progress	54
2.4. Standardization Approach	60
2.4.1. Standardization System	63
2.4.2. Standard-Setting Process	69
2.4.3. Regulatory Intervention	73
2.5. Standardization and Developing Countries	76
2.5.1. Implications of the Standardization Gap	78
2.5.2. Managing Standardization	80
2.5.3. International Integration	84
2.6. Concluding Remarks	86
3. Complexity Theory and Standardization	89
3.1. Research Review	94

3.2. Complexity Economics	96
3.3. Complexity in Organization Studies	100
3.3.1. Strands of Complexity Research	101
3.3.2. Complexity Reduction vs. Harnessing Complexity	102
3.3.3. Summary of Key Concepts	103
3.4. Standardization in Complexity Research	105
3.4.1. Standardization System	106
3.4.2. Standard-Setting Process	108
3.4.3. Regulatory Intervention	116
3.5. Concluding Remarks	119
4. Standardization in China	121
4.1. Research Review	122
4.2. Development of National Standardization	125
4.2.1. Legal Framework	126
4.2.2. Development Programs	128
4.2.3. Status of the System in 2014	134
4.3. National Standardization	136
4.3.1. Standardization System	136
4.3.2. Standard-Setting Process	152
4.3.3. Regulatory Intervention	162
4.4. The 2015 Reform Plan for Deepening Standardization	177
4.4.1. Reform Measures	179
4.4.2. Implementation Framework	186
4.4.3. Impact of the Chinese Administration	189
4.4.4. Implication of the Reform Plan	191
4.5. Concluding Remarks	193
5. Standardization in the Chinese Electric Vehicle Sector	196
5.1. Research Review	199
5.2. Development of the Domestic Electric Vehicle Sector	201
5.2.1. Involved Institutions	203

5.2.2. Development Programs	206
5.3. Standardization in the Chinese Electric Vehicle Sector	219
5.3.1. Standardization System	220
5.3.2. Standard-Setting Process	236
5.3.3. Regulatory Intervention	247
5.4. Concluding Remarks	255
6. Sino-German Dynamics in Electric Vehicle Standardization	259
6.1. Research Review	261
6.2. Standardization in Germany	262
6.2.1. EV Standardization System Approach	264
6.2.2. National Platform Electromobility	267
6.3. Sino-German EV Standardization Cooperation	269
6.3.1. Joint Approach	271
6.3.2. Cooperation Objectives	272
6.3.3. Cooperation Activities	275
6.4. Standardization of the EV Charging System	283
6.4.1. Introduction to Technical Characteristics	283
6.4.2. Purpose of Charger Harmonization	292
6.4.3. Status of the EV Charging Standard in 2014	293
6.5. The Sino-German Charger Debate	294
6.5.1. Standardization System	295
6.5.2. Standard-Setting Process	298
6.5.3. Regulatory Intervention	327
6.6. Concluding Remarks	333
7. Conceptual Approach to Deviation of Standards	338
7.1. Phases of Standardization Development	338
7.1.1. Phase 1: Adopt International Standards	339
7.1.2. Phase 2: Set Deviating Standards	340
7.1.3. Phase 3: Set International Standards	346
7.2. Three-Phase Standardization Development Concept	347
7.3. Concluding Remarks	351
8. Conclusion	353
