Methods for sustainability: introducing pathways to hope <i>Dora Marinova and Janette Hartz-Karp</i>	1
---	---

PART I MORE SUSTAINABLE CITIES

1 Transport priorities shaping the urban fabric: new methods and tools <i>Peter Newman</i>	17
2 Methods to enable walkability <i>Annie Matan</i>	32
3 The good, the bad and the ugly in urban transport: comparing global cities for dependence on the automobile <i>Jeffrey R. Kenworthy</i>	46
4 Methods to enable residential building sustainability: integrating and evaluating energy, water, materials and liveability <i>Christine Eon and Josh Byrne</i>	63
5 Three models at three scales on the pillars of sustainability <i>Cole Hendrigan</i>	77

PART II BETTER GOVERNANCE FOR SUSTAINABILITY

6 A new methodological framework for improving sustainability and climate change governance <i>Laura Stocker and Gary Burke</i>	95
--	----

- 7 Deliberative democracy – democratic renewal capable of addressing sustainability 113
Janette Hartz-Karp and Rob Weymouth
- 8 Sortition: envisaging a new form of democracy that enables decision-making for long-term sustainability 129
Terrill Bouricius
- 9 Sustainability assessment: a governance mechanism for sustainability 142
Jenny Pope and Svetla Petrova
- 10 Achieving more sustainable global governance: the case of the Responsibility to Protect 157
Luis Peral

PART III TRANSITIONING TO MORE SUSTAINABLE ECONOMIES

- 11 The role of transition initiatives in urban sustainability 173
Janette Hartz-Karp and Leen Gorissen
- 12 Principles of ethical economics: a basis for transition to sustainability 189
Dora Marinova, Vladislav Todorov, Andrey Blinov and Evgeny Safonov
- 13 Participatory budgeting: a methodological approach to address sustainability challenges 203
Giovanni Allegretti and Janette Hartz-Karp
- 14 Understanding innovation for sustainability 217
Dora Marinova, Jin Hong, Vladislav Todorov and Xiumei Guo
- 15 A systemic framework for entrepreneurship and sustainability 231
Simon White

PART IV MORE SUSTAINABLE LIVELIHOODS AND LIVING

- 16 Volunteerism: a crosscutting and relational method to achieve the Sustainable Development Goals 249
Peter Devereux, Laura Stocker and Kirsten Holmes
- 17 Restoring the rangelands 265
David Galloway

18	Sustainability social marketing <i>Diana Bogueva, Talia Raphaely, Dora Marinova and Mira Marinova</i>	280
19	Public wisdom: the key to sustainability <i>Tom Atlee</i>	292
	Methods for sustainability: conclusion <i>Janette Hartz-Karp and Dora Marinova</i>	307
