<i>About the Author</i>	xxx

PART I PRINCIPLES

i

	0	CHAPTER 1	Lending, Payments, and Trade in Risk	3
BOXES			Trade and the Gains from Trade	4
Gambling and Lotteries	9		Saving, Investment, and Lending	4
			Saving and Wealth	4
Ownership Stakes and Executive Perks	14		Investment	6
			Gains to Trade in Borrowing and Lending	7
			Trade in Risk	7
			Insurance	7
			Forward Transactions	8
			The Difficulties of Trade	10
			Trade and Trust	10
			The Problems Involved in Lending	10
			The Problems of Trade in Risk	14
			The Common Pattern	16
			Summary	1j
			Discussion Questions	18
			Bibliography	19
			Key Terms	19
	0	CHAPTER 2	The Financial System and Its Technology	20
			Payments	21
			Reducing the Costs of Payment in Cash	21
			Fractional Reserve Banking	22

BOXES	Lending	24	
Clearing	22	Direct Lending and Financial Markets	25
The Cost of a Public Issue	26	Indirect Lending and Financial Intermediaries	28
Bankruptcy	31	Direct or Indirect Lending?	30
Adam Smith on Reputation	39	Trade in Risk	33
		Insurance	33
		The Technology of the Financial System	37
		Delegation	38
		Credit Substitution	38
		Pooling	39
		Netting	39
		How Different Institutions Use the Basic Techniques	40
		Summary	40
		Discussion Questions	41
		Bibliography	41
		Key Terms	42

o CHAPTER 3 Efficiency, Stability, and Government Intervention 43

BOXES	Efficiency	44	
The New England Banking Crisis		The Potential Gains from Lending	44
		Conditions for Efficiency in Lending	47
The Crash of 1873	56	Efficiency in Payments and in Trade in Risk	50
		Market Failure and Inefficiency	51
		Intervention to Promote Competition	52
		Intervention to Lower Costs	53
		Stability	54
		Bank Runs and Banking Panics	54
		Securities Market Crashes	55
		Price-Level Instability	56
		Market Failure and Instability	57
		Intervention to Promote Stability	58
		The Trade-off between Stability and Efficiency	60
		Regulation and Innovation	61
		Other Types of Government Intervention	61
		Consumer Protection	61
		Social Policy	62
		Government Failure	62
		Intervention Often Serves Special Interests	62

Intervention Is Costly	63
Intervention Often Does Not Work	63
Summary	64
Discussion Questions	64
Key Terms	65

CHAPTER 4 Interest Rates, Exchange Rates, and Security Prices 66

BOXES	Pricing Securities Promising a Single Payment	67
Treasury Strips	Multiple Periods and Compounding	68
Exchange Rate Risk: the Hazard of Investing Abroad	Example4-1	68
	Example4-2	69
	The Compounding Period and the Effective Annual Rate	69
	Example4-3	71
	Pricing Securities Promising Multiple Payments	72
	Bonds with Annual Coupons	72
	Example4-4	74
	Bonds with a Coupon Period of Less than a Year	74
	Example4-5	74
	Amortized Loans	75
	Example4-6	75
	Example4-7	75
	Example4-8	76
	Market Yield on a Security Promising Multiple Payments	76
	Example4-9	77
	Application: Understanding Treasury Listings	<i>j8</i>
	Interest Rate Risk	81
	Interest Rate Risk on Securities Promising a Single Payment	82
	Example4-IO	84
	Interest Rate Risk on Securities Promising Multiple Payments	85
	Example4-H	87
	Example4-I2	88
	Exchange Rate Risk	89
	Example4-I3	89

Monetary Expansion and Prices	91
Real and Nominal Values	93
A Measure of Prices	93
Measuring in Constant Dollars	94
Real and Nominal Interest Rates	95
Adjusting to Inflation	96
Summary	99
Discussion Questions	99
Key Terms	100

PART II INTERMEDIARIES

101

o CHAPTER 5 Understanding Financial Intermediaries 103

BOXES	You Open a Bank	104
A Balance Sheet of U.S. Commercial Banks 118	Balance Sheets and T-Accounts	104
	Profits and Return on Equity	106
	Ways to Increase Return on Equity	108
	Setting Rates on Deposits and Loans	108
	The Competitive Environment	109
	Asymmetric Information and Adverse Selection	109
	The Risk—Return Trade-off	110
	Deposits, Reserves, and Liquidity	111
	Increasing Deposits	111
	Reducing Reserves	111
	Why a Bank Needs Liquidity	112
	Asset Management and Liability Management	112
	Equity and Solvency	113
	Equity and ROE	113
	Equity and Risk	114
	Economies of Scale and Scope	117
	Economies of Scale	119
	Economies of Scope	123
	Banks and Other Intermediaries	123
	Summary	125
	Discussion Questions	126
	Key Terms	127

o CHAPTER 6 What Is a Bank? 128

The Evolution of the Modern Bank	129
Banking in Europe	129

BOXES	Banking in England	132	
Merrill Lynch's	Banking in America	134	
Cash Management	Near Banks	135	
Account 133	The Pattern of Bank Evolution	141	
The Commercial	The Evolution of Bank Assets	142	
Bill: an Early	Commercial Lending	142	
Financial	Lending to Noncommercial Borrowers	148	
Innovation 143	The Evolution of Bank Liabilities	149	
	Checking Deposits, Banknotes, and Time Deposits	150	
	Interbank Deposits	150	
	Interest Rate Restrictions and the Revolution in		
	Bank Liabilities	151	
	Innovations in Consumer Deposits	155	
	The Evolution of Bank Activities	156	
	Economies of Scope Related to Payments	156	
	Economies of Scope Related to Intermediation	156	
	Economies of Scope in Marketing	159	
	Regulatory Obstacles to the Expansion of Bank		
	Activities	160	
	The United States	160	
	Other Countries	163	
	Europe	163	
	Japan	164	
	The Decline of the Bank?	164	
	Summary	166	Discussion Questions 167
	Bibliography	168	Key Terms 168
© CHAPTER 7	The Banking Industry	169	
	The History of the Banking Industry	170	
	Three Key Factors in the Evolution of the		
	Banking Industry	170	
	Economies of Scale between Banks: Correspondents and		
	Money Markets	173	
	Consolidation in England and the Advantages of		
	Branch Banking	175	
	Consolidation in the United States	177	
	Living with Branching Restrictions	178	
	Getting Around Branching Restrictions	178	
	The Movement towards Interstate Banking	180	
	International Banking	182	
	Reasons for the Expansion of International Banking	182	

Multinational Banking	184	
Offshore Banking: The Eurocurrency Market	186	
The Implications of Banking Consolidation	191	
The Implications of Consolidation for the Banking Industry	191	
The Implications of Consolidation for Bank Customers	194	
Summary	196	Discussion Questions 197
Bibliography	198	Key Terms 198
o CHAPTER 8	Payments and Foreign Exchange	199
The Different Types of Money	200	
Fed Dollars	200	
Bank Dollars	202	
Checks	202	
The Check-Clearing System	203	
Check Enhancements	204	
Special Checks	204	
Giro Payments	205	
Credit Cards	206	
The Store Credit Card	206	
The Third-Party Card	206	
The Four-Party Card	207	
Delayed Debit Cards	207	
Electronic Payments	208	
Online Electronic Payments: Fedwire and CHIPS	208	
Automated Clearinghouses (ACHs)	210	
Electronic Debit Cards: ATMs and EFTPOS	211	
Payment on the Internet	213	
The Use of Different Methods of Payment	213	
Different Payments Methods for Different Transactions	213	
An International Comparison of Payment Patterns	214	
Why Payment Patterns Differ	214	
Foreign Exchange	217	
The Problem of Different Clearing Systems	217	
A Foreign Exchange Transaction	218	
"Domestic Exchange"	218	
The Foreign Exchange Market	219	

	Growth of the Market	219	
	How the Market Works	219	
	The Payments System and Public Policy	221	
	Efficiency of the Payments System	221	
	The Importance of Stability in the Value of Money	223	
	Stability of the Payments System	224	
	Summary	225	Discussion Questions 226
	Bibliography	227	Key Terms 227
	o CHAPTER 9 Insurance	228	
BOXES	The Economics of Insurance	229	
Tontines	Pricing of Premiums	229	
and Related	Marketing	231	
Products	Incentive Problems	232	
236	Life Insurance	234	
	The Evolution of Life Insurance in the United States	235	
	Life Insurance Policies	237	
	Retirement-Related Products	24 ^o	
	Health Insurance	241	
	Life Insurance Assets and Liabilities	242	
	Property—Liability Insurance	243	
	The Evolution of Property—Liability Insurance	243	
	The Property—Liability Business	244	
	Property—Liability Insurance Today	247	
	Reinsurance	247	
	The Function of Reinsurance	247	
	The Reinsurance Treaty	248	
	The Reinsurance Industry	248	
	Lloyd's of London	249	
	The History of Lloyd's	249	
	How Lloyd's Works	25 ^o	
	Lloyd's Current Problems	25 ^o	
	The Insurance Industry	251	
	The Economics of the Insurance Business	25 ¹	
	The Structure of the Insurance Industry	253	
	Public Policy and Regulation	255	
	The Regulatory Framework	255	
	Consumer Protection	255	
	Rate Regulation and Availability	256	

Safety Regulation	258	
Promoting Competition	259	
Market Failure in the Provision of Insurance	259	
Catastrophe Insurance and Its Problems	260	
The Limitations of Conventional Insurance	260	
Alternative Approaches to Catastrophe Risk	261	
Summary	262	Discussion Questions 263
Bibliography	264	Key Terms 264
o CHAPTER 10 Pension Plans and Mutual Funds		265
Social Security	266	
The Nature of Social Security Programs	266	
How Social Security Programs Work	267	
The Problems of Social Security Programs	267	
Issues in Saving for Retirement	268	
Risk and Return	268	
The Importance of the Rate of Return	268	
Investment Risk	269	
Longevity Risk	269	
How the Financial System Can Help	269	
Economies of Scale, Pooling, and Risk Bearing	270	
Investment Management	270	
Dealing with Longevity Risk	270	
Tax Advantages	271	
Pension Plans	273	
The Evolution of Pension Plans	273	
Why Do Employers Sponsor Pension Plans?	274	
Defined Benefit Plans	276	
Defined Contribution Plans	278	
Cash Balance Plans	279	
The Management of Pension Funds	280	
The Regulation of Pension Plans	281	
Individual Retirement Plans	283	
Pension Plans Today	284	
Mutual Funds	289	
Investment Companies and Mutual Funds	289	
The Evolution of Mutual Funds	290	
Investment Objectives	292	
Organization and Management	292	
Types of Mutual Fund	293	

The Importance of Distribution	294
Economies of Scale	296
Consolidation	296
