Contents

Foreword	vii
Preface	ix
Contributors	xi

Chapter 1	Introduction	1
	<i>Devashish Mitra and Arvind Panagariya</i>	
1.1	Part I	3
1.2	Part II	4
1.3	Part III	6
1.4	Part IV	7
References		8

Part I. Making of Trade Policy: Theory

Chapter 2	Trade Policy Making by an Assembly	11
	<i>John McLaren and Bilgehan Karabay</i>	
2.1	Introduction	11
2.2	A specific-factors model	14
	2.2.1 Basic structure	14
	2.2.2 Voters' preferences and equilibrium	15
	2.2.3 Comparative statistics	18
2.3	A Mayer-Heckscher-Ohlin Model	19
2.4	The electoral college	24
2.5	Conclusions and open questions	26
Acknowledgements		28
References		28

Chapter 3	Should Policy Makers be Concerned About Adjustment Costs?	31
	<i>Carl Davidson and Steven J. Matusz</i>	
3.1	Introduction	31
3.2	The model	36
	3.2.1 Background	36
	3.2.2 Formalizing the model and finding the initial steady state	37

3.2.3	Adjustment	44
3.2.4	Strengths and weaknesses of our model	47
3.3	Aggregate adjustment costs	48
3.4	Adjustment costs and labor market flexibility.....	53
3.5	Conclusion	57
	Acknowledgements	59
	Appendix A	60
	Appendix B	63
	Appendix C	66
	References	67

Chapter 4 Non-Tariff Barriers as a Test of Political Economy Theories _____ 69
Philip I. Levy

4.1	Introduction	70
4.2	Developing testable implications of the theory.....	72
4.3	Empirical evidence	78
4.3.1	Existing tests	78
4.3.2	Instrument choice as a test	81
4.3.3	Evidence on non-tariff barriers	84
4.4	Alternative explanations.....	86
4.5	Conclusion	88
	Acknowledgements	88
	References	88

**Chapter 5 The Peculiar Political Economy of NAFTA:
Complexity, Uncertainty and Footloose Policy Preferences.** 91
H. Keith Hall and Douglas R. Nelson

5.1	The fact: footloose aggregate preferences on NAFTA	93
5.2	Policy complexity, social learning and footloose preferences.....	99
5.3	An illustrative model.....	103
5.4	Conclusion: on economists as participants in the politics of trade policy.....	105
	Acknowledgements	107
	References	107

Part II. Making of Trade Policy: Empirical Analysis

**Chapter 6 Interest and Ideology in the 1988 Omnibus Trade Act:
A Bayesian Multivariate Probit Analysis.** 113
Alok K. Bohara and Kishore Gawande

6.1	Introduction	114
6.2	Background: the Trade Omnibus Act	116

6.3	Analysis of the multivariate probit model	119
6.4	Theory and measurement	122
6.5	Data	126
6.6	Empirical analysis	130
6.6.1	Substantive issues of focus	130
6.6.2	Analysis of MVP estimates from HOUSE voting	131
6.6.3	Analysis of MVP estimates from SENATE voting	137
6.6.4	Sensitivity analyses	141
6.7	Model comparisons: Ideology versus interest	143
6.8	Conclusion	150
	Acknowledgements	151
	Appendix A: Bayesian analysis of the multivariate probit model	151
	References	155

Chapter 7 Industry and Factor Linkages Between Lobby Groups 159

Christopher Magee

7.1	Introduction	159
7.2	Theory	162
7.3	Empirical analysis	167
7.4	Conclusion	174
	References	175

Chapter 8 Sweetening the Pot: How American Sugar Buys Protection_____177

Omer Gokcekus, Justin Knowles and Edward Tower

8.1	Introduction	178
8.2	The US sugar program	179
8.2.1	Price support loans	179
8.2.2	Import restrictions	180
8.3	Consequences of the program	180
8.3.1	Increases users' costs	180
8.3.2	Benefits for producers	181
8.3.3	Net effect	182
8.4	Sugar interest groups' contributions	182
8.5	Determinants of sugar's campaign contributions	184
8.6	Marginal effects of different attributes on the probability of getting money and the amount of money received by incumbent senators	188
8.7	Concluding remarks	192
	Acknowledgements	193
	References	193

Part III. Inter-Country Interactions

Chapter 9 Unilateralism in Trade Policy: A Survey of Alternative Political-Economy Approaches 197
Pravin Krishna and Devashish Mitra

9.1 Introduction 198

9.2 Models of reciprocated unilateralism 200

 9.2.1 A median-voter model 200

 9.2.2 A model with trade policy lobbying and endogenous lobby formation 202

 9.2.3 A model of leadership in trade policy negotiations 208

9.3 Models of endogenous unilateralism 209

 9.3.1 Unilateral commitment to free trade as a means of preventing capital misallocation 209

 9.3.2 Unilateral commitment to free trade as a means of preventing wasteful political (organizational) activity 209

9.4 Concluding remarks: the current state of the literature and issues for future research 210

References 212

Chapter 10 Trade Creation and Residual Quota Protection in a Free Trade Area with Domestic Monopoly 213
David H. Feldman and Martin Richardson

10.1 Introduction 214

10.2 Single domestic firm 216

 10.2.1 An FTA may not lead to any trade creation 217

 10.2.2 Welfare effects 219

10.3 The political economy of FTA formation 220

 10.3.1 FTA is politically unattractive when profits and revenues are equally valued 222

 10.3.2 FTA can only be politically attractive if profits are more highly valued than revenues 225

10.4 Conclusions 229

Appendix A 230

References 231

Chapter 11 The Political Economy of Trade Sanctions Against South Africa: A Gravity Model Approach 233
William H. Kaempfer and Martin Ross

11.1 Introduction: the law of demand for sanctions 234

11.2 South African trade during the 1980s 235

11.3	The gravity model of trade.....	238
11.4	Empirical results.....	241
11.5	Concluding remarks.....	243
	Acknowledgements.....	244
	References.....	244

Part IV. Aid and Foreign Investment Policies

Chapter 12	The Political Economy of Unconditional and Conditional Foreign Assistance: Grants vs. Loan Rollovers	249
	<i>Wolfgang Mayer and Alex Mourmouras</i>	
12.1	Introduction.....	250
12.2	The common agency model.....	254
12.2.1	Decision makers and their objectives.....	254
12.2.2	Political equilibrium with unconditional assistance.....	256
12.2.3	Political equilibrium with conditional assistance.....	257
12.3	Instruments of assistance: loan rollovers vs. a final grant.....	260
12.4	Unconditional assistance: the IFI should use a grant.....	262
12.4.1	Unconditional loan decisions.....	263
12.4.2	Unconditional grant decisions.....	264
12.5	Conditional assistance: the IFI should use loans.....	266
12.5.1	Conditional loan decisions.....	266
12.5.2	Conditional grant decisions.....	267
12.6	Concluding remarks.....	271
	Acknowledgements.....	275
	Appendix A. Derivation of Equation 18.....	275
	Appendix B. Derivation of Equation 19.....	275
	References.....	275
Chapter 13	Crowding Out and Distributional Effects of FDI Policies	277
	<i>Amy Jocelyn Glass and Kamal Saggi</i>	
13.1	Introduction.....	278
13.2	Model.....	279
13.3	No intervention and national treatment.....	282
13.4	Discriminatory treatment.....	285
13.4.1	Equilibrium.....	285
13.4.2	Policy.....	286
13.4.3	Discriminatory versus national treatment.....	288
13.5	Most-favored-nation treatment.....	289
13.5.1	Equilibrium.....	289
13.5.2	Policy.....	289

13.5.3	Discriminatory versus MFN treatment	290
13.5.4	MFN versus national treatment	291
13.6	Another basis for discrimination	291
13.7	Conclusion	292
	Acknowledgements	293
	Appendix A	293
A. 1.	Proof of Proposition 1	293
A.2.	Proof of Proposition 2	294
A.3.	Proof of Proposition 3	295
A.4.	Proof of Proposition 4	295
A.5.	Proof of Proposition 5	297
A.6.	Proof of Proposition 6	297
