CONTENTS

Why Read This Book? /

You Don't Need to Know It All	2	Your Money AND Your Life	20
No Experience Necessary	3	Breaking Out the Benjamins	21
Questions, Not Answers	4	What an MBA Will Actually	
Mental Models, Not Methods	4	Get You	22
My "Personal" MBA	6	Where Business Schools	
A Self-Directed Crash Course		Came From	24
in Business	7	In Search of Distribution	25
The Wheat and the Chaff	9	Playing with Fire	26
The Personal MBA Goes Global	10	No Reason to Change	28
Munger's Mental Models	12	The Single Benefit of Business	
Connecting the Dots	15	Schools	29
For the Skeptics	17	I Owe, I Owe—It's Off to	
Should You Go to Business School?	17	Work I Go	30
Three Big Problems with Business		A Better Way	31
Schools	18	What You'll Learn in This Book	32
Delusions of Grandeur	19	How to Use This Book	34

1 Value Creation 35

The Five Parts of Every Business	36	Ten Ways to Evaluate a Market	40
Economically Valuable Skills	37	The Hidden Benefits of Competition	42
The Iron Law of the Market	38	The Mercenary Rule	43
Core Human Drives	39	The Crusader Rule	44

CONTENTS

Twelve Standard Forms of Value	45	Bundling and Unbundling	61
Form of Value #1: Product	46	Prototype	62
Form of Value #2: Service	47	The Iteration Cycle	63
Form of Value #3: Shared Resource	48	Iteration Velocity	64
Form of Value #4: Subscription	49	Feedback	65
Form of Value #5: Resale	50	Alternatives	67
Form of Value #6: Lease	51	Trade-offs	68
Form of Value #7: Agency	52	Economic Values	69
Form of Value #8: Audience		Relative Importance Testing	71
Aggregation	53	Critically Important Assumptions	
Form of Value #9: Loan	54	(CIAs)	73
Form of Value #10: Option	56	Shadow Testing	75
Form of Value #11: Insurance	57	Minimum Economically Viable Offer	
Form of Value #12: Capital	58	(MEVO)	76
Perceived Value	59	Incremental Augmentation	78
Modularity	60	Field Testing	79

3 Marketing *u*

Attention	82	Visualization	93
Receptivity	83	Framing	94
Remarkability	84	Free	96
Probable Purchaser	85	Permission	97
End Result	86	Hook	99
Qualification	87	Call-to-Action (CTA)	100
Point of Market Entry	89	Narrative	101
Addressability	90	Controversy	102
Desire	92	Reputation	104

4 Sales *m*

Transaction	107	Education-Based Selling	115
Trust	108	Next Best Alternative	117
Common Ground	109	Three Universal Currencies	118
Pricing Uncertainty Principle-	110	Three Dimensions of Negotiation	119
Four Pricing Methods	111	Buffer	122
Value-Based Selling	114	Reciprocation	124

Damaging Admission	125	Risk Reversal	128
Barriers to Purchase	126	Reactivation	130

m

Value Stream	133	Scale	143
Distribution Channel	135	Accumulation	144
The Expectation Effect	136	Amplification	145
Predictability	138	Barrier to Competition	146
Throughput	140	Force Multiplier	147
Duplication	141	Systemization	149
Multiplication	142		

Finance 151

Profit Margin	152	Amortization	167
Value Capture	153	Purchasing Power	168
Sufficiency	155	Cash Flow Cycle	169
Four Methods to Increase Revenue	157	Opportunity Cost	171
Pricing Power	158	Time Value of Money	172
Lifetime Value	160	Compounding	173
Allowable Acquisition Cost (AAC)	161	Leverage	174
Overhead	163	Hierarchy of Funding	176
Costs: Fixed and Variable	164	Bootstrapping	180
Incremental Degradation	164	Return on Investment (ROI)	181
Breakeven	166	Sunk Cost	182

] The

Caveman Syndrome	184	Conflict	200
The Gas Tank	186	Pattern Matching	202
The Onion Brain	188	Mental Simulation	203
Perceptual Control	191	Interpretation and Reinterpretation	205
Reference Level	193	Motivation	207
Conservation of Energy	195	Inhibition	209
Guiding Structure	197	Willpower Depletion	210
Reorganization	198		

Loss Aversion	212	Absence Blindness	220
Threat Lockdown	213	Contrast	222
Cognitive Scope Limitation	216	Scarcity	224
Association	218	Novelty	226

m

Monoidealism	228	Parkinson's Law	253
Cognitive Switching Penalty	231	Doomsday Scenario	254
Four Methods of Completion	233	Excessive Self-Regard Tendency	255
Most Important Tasks (MITs)	234	Confirmation Bias	258
Goals	236	Hindsight Bias	259
States of Being	238	Performance Load	260
Habits	239	Energy Cycles	261
Priming	240	Stress and Recovery	263
Decision	242	Testing	265
Five-Fold Why	244	Mystique	267
Five-Fold How	245	Locus of Control	268
Next Action	246	Attachment	269
Externalization	248	Personal Research and	
Self-Elicitation	249	Development (R&D)	270
Counterfactual Simulation	251	The Growth Mind-set	272

ing with Others m

Power	274	Convergence and Divergence	291
Comparative Advantage	275	Social Signals	293
Communication Overhead	277	Social Proof	294
Importance	279	Authority	295
Safety	280	Commitment and Consistency	297
Golden Trifecta	282	Incentive-Caused Bias	299
Reason Why	283	Modal Bias	300
Commander's Intent	284	Pygmalion Effect	301
Bystander Apathy	285	Attribution Error	303
Planning Fallacy	286	Option Orientation	304
Referrals	288	Management	305
Clanning	289		

CONTENTS

II Understanding Systems

Gall's Law	308	Selection Test	317
Flow	310	Uncertainty	318
Stock	310	Change	320
Slack	311	Interdependence	321
Constraint	312	Counterparty Risk	323
Feedback Loop	314	Second-Order Effects	324
Autocatalysis	315	Normal Accidents	326
Environment	316		

II Analyzing Systems

Deconstruction	328	Ratio	339
Measurement	330	Mean, Median, Mode, and Midrange	340
Key Performance Indicator	331	Correlation and Causation	341
Garbage In, Garbage Out	333	Norms	343
Analytical Honesty	334	Proxy	344
Context	335	Segmentation	345
Sampling	336	Humanization	346
Confidence Interval	337		

II Improving Systems

Optimization	348	Checklist	360
Refactoring	349	Cessation	361
The Critical Few	351	Resilience	363
Diminishing Returns	353	Fail-safe	365
Friction	354	Stress Testing	367
Automation	355	Scenario Planning	368
The Paradox of Automation	356	The Middle Path	369
The Irony of Automation	357	The Experimental Mind-set	370
Standard Operating Procedure (SOP)	359	Not "The End"	371

Acknowledgments	375
Appendix A: How to Continue Your Business Studies	377
Appendix B: Forty-nine Questions to Improve Your Results	383
Notes	387
Index	391
