

INTERNATIONAL ENERGY AGENCY

DEVELOPING CHINA'S NATURAL GAS MARKET

The Energy Policy Challenges

TABLE OF CONTENTS

Foreword.....	3
Acknowledgements.....	5
Maps.....	7
Executive Summary.....	15
Key Messages.....	17
Main Conclusions and Policy Recommendations.....	19
• Introduction.....	19
• About this Study.....	20
• Key Conclusions of the Study.....	21
• Key Recommendations.....	29
<i>m</i> Energy Policy Challenges.....	41
1. Economic/ Energy and Environmental Context.....	43
• The Economic Context.....	43
H The Energy Situation.....	48
• The Environmental Context.....	58
• Conclusions.....	61
2. China's Natural Gas Market: Today and Tomorrow.....	63
• China's Natural Gas Market Today.....	63
• Natural Gas Demand Outlook.....	67
• Natural Gas Supply Outlook.....	74
• Gas Industry Structure and Legal Framework.....	79
<i>m</i> Key Challenges in Developing China's Natural Gas Market.....	84
• Conclusions.....	89
3a - Defining a Strategic and Policy Framework: Lessons from Developed Gas Markets.....	91
• Generic Characteristics of Gas Industry and Market.....	91
• Characteristics of the Chinese Gas Market.....	95
e Lessons and Experiences from Developed Gas Markets.....	98
• Major Implications for China's Gas Strategy and Policy Framework.....	113
• Recommendations.....	121
4o Gas for Power Generation.....	123
B Trends and Prospects in Power Generation in China.....	123
<i>m</i> Potential for Gas-Fired Power Generation.....	126

	• Critical Issues For Developing Gas-Fired Power Generation.....	134
	• Policies and Measures for Increasing Gas Use in Power Generation.....	145
	B Conclusions and Recommendations.....	152
5e	Issues of Local Gas Distribution.....	155
	a The Current Status of Gas Distribution in China.....	155
	a Key Problems Today.....	157
	B Organising the Conversion to Natural Gas.....	162
	• Ensuring the Security of Supply.....	165
	B Getting the Economics Right: Gas Distribution Cost and Pricing.....	168
	a Policies and Measures to Develop Downstream Gas Markets.....	172
	a Recommendations . . . J:.....	176
6.	Natural Gas Pricing and Taxation.....	177
	s Current Gas Allocation and Pricing System in China.....	178
	a Problems with Current Pricing System.....	184
	a The Transition to Market-Based Gas Pricing.....	188
	a Gas Pricing Regulation.....	194
	• Taxation of Natural Gas •.....	197
	a Fiscal and Price Reform to Promote Gas Market Development.....	202
	B Recommendations.....	206
y*	Issues Surrounding Long-Distance Gas Pipelines.....	207
	B Long-distance Gas Pipelines in or involving China.....	207
	a Stages in Building a Gas Pipeline.....	208
	a General Conditions for Long-distance Gas Pipelines.....	210
	• The West-East Gas Pipeline.....	215
	H Issues on Pipeline Gas Imports and Transit.....	225
	B North-East Asia Gas Pipeline Network: Prospects and Key Challenges.....	238
	• Recommendations.....	239
S ₀	Gas Market Development Through LNG Imports.....	241
	• Distinct Characteristics of LNG Projects.....	241
	• Current Status of Plans to Import LNG.....	243
	• Regional LNG Markets Trends and Prospects.....	249
	• Key Issues for Developing LNG Import Projects in China.....	254
	B Recommendations.....	258
9»	Financing Gas Infrastructure Projects.....	259
	• Investment Needs.....	259
	H Major Financing Sources.....	260

B Commerciality and Risk Management.....	267
w. Specifics of Financing Gas Infrastructures.....	270
• Conclusions and Recommendations.....	276
1 0 . Policies and Regulations on Foreign Investment in China's Natural Gas Sector.....	279
B Laws and Regulations on Foreign Investment in China.....	279
a Foreign Investment in Chinas Gas Sector.....	286
B Special Policies for Foreign Investment in West-East Pipeline Project.....	288
B Conclusions and Recommendations.....<	289
1 1 . Policy-making, Structure and Regulation.....	293
B Current Allocation of Policy-making and Regulatory Responsibilities.....	293
B Clarifying the Legal Framework.....	296
• Organisational and Institutional Arrangements.....	298
B Gas Industry Structural Reform.....	303
• Regulation of Gas Transmission and Distribution.....	307
• Recommendations.....	316
Annexes.....	317
AL China's Environmental Laws and Regulations Related to Air Pollution ..	319
B Environmental Laws.....	319
a Regulations Related to Air Pollution.....	320
A 2 . Summary of Laws and Regulations Governing Oil and Gas Activities in China.....	325
a The Mineral Resources Law.....	325
a Rules on Implementation of the Mineral Resources Law.....	326
• Regulations on Transfer of Exploration and Mining Rights.....	328
B Regulations on Registration over Mineral Resources Exploration.....	329
• Regulations on Registration over Mineral Resources Exploitation.....	330
• Regulations on the Exploitation of Offshore Petroleum Resources in Co-operation with Foreign Enterprises.....	332
• Regulations on the Exploitation of Land Petroleum Resources in Co-operation with Foreign Enterprises.....	333
Competitiveness of Natural Gas in Shanghai.....	335
• Shanghai's Energy Situation.....	336
• Natural Gas Development in Shanghai.....	337
B Natural Gas Price in Shanghai.....	339
• The Competitiveness of Natural Gas in Shanghai.....	340

The Price and Non-price Factors that Hinder the Wider Use of Natural Gas in Shanghai.....	345
Policies and Measures for the Development of a Natural Gas Market in Shanghai.....	346
Environmental Protection Measures in Shanghai.....	347
Conclusions.....	349
Abbreviations.....	351
Glossary of Terms.....	355
List of Tables, Figures, Boxes and Maps.....	359
Bibliography.....	365
