PART 1

Introduction to Africa and African Economic Development

1 Why Study African Economic Development?

Emmanuel Nnadozie

Key Terms	3
I. Introduction	3
A. Africa's Development Experience	4
B. The Need for the Study of African Development	5
II. Principal Messages	10
Discussion Questions	12
Notes	12

2 Overview of African Development

Emmanuel Nnadozie

Key Terms	15
I. Introduction	15
A. Diversity and Classification of African Countries	15
II. The Diversity of Africa	16
A. Economic Diversity in Africa	16
III. Classification of African Countries	17
A. Regional Classification	17
B. Income-Based Classification of African Countries	21
C. Classification Based on Colonial Experience	23
IV. Summary	26
V. What Do You Know About Africa?	26
Discussion Questions	27
Notes	27

3 Definition and Measurement of Growth and Development

Emmanuel Nnadozie

Key Terms	29
I. Introduction	29
II. The Economics of African Development Defined	30
A. Definition of Development in Africa	30
B. Growth Versus Development	33
III. How Development is Measured	34
A. Quality of Life as a Measure of Development	34
B. Human Development as a Measure of Economic Development	35
C. Measuring Income Inequality and Poverty	36
IV. Summary	41
Discussion Questions	42
Notes	42

PART I I

Africa's Characteristics and Development Challenges

4 Geo-Economy and History

Mario J. Azevedo

Key Terms	47
-----------	----

I. Introduction	47
II. Geo-Economy	48
III. The History of Africa	52
IV. Summary	61
Discussion Questions	62
Notes	63

5 Engines of Growth and Africa's Economic Performance

Marcel Fafchamps

Key Terms	65
I. Introduction	65
II. Elementary Engines of Growth	67
III. Static Engines of Growth	71
IV. Accumulation of Productive Resources	74
A. Physical Capital	74
B. Human Capital	76
V. Increasing Returns and Poverty Traps	77
A. Increasing Returns to Scale	78
B. Start-Up Costs and Learning by Doing	79
C. Gains from Specialization and Other Spillovers	80
VI. Technological Change and Innovation	82
A. Embodied Technological Change	83
B. New Consumer Products	84
C. Knowledge	85
D. Innovation and Schumpeterian Competition	86
E. Assessment	87
VII. Agglomeration Effects	89
VIII. Summary	91
Discussion Questions	93
Notes	94

6 Population

Jacob Adetunji

Key Terms	99
I. Introduction	99
A. Empirical Correlations	100
B. Theoretical Factors	101
II. Elements of African Population Growth	103
A. African Population Trends and Human Welfare	104
III. Fertility Levels and Economic Development	105
A. Does Fertility Affect African Economic Development?	108
B. Efforts to Reduce Fertility Levels in Africa	110

IV. Mortality	111
V. Migration	113
A. Population Growth, Labor Force, and. Unemployment	115
VI. Summary	116
Discussion Questions	117
Notes	118

7 Poverty and Development

Nick Vink and Norma Tregurtha

Key Terms	121
I. Introduction	121
II. Development and Poverty: The Early Debate	122
III. Development and Poverty: Human Development	124
A. Social Exclusion Theory	124
B. The Capability Approach of Sen	125
C. Measuring Poverty	126
IV. The Measurement of Poverty: Farm Workers in- South Africa	128
A. Data Sources	128
B. Locating Farm Workers within the South African Labor Market and Agricultural Economy	128
C. Demographic Features of South African Farm Workers	130
D. Human Capabilities of South African Farm Workers	133
E. Farm Worker Wage and Income Levels	138
V. Income and Capabilities	139
VI. Summary	141
Discussion Questions	142
Notes	143

PART I I I

Critical Issues

8 Implications of Ethnic Diversity

Paul Collier

Key Terms	149
I. Introduction	149
II. What Do We Know and What are the Gaps?.	151

III. Does Ethnic Diversity Cause Dysfunctional Politics?	155
A. Effect of Ethnic Diversity in Democracies	155
B. Dictatorship	160
C. Testable Hypotheses	163
D. Empirically Testing the Hypotheses	164
IV. Does Ethnic Diversity Cause Civil War?	167
A. The Financing of Rebellion	167
B. Quantitative Empirical Evidence	169'
V. Policy Implications	173
VI. Summary	176
Discussion Questions	177
Notes	177

9 Health and Economic Development

Mario J. Azevedo

Key Words	181
I. Introduction	181
II. Ecology and the Epidemiological Factors	182
A. Measurement of Health	185
III. Africa's Commitment to Health Care	187
IV. Disease and Economic Security	196
V. Summary	201
Discussion Questions	203
Notes	203

10 Education

Mario J. Azevedo and Emmanuel Nnadozie

Key Terms	207
I. Introduction	207
II. Evolution and Transformation of Education in Africa	208
A. Education Neglect in Colonial Africa	208
B. The Post-Independence Period	210
III. Education and Development in Africa	211
A. Economic Theory of Education and Growth	212
B. Education's Role in Economic Growth and Development	213
C. Macroeconomic Impact of Education	214
IV. Education and Future Economic Growth in Africa	215
A. Education, Income, and Other Benefits	216
V. Educational Crisis in Africa	218

X. Producing the Self-Enforcing Constitution	340
XI. Challenges to Constitutionalism in Africa Today	341
XII. Summary and Conclusion	344
Discussion Questions	345
Notes	346

PART IV

Sector Analyses

15 Land Tenure, Agriculture, and Economic Development

Nii O. Tackie, Arthur Siaway, and Ntam Baharanyi

Key Terms	353
I. Introduction	353
II. Land Tenure and Economic Development	353
A. Land Use and Conservation	355
B. Security of Tenure and Investment	355
C. Exclusivity of Tenure and Farm Management	355
D. Efficiency in Resource Allocation	355
E. Land-Secured Credit	356
F. Fragmentation and Subdivision of Holdings	356
G. Person/Land Ratios, Population Mobility, and Citizenship	356
H. Gender and Land Tenure	357
I. Other Land Tenure Issues	357
III. Land Tenure Reform	358
IV. Effectiveness of Land Tenure Reform	360
V. Investing in Agriculture to Increase its Productivity	360
VI. Selected Indicators of African Agriculture	362
VII. The Nature of the Agricultural Sector	364
A. Zimbabwe and its Maize Success Story	368
VIII. The Problem of Political Instability	369
IX. Summary	369
Discussion Questions	370
Notes	370

16 Financial Markets and Economic Development

Leonce Ndikumana

Key Terms	373
-----------	-----

I. Introduction	373
II. The Financial System and Real Economic Activity:	
Overview	374
A. Functions of the Financial System	374
B. Finance and Economic Growth: Historical and Econometric Evidence	375
III. Financial Development and Economic Growth in Africa:	
An Assesment	376
A. A Note on the Data	376
B. Financial Development: Trends and Patterns	378
C. Stock Market Development	379

A. Neoclassical Growth Models within the African Context	421
B. The Solow-Swan Model	422
C. Harrod-Domar Model	423
VI. Investment and Economic Growth	426

A. The Impact of Investment Instability on Economic Growth in Africa	426
B. Endogenous Growth Models	428
C. The Influence of Debt Relief on Economic Growth	430
VII. Noneconomic Factors Influencing Investment and Economic Growth	431
A. The Deterrent Effects of Political Instability on Investment	431
B. Role of Political Institutions in Promoting Investment	432
VIII. Summary	434
Discussion Questions	435
Notes	436

PART

Africa and the International Environment

18 Trade and Economic Development

Victor Iwuagwu Oguledo

Key Terms	441
I. Introduction	441
II. Theories of Trade	442
III. The Relationship Between Trade and Economic Development of Africa	445
A. An Overview of Trade, in Africa	445
B. The Potential Benefits of Trade: Static and Dynamic	450
IV. Opposition to Free Trade	458
A. The Alleged Harmful Effects of Free Trade	458
B. The Problem of Deteriorating Terms of Trade	464
V. Policy Suggestions	466
VI. Summary	469
Discussion Questions	469
Notes	470

19 Regionalism and Economic Development

Femi Babarinde

Key Terms	473
I. Introduction	473
II. The African Condition	474
III. Regionalism: A Theoretical Discourse	476
A. What is Regionalism?	476

B. Why Integrate?	477
C. What Kind of Integration?	479.
D. How is Integration Achieved?	481
IV. Is Regional Integration Relevant to Africa?	482
A. A "Regional Integration is Necessary" View	482
B. A "Regional Integration is Necessary but Insufficient" View	484
V. Africa's Practical Experiences with Regional Integration	486
A. African Economic Community	487
B. Arab Maghreb Union	489
C. Common Market for Eastern and Southern Africa	490
D. East African Community	491
E. Economic Community of Central African States	491
F. Economic Community of West African States	492
G. Southern Africa Development Community	493
VI. Summary	493
Discussion Questions	495
Notes	495

20 Globalization and Development

Richard E. Mshomba

Key Terms	499
I. Introduction	499
II. Africa and Globalization	500
III. Africa and the World Trade Organization	500
A. Reduced Ability to Formulate Independent Domestic Policies	501
B. Developing Countries are Limited in Their Capacity for Fair and Effective Negotiations	502

D. Developed Countries are not Open Enough for Goods Produced by Developing Countries	505
E. The WTO Facilitates Exploitation of Workers in Developing Countries by Multinational Corporations	507
IV. Regional Economic Integration	508
V. Globalization and Development	513
VI. Summary	514
Discussion Questions	515
Notes	516

21 Information and Communication Technologies

Francis A.S.T. Matambafya

Key Terms	519
I. Introduction	519

II. ICTs and Some of their Evolutionary Properties	521
A. ICTs as a Special Category of Technologies	521
B. Some Evolutionary Properties of ICTs	521
III. Causal Relations Between ICTs and Economic Development: An Overview	523
A. Developed World Evidence: Productivity Paradox Versus Productivity Surge	524
B. Developing Country Evidence	526
IV. Reflections On and Evidence of the Role of ICTs in Africa's Economic Development	527
A. ICT Development in Africa and Implications for Economic Development	527
B. Overall Macroeconomic Picture	528
C. Microeconomic Evidence: Lessons from the <i>East Africa SME Survey</i>	530
D. Characterizing the Macroscopic Channels of ICTs Impact on Performance	534
V. Factors that Limit Returns to Investments in ICTs in Africa	535
A. Restricted Diffusion of ICTs	535
B. Underdevelopment of the Information Economy	538
VI. Essential Conditions for the Enhancement of ICTs Returns	538
A. Improve the Level of Efficiency in Utilizing Existing ICT Capabilities	539
B. Promotion of other Development Catalysts	539
VII. Conclusions	541
A. Ranking the Obstacles for Doing Business by Tanzanian SMEs	541
VIII. Summary	541
Acknowledgments	542
Discussion Questions	542
Notes	543

PART VI

Development Challenges, Policies, and Strategies

22 Economic Policies, Stabilization, and Reforms

Sarah Bryant Bower

Key Terms	549
-----------	-----

I. General Nature of the Problem, Origin, Evolution, and Manifestations	549.
II. A Brief History Since 1960: Is Economic Stabilization Sustainable?	551
III. Theories of Development	556
IV. Structural Reforms	558
V. Zambia: A Country's Experiences	559
VI. Summary and Conclusions	561
Discussion Questions	562
Notes	562

23 Restarting and Sustaining Growth and Development

James S. Duesenbeiry, Arthur A. Goldsmith, and Malcolm F. McPherson

Key Terms	565
I. Introduction	565
II. Background	566
III. Politics and Institutions -	568
IV. Macroeconomic Management	571
A. Exchange Rates	571
B. Fiscal Policy	572
C. Monetary Policy	573
D. Financial System	574
E. Capital Flows	574
F. Debt Management	575
V. Enhanced Productivity	576
A. Increasing the Supply of Productive Resources	576
B. Raising the Efficiency of Resource Use	577
VI. A Framework for Restarting Growth	578
VII. Summary	580
Discussion Questions	580
Notes	581
Glossary	587
<i>Bibliography</i>	605
<i>Index</i>	647
