Introduction

1	Context of Aviation Operational Information	3
	<i>Thomas L. Seamster and Norman E. St. Peter</i>	

Part 1 Structure of Aviation Operational Information

2	Operator Document Systems: Structural Tradeoffs	21
	<i>Barbara G. Kanki and Ronald J. Thomas</i>	
3	Structure of Information in the Future	37
	<i>Gary Cosimini</i>	
4	Standard Aviation Information	51
	<i>Ron A. Sorensen</i>	
5	Flight Operations Information Interchange	63
	<i>Rick W. Trovers</i>	

Part 2 Management of Aviation Operational Information

6	From Documents to an Aviation Information Database	81
	<i>Terry J. Snyder and Anita Kanakis</i>	
7	Structured Information for the Cockpit	93
	<i>William W. LeRoy</i>	
8	Establishing a Shared Information Management System	107
	<i>Jack W. Eastman</i>	

Part 3 User Innovations in Aviation Operational Information

9	Electronic Flight Bag in Action: The JetBlue Experience <i>Brian L. Coulter</i>	123
10	Design and Certification of an Integrated Aircraft Network <i>Robert K. Bouchard</i>	135
11	Display of Electronic Information in the Cockpit <i>Daniel R. Wade</i>	147
Summary and Recommendations		
12	Future of Aviation Operational Information <i>Thomas L. Seamster and Barbara G. Kanki</i>	163
	<i>Index</i>	179
