Institute for Integrated Management  
of Material Fluxes and of Resources

Springer

# Contents

<b>1 Applying Multifunctionality to Address the Challenges and Benefits of Land-Use Management</b> . . . . .	1
Lulu Zhang and Kai Schwärzel	
<b>2 The Loess Plateau</b> . . . . .	11
Xinzeng Wang, Feng Jiao, Xiping Li and Shaoshan An	
<b>3 The Land-Use Protection Policy in China</b> . . . . .	29
Lin Zhen and Jie Hu	
<b>4 Multifunctional Agriculture and the Relationship Between Different Functions</b> . . . . .	53
Lin Zhen, Wenping Sheng, Chao Wang and Lulu Zhang	
<b>5 Current State of Multifunctional Use of Grasslands</b> . . . . .	69
Shaoshan An, Man Cheng, Zhijing Xue and Rentian Ma	
<b>6 Multifunctional Forestry on the Loess Plateau</b> . . . . .	79
Yanhui Wang, Pengtao Yu, Junzhong Wang, Lihong Xu, Karl-Heinz Feger and Wei Xiong	
<b>7 Multifunctional Forestry and Forest Management: Eco-hydrological Considerations</b> . . . . .	109
Yanhui Wang, Pengtao Yu, Wei Xiong, Ying Tian, Zhijia Yu, Yongqiang Hu, Lihong Xu, Haijun Zuo and Kai Schwärzel	
<b>8 Implementation of Multifunctional Land Management: Research Needs</b> . . . . .	137
Lulu Zhang and Kai Schwärzel
