# Contents

<b>1</b>	<b>Introduction</b> .....	1
1.1	Context and Background .....	1
1.2	Research Problem .....	4
1.3	Research Objectives .....	6
1.4	Methodological Approach of the Book .....	7
1.5	Scientific Importance .....	8
1.6	Outline of the Book .....	10
	Appendix .....	12
	Bibliography .....	13
<b>2</b>	<b>Theoretical and Empirical Literature on Diffusion: A Move Towards a Broader Perspective</b> .....	15
2.1	Diffusion of New Technologies: An Overview .....	15
2.2	Definition and Indicators to Measure Diffusion .....	16
2.3	Modelling Technology Diffusion: Perspectives from Mainstream Economics Literature .....	18
2.3.1	Epidemic Models .....	18
2.3.2	Equilibrium Models .....	19
2.3.3	Empirical Evidences .....	24
2.4	Diffusion from a Spatial Perspective .....	26
2.4.1	Traditional Geographic Diffusion Models .....	27
2.4.2	Agglomeration Economies, Location Theories and Diffusion of Technologies .....	29
2.4.3	Evidences Linking Diffusion with Regional Differences, Agglomeration, and Spillovers .....	33
2.5	A Synthesis of Literature .....	35
2.5.1	Need for a Broader Encompassing .....	35
2.5.2	Issues for Present Research .....	37
	Bibliography .....	39

<b>3</b>	<b>Integrating Models of Diffusion: A Conceptual Framework for Research</b> . . . . .	45
3.1	Introduction . . . . .	45
3.2	Systemic Nature of Innovation Diffusion . . . . .	46
3.2.1	Adoption of New Technologies: An Innovation Process? . . . . .	46
3.2.2	Systemic Nature of Innovation and Diffusion . . . . .	48
3.3	Systems of Innovation Approach: Theoretical Roots . . . . .	49
3.3.1	Different Notions of 'Systems of Innovation' . . . . .	49
3.3.2	Innovation/Diffusion as Links, Flows, and Networks . . . . .	50
3.3.3	Importance of Local Level Networking on Diffusion . . . . .	52
3.4	Proposed Framework for the Study: Research Questions . . . . .	54
3.5	Research Design . . . . .	59
	Bibliography . . . . .	60
<b>4</b>	<b>A Synoptic Review of the Indian Automotive and Auto Components Industry</b> . . . . .	65
4.1	Introduction . . . . .	65
4.2	Globalization and Structural Transformation of Indian Automotive Industry . . . . .	66
4.2.1	Industry Structure and Significance . . . . .	66
4.2.2	Industry Growth Path Through Time: The Paradigm Shift . . . . .	68
4.2.3	Growth Dynamics: Past and Recent Trends . . . . .	71
4.3	The Auto Components Industry: Profile and Overview . . . . .	73
4.3.1	Industry Structure and Characteristics . . . . .	74
4.4	An Assessment of the Automotive and Auto Components Industry Scenario . . . . .	77
	Appendix . . . . .	79
	Bibliography . . . . .	84
<b>5</b>	<b>A Comparative Regional Analysis of Indian Auto Components Industry</b> . . . . .	85
5.1	Motivation . . . . .	85
5.2	Structural Differences Among Regions . . . . .	87
5.3	Inter-regional Comparison of Economic Indicators . . . . .	91
5.4	Differences in Product Specialisation Among Clusters . . . . .	95
5.5	Synthetic Analysis of Regional Differences . . . . .	98
	Appendix . . . . .	101
	Bibliography . . . . .	101
<b>6</b>	<b>Dynamics of Inter-firm Linkages in Indian Automotive Industry: A Social Network Analysis</b> . . . . .	103
6.1	Introduction . . . . .	103
6.2	Preview of Buyer-Supplier Linkages in Indian Automotive Industry . . . . .	105

6.3	Network Analysis of B-S Relations in Indian Automotive Industry . . . . .	110
6.3.1	Methodological Outline Underlying Social Network Analysis: Structural Properties of Networks . . . . .	110
6.3.2	Sources and Nature of Data . . . . .	114
6.3.3	Analysis of the Network Structure of Automotive Firms . . . . .	115
6.4	Discussion and Conclusion . . . . .	128
	Bibliography . . . . .	130
<b>7</b>	<b>Technological and Organizational Innovations in Auto Components Industry: An Analysis of Survey Data from Diffusion Perspective . . .</b>	<b>133</b>
7.1	Introduction . . . . .	133
7.2	Survey Data and Methodology . . . . .	133
7.2.1	Representativeness of the Sample . . . . .	135
7.3	Characteristics of Auto Component Firms . . . . .	138
7.4	Pattern and Intensity of Adoption of AMTs . . . . .	141
7.4.1	Trend at the All-India Level . . . . .	142
7.4.2	Regional Differences in Adoption Pattern . . . . .	147
7.5	Summary and Discussion . . . . .	151
	Appendix . . . . .	153
	List of AMTs (Advanced Manufacturing Techniques) Used in the Study . . . . .	153
	List of AMPs (Advanced Manufacturing Practices) Used in the Study . . . . .	154
	Bibliography . . . . .	155
<b>8</b>	<b>AMT Diffusion in Indian Auto Components Industry: An Examination of the Determinants of Adoption . . . . .</b>	<b>157</b>
8.1	Introduction . . . . .	157
8.2	Principal Determinants of Adoption . . . . .	158
8.2.1	Internal Resources and Absorptive Capability of the Firm . . . . .	159
8.2.2	Demand and Market Conditions . . . . .	160
8.2.3	Perceived Benefits (Incentives) of Adoption . . . . .	161
8.2.4	Linkages to External Sources . . . . .	162
8.3	Empirical Framework . . . . .	163
8.3.1	Methodology . . . . .	163
8.3.2	Definition of Variables . . . . .	168
8.4	Discussion of Results . . . . .	176
8.4.1	Overall AMT Use and Intensity of Adoption . . . . .	176
8.4.2	Impact of Regions/Clusters on Adoption Patterns . . . . .	185
8.4.3	Predicted Probabilities of Adoption . . . . .	189
8.5	Conclusion: A Synthesis of Adoption Causalities . . . . .	192
	Appendix 1 . . . . .	194
	Appendix 2 . . . . .	194
	Bibliography . . . . .	196

<b>9</b>	<b>Geographical Proximity and Adoption of AMTS in Indian Auto Components Industry</b> .....	199
9.1	Introduction .....	199
9.2	The Catalytic Role of Geography on Adoption .....	200
9.3	Empirical Analysis .....	203
9.3.1	Primary Analysis of Adoption Pattern Proximity Effects .....	203
9.3.2	Econometric Analysis .....	208
9.4	Discussion and Conclusion .....	216
	Appendix .....	218
	Bibliography .....	221
<b>10</b>	<b>Summary and Conclusions</b> .....	223
10.1	Overview .....	223
10.2	Research Findings .....	224
10.2.1	Breadth and Elasticity of the Economic Opportunities .....	224
10.2.2	Cohesiveness, Regional, and Relational Structure of the Industry .....	225
10.2.3	Determining Adoption: Treading Beyond Convention .....	227
10.2.4	Spatial Influence and Adoption Pattern .....	228
10.3	Implications for Policy .....	229
10.3.1	Stress on R&D and Human Capital .....	229
10.3.2	Promoting Missing Institutions and Infrastructure .....	230
10.3.3	Tackling Demand Uncertainties .....	231
10.3.4	Focus on Co-ordination Rather than Appropriation .....	231
10.4	Study Limitations and Directions for Further Research .....	231
	Bibliography .....	233
	<b>Synopsis</b> .....	235
