

Disaster Risk Management Series

Understanding the Economic and Financial Impacts of Natural Disasters

Charlotte Benson
Edward J. Clay

THE WORLD BANK
Washington, D.C.

Contents

Preface **vii**

Abbreviations and Acronyms **viii**

Summary **1**

1. Introduction **3**

- Objectives 3
- Selection of Countries and Issues for Investigation 4
- Concepts and Definitions 5
- Method of Investigation 6

2. Disasters and the Macroeconomy **9**

- The Dynamic Nature of Vulnerability 9
- Overview of the Factors Determining Vulnerability 15
- Natural Hazards 16
- Economic Structure 17
- Stage of Development 18
- Prevailing Socioeconomic Conditions 19
- The Macroeconomic Impact of Disasters 19
- Lessons Learned 26

3. Public Finance and Disasters **29**

- Background 29
- The Broad Fiscal Impact of Disasters 30
- Disaggregated Reexamination of Public Finances 31
- External Aid 34
- Is Reallocation an Appropriate Solution? 35
- Risk Reduction Activities 38
- Long-Term Policy Consequences of Disasters 39
- Lessons Learned 39

4. Information on Natural Hazards and Disaster Reduction **43**

- Information and Public Action 43
- Hazard Information as a Public Good 43

Climatic Forecasting in Southern Africa	44
Tropical Storms	46
Failures in the Provision of Information as a Public Good	47
Findings and Conclusions	49
5. Financing the Cost of Future Disasters	53
Risk Transfer Tools	53
Potential Obstacles	54
Creative Solutions	57
Promoting Mitigation	58
Conclusions	59
6. Findings of the Study and Implications for Policy and Research	61
Findings	61
Policy Implications	63
Directions for Future Research	66
Appendix A. Dominica: Natural Disasters and Economic Development in a Small Island State	69
Appendix B. Bangladesh: Disasters and Public Finance	79
Appendix C. Malawi and Southern Africa: Climatic Variability and Economic Performance	91
Notes	99
References	107
Index	113
Boxes	
2.1 Measuring vulnerability	20
2.2 Saying so does not make it so: poverty reduction strategies	21
2.3 Funding rehabilitation: the implications for long-term growth	24
3.1 Fiscal impacts of drought in Sub-Saharan Africa	31
4.1 Evidence-based volcanology: application of Bayes' rule to the situation in Dominica in 1998	49
5.1 Insuring banana growers against disaster: the WINCROP scheme	56
B.1 Uncertainties in postdisaster economic forecasting in Bangladesh	85
Figures	
2.1 Dominica: real annual fluctuations in agricultural, nonagricultural, and total GDP, 1978-99	10
2.2 Bangladesh: real annual fluctuations in agricultural, nonagricultural, and total GDP, financial years 1965-2000	12
2.3 Malawi: real annual fluctuations in agricultural, nonagricultural, and total GDP, 1980-2001	13
2.4 Southern Africa: cereal production and El Nino events, 1972-99	15
