<i>Local and Regional Environmental Authorities</i>		<i>xxxiii</i>
<i>Executive Summary</i>		<i>xxxvii</i>
 Chapter 1	Overview	1
	Objectives of the Country Environmental Analysis	2
	CEA Process and Summary	3
	References	7
 Chapter 2	A Unique Model for Environmental Management	9
	Institutional and Legal Foundations: 1952-74	10
	Expansion of Roles and Legal Frameworks: 1975-93	14
	The 1991 Constitution and Law 99 of 1993	17
	Consolidating Institutions, Regulations, and Planning: 1994-2005	23
	Conclusions	27
	Notes	29
	References	31

Chapter 3	Actors and Institutions	33
	Environmental Information Systems	34
	SINA's Finances	37
	The Ministry of Environment	39
	National Environmental Council and National Technical Advisory Council	48
	National Planning Department	48
	Investigational Institutes	50
	National Parks System	52
	Public Participation	53
	Control Organizations	54
	Judiciary	55
	Conclusions and Recommendations	56
	Notes	61
	References	63
Chapter 4	Decentralization: A Balancing Act	67
	Overall Performance of CARs	68
	Allocation of CAR Resources and Priority Setting	71
	Sources of CARs' Financial Resources	86
	Adequacy of Human and Technical Resources	91
	Sanitation Infrastructure	93
	Relationships between CARs and other SINA Entities	95
	Conclusions and Recommendations	99
	Notes	105
	References	106
Chapter 5	Setting Environmental Priorities: Top Down and Bottom Up	109
	Annual Cost of Environmental Damage	110
	Costs by Environmental Category	111
	Water, Sanitation, and Hygiene	114
	Urban Air Pollution	125
	Indoor Air Pollution'	129
	Agricultural Land Degradation	139
	Natural Disasters	144
	Perceptions of the Priority of Environmental Problems	149
	Conclusions	152

	Notes	153
	References	155
Chapter 6	Waterborne Diseases Remain Widespread	159
	Assessment of Policy Design, Efficiency, and Effectiveness	161
	Analysis of Policy Implementation	170
	Analysis of Alternative Interventions	172
	Conclusions and Recommendations	194
	Notes	196
	References	197
Chapter 7	Improving Air Quality	201
	Air Quality Management	203
	Performance of the Air Quality Management System	214
	Potential Interventions to Control Air Pollution	225
	Conclusions and Recommendations	241
	Notes	247
	References	249
Chapter 8	A Silent Killer: Indoor-Air Pollution	251
	Acute Respiratory Illness in Colombia	253
	Health Effects of Indoor Air Pollution	255
	A Benefit-Cost Analysis Framework	255
	Stove Efficiency	261
	Fuelwood Consumption	263
	Cost of Interventions	264
	Benefit-Cost Analysis	265
	Sensitivity Analysis	271
	Effectiveness of Indoor Air Pollution Control Programs	273
	Conclusions and Recommendations	276
	Notes	276
	References	277
Chapter 9	The Environmental Cost of Accelerated Urban Growth	279
	Urban Growth and Environment in Colombia	281
	Housing Policy: Main Environmental Difficulties and the Government's Response	284

	Conclusions and Recommendations—Housing and Urban Development	291
	Waste Management	295
	Background and Brief History	296
	Effectiveness of the Waste Management System	302
	Conclusions and Recommendations—Waste Management and Urban Development	313
	Notes	317
	References	318
Chapter 10	Living with Natural Disasters	321
	Natural Disasters in Colombia: Occurrence and Impacts	322
	Effectiveness of Policy Design	324
	Conclusions and Recommendations	347
	Notes	354
	References -	355
Chapter 11	Water Management in a Water-Rich Country	357
	Water Quantity	359
	Degradation of Water Bodies	370
	Water Pollution Control	373
	Conclusions	382
	Recommendations	385
	Notes	387
	References	389
Chapter 12	Land Degradation and Deforestation	393
	Soil Erosion and Salinization: Magnitude and Dimensions of the Problem	394
	Forests	413
	Conclusions and Recommendations	425
	Notes	427
	References	428
Chapter 13	Biodiversity Loss and Other Global Environmental Problems	433
	Biodiversity	434
	The National Protected Areas System	437
	The Policy for Social Participation in Conservation	441

	Climate Change	453
	Ozone Depletion : • . . • .	4 5 6
	Conclusions and Recommendations	458
	Notes	462
	References	464
Chapter 14	Conclusions and Recommendations ' . '	469
	Tackling^Environmental Priorities	478
	Conclusions	482
	Note	483
	References	483
