Contents

<i>List of Figures</i>	<i>viii</i>
<i>List of Tables</i>	<i>ix</i>
<i>List of Contributors</i>	<i>xi</i>
<i>Preface</i>	<i>xii</i>
<i>Charles Edquist</i>	
1. The Fixed Internet and Mobile Telecommunications Sectoral System of Innovation: Equipment, Access and Content.....	1
<i>Charles Edquist</i>	
1. Introduction.....	1
2. Systems of Innovation.....	1
3. Sectoral Systems of Innovation and System Boundaries.....	6
4. The Mobile Telecommunications and Fixed Internet Sectoral System of Innovation.....	10
2. Fixed Data Communications: Challenges for Europe.....	40
<i>Bent Dalum and Gert Villumsen</i>	
1. Introduction.....	40
2. Stylized Features of 'Classical' Telephone Networks.....	41
3. Transformation of the 'Classical': Interaction between the Equipment Industry and Incumbent Operators.....	43
4. The Internet - Radical Changes in Standardization Procedures.....	45
5. ATM and IP-Competition or Convergence? Or Co-evolution of Two Standards?.....	46
6. Structure of the Data Communications Hardware Industry.....	49
7. Internet Access Technologies.....	51
8. The 'Acquisition Spree' of the Late 1990s.....	53
9. Turmoil in 2001 and Challenges for Europe.....	57

3. The Global System for Mobile Telecommunications (GSM):	
Second Generation.....	71
<i>Leif Hommen with Esa Manninen</i>	
1. Introduction.....	71
2. Historical Overview.....	72
3. Technical Characteristics.....	74
4. Related Systems and Standards.....	79
5. Public-Sector Actors.....	89
6. Private-Sector Actors.....	99
7. Main Outcomes.....	109
8. Conclusions.....	117
4. The Universal Mobile Telecommunications System (UMTS):	
Third Generation.....	129
<i>Leif Hommen</i>	
1. Introduction.....	129
2. Historical Overview.....	130
3. Technical Characteristics.....	131
4. Related Systems and Standards.....	138
5. Public-Sector Actors.....	145
6. Private-Sector Actors.....	149
7. Main Outcomes.....	154
8. Conclusions.....	155
5. Data Communication: Satellite and TV Subsystems.....	162
<i>Bent Datum</i>	
1. Introduction.....	162
2. Satellite Communication Technologies and Institutions at the Global Level.....	164
3. European Satellite Communications Development - EUTELSAT....	167
4. Data Communications through Satellite and Cable TV Networks. . .	169
5. The Maritime Sector - INMARSAT.....	171
6. Grandiose Satellite Phone Mega Projects of the Late 1990s - That Failed.....	172
7. The Early 2000s - Business as Usual?.....	175

6. The Internet Services Industry: Sectoral Dynamics of Innovation and Production.....	177
<i>Nicotetta Corrocher</i>	
1. Introduction.....	177
2. Technological Convergence in the Telecommunications Industry	178
3. The Internet as a Major Technological Discontinuity.....	181
4. Sectoral Dynamics in the Provision of Internet Services.....	185
5. The Provision of Internet Services in Europe.....	192
6. A View on the US and Japan.....	197
7. Concluding Remarks.....	200
7. The Internet Services Industry: Country-specific Trends in the UK, Italy and Sweden.....	210
<i>Nicoletta Corrocher</i>	
1. The Internet Sectoral System in the UK.....	210
2. Italy: Latecomer in the Internet Landscape.....	219
3. Internet Services in Sweden.....	229
8. Policy Implications for the Future of the Sectoral System.....	236
<i>Charles Edquist</i>	
1. Introduction.....	236
2. Fixed Internet.....	236
3. Mobile Telecommunications.....	237
4. The Sectoral System's Future in Europe, the US and Japan.....	240
5. The Three Most Important Policy Issues.....	242
<i>Abbreviations and Acronyms.....</i>	244
<i>Author Index.....</i>	247
<i>Subject Index.....</i>	251
