Introduction	Transformation and its aftermath		1
	Transforming institutions and popular support		3
	Top-down and bottom-up approaches to transformation		7
	Analyzing regime support		12
1	Time matters: the dynamics of regime support		16
	Maintaining support within a steady-state regime		18
	Dynamic challenges		22
	Political re-learning in a new regime		24
2	The supply of regimes: democratic and autocratic		29
	Defining regimes in two dimensions		30
	Differentiating regimes that elites supply		33
	Contrasting dynamics of regimes		38
3	A changing supply of Russian regimes		49
	An alternation of despotisms		51
	Mass response: coexisting with despotism		56
	From reform to transformation and a new equilibrium?		59
4	Uncertainties of transformation: a view from the bottom		69
	From controlled to free inquiry		70
	Values amidst uncertainty		75
	Coping strategies		78
5	Changing levels of regime support		86
	Variable support for the regime as it is		87
	Dispersed support for alternative regimes		94
	Theories of why Russians differ		99
6	Social structure and the evaluation of regimes		106
	Social differences are inevitable; their influence is not		107

	Individuals age and society rejuvenates	114
	Combining the effects of social structure	118
7	The influence of political values and performance	124
	Democracy an ideal, not the Russian reality	126
	The legacy of the past	130
	Performance of a plebiscitarian regime	135
	Political performance matters	140
8	Finding the economic influences that matter	147
	Downs and ups of the national economy	150
	Downs and ups of the household economy	155
	Politics pervasive; economic influences contingent	160
9	The impact of the passage of time	166
	Stable and variable influences	168
	Expectations encourage resigned acceptance	172
	The cumulative impact of inertia	177
10	What could challenge the new equilibrium?	185
	Likelihoods and uncertainties	186
	Risks	189
	2008: changing leaders or changing regimes?	192
