

OPEC and the Market: A Study of Oil Price Rigidity, Determination, and Differentials

Abdul-razak Faris Al-Faris

International Research Center for Energy
and Economic Development (ICEED)

In Conjunction with the United Arab Emirates University

Contents

List of Tables/Figures	ix
Acronyms/Abbreviations	xii
About the Author	xiii
CHAPTER ONE	
Introduction	1
CHAPTER TWO	
The Oil Market in Retrospect	5
Energy Models and Market Reality	10
CHAPTER THREE	
The Hypothesis of Oil Price Rigidity	17
Introduction	17
Measures of Price Rigidity	18
The Market Structure	24
The Spot Products Market	26
The Spot Crude Market	27
Price Rigidity	29
Periods of Market Tightness	31
The Behavior of Oil Prices in Tight Periods	36
The Market Troughs	39
The Behavior of Oil Prices in Market Troughs	44
The Two-Price System	48
Oil Price Behavior over the Entire 1973-1985 Period	52
Analysis of Variance	53
Conclusion	57
CHAPTER FOUR	
The Determinants of Crude Oil Price Adjustment	63
Introduction	63
The Model	65
Economic Activity	66

CHAPTER FOUR (continued)

Exchange Rate	67
The Determinants of Crude Oil Price	71
Market Structure and Price Behavior	73
Market Structure and Supply	74
Market Concentration	74
The Producers' Wealth	76
The Price Equation with Market Power	77
Price Adjustment with Error Correction Mechanism	79

CHAPTER FIVE

Price Differentials and Market Share	89
Introduction	89
Methodology	90
Netback	96
Data	99
The Behavior of Oil Price Differentials	101
The Period 1976-1978	105
The Differential Behavior in 1979-1981	111
The Period between 1982 and 1985	116
Factors Affecting the Differential's Behavior	121
Appendix A	131
Appendix B	133
Bibliography	135
