6. <i>Roger E. Backhouse</i> : On progress and the history of economic thought	117
7. <i>Uskali Maki</i> : Scientific progress: complexities of a contestable concept	123
8. <i>Luigi Pasinetti</i> : Progress in economics	131
9. <i>Erich W. Streissler</i> : Apparent progress due to forgetfulness or reinterpretation	136
PART IV NORMATIVE ECONOMICS	
10. Is there progress in normative economics? <i>Philippe Mongin</i>	145

## PART V MONETARY ECONOMICS

- |     |   |     |
|-----|---|-----|
| 11. | New lines of research in monetary economics | 173 |
|     | <i>Augusto Graziani</i>                     |     |
| 12. | The credit theory of Carl Knies             | 193 |
|     | <i>Hans-Michael Trautwein</i>               |     |

## PART VI TRADE AND LOCATION

- |     |   |     |
|-----|---|-----|
| 13. | On the new economic geography and the progress of geographical economics                    | 217 |
|     | <i>Stephen./ Meardon</i>  |     |
| 14. | How new is the 'new trade theory' of the past two decades?                                  | 240 |
|     | <i>Andrea Maneschi</i>  |     |
| 15. | The 'institutional factor' in the theory of international trade: new vs. old trade theories | 256 |
|     | <i>Sergio Parrinello</i>  |     |
| 16. | Location theory and mathematical programming: progress or rediscovery?                      | 273 |
|     | <i>Manuel Fernandez-Lopez,</i>  |     |

## PART VII CURRENTS OF THOUGHT

- |     |   |     |
|-----|---|-----|
| 17. | Contemporary responses to the <i>Tableau Economique</i>                           | 295 |
|     | <i>Richard van den Berg</i>   |     |
| 18. | Progress in Austrian economics from Menger to Lachmann                            | 317 |
|     | <i>Sandy Gloria-Palermo</i>   |     |
| 19. | Walras' law and the IS-LM model: a tale of progress and regress                   | 333 |
|     | <i>Hansjorg Klausinger</i>  |     |
| 20. | Information costs, deliberation costs and transaction costs: a parallel treatment | 356 |
|     | <i>Maurice Lagueux</i>  |     |

PART VIII REFLECTIONS ON THE CLASSICAL  
LONG-PERIOD METHOD

- |     |   |     |
|-----|---|-----|
| 21. | Produced quantities and returns in Sraffa's theory of normal prices: textual evidence and analytical issues | 371 |
|     | <i>Fabio Ravagnani</i>  |     |

22.	On the long-period method: a comment on Ravagnani <i>Heinz, D. Kurz, and Neri Salvadori</i>	383
23.	Sraffa's price equations: a stationary economy or 'normal positions'? <i>Pierangelo Garegnani</i>	389
	<i>Index</i>	402
