Introduction		I
Part I	The Essential Elements of Strategic Logic	11
Chapter 1	The Basic Principles	13
	The Balance of Supply and Demand (or Why Some Companies can Hardly Find Clients and Others Cannot Produce Fast Enough)	14
	Why Supply Sometimes Cannot Follow Demand	16
	When the Product (or Service) is Truly Unique	18
	A False Dichotomy	31
	The Entry-deterring Price	33
	Rivalry	33
	Conclusion	38
Chapter 2	The Nuclear Unit of Strategic Analysis	41
	When a Sector is Not a Sector	42
	An Example: The Activities of the Personal Computer Sector	44
	Finding the Sources of Profitability Inside the Company	50
	How to Make a Correct Competitive Analysis	55
	Another Source of Profitability: Reorganization of the Industry	58
	Conclusion	61
Chapter 3	Industry Evolution	64
	A Methodology of Predictive Analysis	65
	Technological Change, the First Motor of Industry Change	67
	Changes in Regulation	72
	Changes in Demand	73
	Direct Change and Induced Change	76
	New Technologies and Strategic Logic	77
	From Evolution to Creation: Application of Strategic Logic to New Businesses	83
	Evolving Strategies: the Erosion of Entry Barriers	89

	From Momentary Inspiration to Permanent Business	91
	Conclusion	92
Part II	An Analysis of Company Development	95
Chapter 4	From the Activity to the Enterprise	97
	Why Companies Integrate	98
	The Great Fallacy of Vertical Integration: Elimination of the Intermediary	99
	The Logic of Industry Disintegration	101
	The Reality of Entry Barriers in Vertical Integration Decisions	105
	Why Vertical Integration Usually Decreases the Efficiency of the Company in the Long Term	107
	When Vertical Integration Can Make Sense	111
	The Apparent Solution: Subcontract	114
	Some Guidelines for Making Decisions on Vertical Integration	118
	An Emerging Solution: 'Strategic Networks'	120
	Conclusion	122
Chapter 5	The Globalization Process and The Enterprise	125
	Globalization and Strategic Logic	128
	Strategy for the Internationalization Process	132
	Characteristics of Businesses that Demand Internationalization	133
	Why It Usually Turns Out Badly	137
	Some Guidelines for Designing the Internationalization Process of a Company	140
	Strategy in a Multinational Company	144
	Conclusion	151
Chapter 6	Diversification	153
	Management of a Diversified Company	154
	Portfolio Planning Techniques	156
	Why Portfolio Management Methods (and Conglomerates) Do Not Work	159
	Managing a Portfolio is Not a Strategy	160
	Strategic Logic and Chimpanzees	161
	Diversification Does Not Diminish Risk ... Except for Some	164
	Growth in New Businesses That Does Respect Strategic Logic	166
	Conclusion	172
Part III	Logic in Action	175
Chapter 7	The Search for Growth: Mergers and Acquisitions	177
	Strategic Reasons for a Merger or Acquisition	179
	Why Mergers/Acquisitions Fail so Often	184
	Practical Considerations	196

Chapter 8	Some Hints on How to Design a Strategy	200
	The Failure of Strategy	201
	What Strategy is Not	202
	Strategic Thinking	212
	Some Guidelines for Strategic Thinking	220
	Conclusion	221
Conclusion	From Logic to Practice	223
	Being in the Good Sector or Having Good Management?	223
	Strategic Logic and Management Capacity	224
	Luck, a Key Variable	226
