Preface.....	i
--------------	---

Chapter I

The Need to Measure the Value of Information Technology.....	1
Attempts to Measure the Value of IT.....	2
Managing the Costs/Benefits Equation of IT.....	3
Measuring the Value of IT.....	5
Applying an IT Value Measurement Approach.....	6

Chapter II

The Role of IT and Planning for IT Value.....	10
The Role of IT.....	11
Planning for IT.....	18
Planning for Value from IT.....	30
Conclusion.....	32

Chapter III

The Link Between IT Planning and IT Valuation:	
The BTRIPLEE Framework.....	35
Measuring the Value of IT.....	36
The BTRIPLEE Framework for Planning and Valuation of IT....	36
Measuring the Business Value of IT.....	45
Measuring the Effectiveness of IT.....	49
Measuring the Effectiveness and the Efficiency of IT Supply.....	51
Conclusion.....	58

Chapter IV

Measures of the Business Value of IT.....	60
Dynamics of IT Costs.....;	62
Measures of Financial Performance Through IT.....	66
Measures of Business Performance Through IT.....	70
Measures of Strategic Performance Through IT.....	74
Conclusion.....,	77

Chapter V

Measures of the Effectiveness of IT.....	80
IT Effectiveness from a Business Products and Services, Processes, and Business Activities Perspective.....	81
—> IT Effectiveness from a User Perspective.....	85
IT Effectiveness from an IT Supply Perspective.....	88
Conclusion.....	90

Chapter VI

Measures of the Effectiveness and Efficiency of IT Supply.....	93
Measures of IT Supply Management.....	95
Measures of Account Management.....	99
Measures of IT Development Management.....	101
Measures of IT Infrastructure Management.....	107
Measures of Client Support.....	110
Conclusion.....	112

Chapter VII

An IT Measurement Program.....,	115
The Attributes of an IT Measurement Program.....	116
The Definition of an IT Measurement Program.....	118
The Implementation of an IT Measurement Program.....	124
The Management of the IT Measurement Program.....	130
Case Study—The IT Measurement Program at ANWB.....	134
Conclusion.....;	140

Chapter VIII

Benchmarking IT.....	142
Benchmarking Characteristics and Conditions for Success ...	143
The IT Benchmarking Process.....	145

Benchmark Case Studies.....:.....150

Conclusion.....163

Appendix A

Attributes of Measures.....165

Appendix B

Measuring the Value of IT at ANWB.....170

Appendix C

IT Supply Scorecards of Measures.....185

Index!!.....211

Author Biography.....213
