Contents

1. Introduction	1
1.1 CGE modelling	1
1.2 Main findings of the Study	7
2. On the Effects of Finland's EU Integration	16
2.1 Introduction	16
2.2 Changes in the Finnish Trade Policy due to the EU Membership	16
2.3 Modelling the Impact of Trade Policy Changes in Finland's Entry into the EU	18
2.3.1 Computable General Equilibrium Model for Finland: GEMFIN	18
2.3.2 Calibration of the Policy Shifts in Finnish EU Integration	20
2.4 Resource Allocation and Welfare Effects of the EU Integration	23
2.5 Conclusions	28
A2.1 Building Blocks of GEMFIN -model	29
A2.2 Statistical Sources:	33
A2.3 Production and Consumption Categories in GEMFIN	34
3. Liberalisation of Agricultural Trade - Global Implications and What it Means for the EU	35
3.1 Introduction	35
3.2 The Agricultural Trade Policy Environment Following the Uruguay Round	36
3.3 Method and Data	40
3.3.1 Main Features of the GTAP Model	40
3.3.2 Sensitivity of the Model Simulations	43
3.3.3 Data Used	46
3.4 Liberalisation of Agricultural Trade	51
3.4.1 Macro Effects by Region	52
3.4.2 Implications for world trade	55
3.4.3 Implications for EU Agriculture	59
3.5 The Future of EU Agricultural Production in Relation to the WTO Reform	62
3.6 Conclusions	64
A 3.1a: Regional aggregation in the study	68
A3.1b: Commodity aggregation in the study	69

A3.2: Armington parameters used in foreign trade systematic sensitivity analysis	70
A3.3: Absolute change and percentual distribution of change by regional exports	71
4. Economic Transition in the Central and Eastern Europe	73
4.1 Systemic Change: Market Liberalization and its Consequences	73
4.1.1 Macroeconomic Development Since Reforms	74
4.1.2 Market Reforms and Stabilization Programs	75
4.1.3 Output Decline	81
4.1.4 From Plan to Market: Structural Change and Progress in Transition	86
4.2 Trade and Integration: Enlargement as a Part of Transition Process	89
4.2.1 The Liberalization of Trade	90
4.2.2 Comparative Economic Development and Population in the Applicant countries	93
4.2.3 Trade and Factor mobility	95
4.2.4 Effects of EU membership	96
4.3 Eastern Enlargement as a Complementary Factor in Transition	101
5 Eastern Enlargement of the EU: Factor Mobility and Transfers - Which Factors Dominate?	103
5.1 Model Used	104
5.2 Model Baseline and Enlargement Scenarios	107
5.2.1 Baseline Scenario of the Simulation	108
5.2.2 Simulation shocks accompanying EU eastern enlargement	110
5.3 Results of the Model Simulations Evaluating EU Eastern Enlargement	115
5.3.1 Impacts of Enlargement on Central Eastern Europe	116
5.3.2 Effect of Eastern Enlargement on the EU's Current Member States	119
5.4 Conclusions	121
Appendix to Chapter 5	125
A5.1 Stock Flow Dynamics	126
A5.3 Investment Behaviour and Disequilibrium Dynamics	127
A5.4 Generation of New Data and Modification of the Database	131
References	134
