List of Figures	xiii
List of Tables	XV
List of Focuses	xix
Preface	xxi
PART I	
WHAT ARE THE ISSUES IN THE ECONOMICS OF GENDER?	I
Introduction	3
What is the economics of gender?	3
Why study the economics of gender?	4
How are men and women different?	5
# Focus: Gender, gender, everywhere	6
Why are men and women different?	7
Critiques of the economic approach	14
Communication between academic disciplines	17
% Focus: Gender and metaphor in the language of economics	18
Summary	19
Endnotes	19
Further reading	22
Discussion questions	23
APPENDIX: The repercussions of scarcity	24
Opportunity cost	24
The marginal vs. total distinction	24
Markets	25
# Focus: The intrinsic value paradox: Are diamonds and water like lawyers and child care workers?	28

VI

Noncompetitive markets - monopoly and monopsony  IHHBHBHHHHHII Effects of a minimum wage	29 <b>33</b>
Endnotes	35
Discussion questions	35
Gender Differences in the U.S. Economy	37
How much do men and women work?	37
% Focus: Will men be tomorrow's "second sex"?	43
Where do women and men work?	43
How much money do men and women make?	47
How well-off are women and men?	50
% Focus: Gender differences in charitable contributions	53
How do men and women allocate their time?	55 <b>57</b>
fifiHHfifififiHHHI Unemployment policy	57
Summary	58 59
Endnotes Further reading and statistical sources	61
Discussion questions	62
PART II WHY DO WOMEN AND MEN WORK?	65
The Household as Economic Unit	67
Household and marriage formation	67
Forces determining the division of labor	73
Who to marry and how to share	79
• Focus: Is bachelorhood a pitiable state?	82
How is power distributed in households?	83
% Focus: The economics of domestic violence # Focus: Has feminism failed? One woman's viewpoint	85 86
Household and marriage dissolution	87
HHHHHHII No-fault divorce	88
Summary	90
Endnotes	91
Further reading	95
Discussion questions	96
APPENDIX: Consumption and production relationships	98
Gains from trade	98
Budget constraints and indifference curves	99
Substitutes and complements	103

vii
•

Labor Force Participation: Analysis of Trends  Trends in labor force participation What has caused these trends?  Explanations of the rise in women's labor force participation # Focus: What is higher-quality housework?  Explanations of the fall in men's labor force participation  Trends in hours worked  Conclusions about economic factors affecting labor force participation  130 Extensions of the simple economic model  % Focus: The decline of volunteerism  131 BI ^ H H i H Substract dild care  132 BI ^ H H i H Substract dild care  134 Endnotes  137 Further reading  Discussion questions  APPENDIX: Labor supply  The decision to work  H H H H H H H B H N I A'' earnings tax  Endnotes  Labor Force Participation: Consequences for Family Structure  Demographic trends  The question of causality % Focus: Early marriage as an element of Utopia New household and family patterns Changes in well-being of households and families  # Focus: The price of success? Higher education and family life  # Focus: The price of success? Higher education and family life  # Focus: The price of success? Higher education and family life  # Focus: The price of success? Higher education and family life  # Focus: The price of success? Higher education and family life  # Focus: The price of success? Higher education and family life  # Focus: The price of success?
