Table of Contents

Foreword.....	xii
---------------	-----

Preface.....	xiv
--------------	-----

Section 1 Data Mining Studied in Management and Government

Chapter 1

Before the Mining Begins: An Enquiry into the Data for Performance Measurement in the Public Sector.....	1
---	---

Dries Verlel, Ghent University, Belgium

Carl Devos, Ghent University, Belgium

Chapter 2

Measuring the Financial Crisis in Local Governments through Data Mining.....	21
--	----

Jose Luis Zafra-Gomez, Granada University, Spain

Antonio Manuel Cortes-Romero, Granada University, Spain

Chapter 3

Data Mining Using Fuzzy Decision Trees: An Exposition from a Study of Public Services Strategy in the USA.....	47
---	----

Malcolm J. Beynon, Cardiff University, UK

Martin Kitchener Cardiff Business School, UK

Chapter 4

The Use of Data Mining for Assessing Performance of Administrative Services.....	67
--	----

Zdravko Pecar, University of Ljubljana, Slovenia

Ivan Bratko, University of Ljubljana, Slovenia

Chapter 5

Productivity Analysis of Public Services: An Application of Data Mining.....	83
--	----

Aki Jddskeldinen, Tampere University of Technology, Finland

Paula Kujansivu, Tampere University of Technology, Finland

Jaani Vaisdnen, Tampere University of Technology, Finland

Section 2

Data Mining as Privacy, Security and Retention of Data and Knowledge

Chapter 6

Perceptions of Students on Location-Based Privacy and Security with Mobile Computing Technology.....	106
<i>John C. Molluzzo, Pace University, USA</i>	
<i>James P. Lawler, Pace University, USA</i>	
<i>Pascale Vandeputte, University of Mons-Hainaut, Belgium</i>	

Chapter 7

Privacy Preserving Data Mining: How Far Can We Go?.....	125
<i>Aris Gkoulalas-Divanis, Vanderbilt University, USA</i>	
<i>Vassilios S. Verykios, University of Thessaly, Greece</i>	

Chapter 8

Data Mining Challenges in the Context of Data Retention.....	142
<i>Konrad Stark, University of Vienna, Austria</i>	
<i>Michael Ilger, Vienna University of Technology & University of Vienna, Austria</i>	
<i>Wilfried N. Gansterer, University of Vienna, Austria</i>	

Chapter 9

On Data Mining and Knowledge: Questions of Validity.....	162
<i>Oliver Krone, Independent Scholar, Germany</i>	

Section 3

Data Mining in Organizational Situations to Prepare and Forecast

Chapter 10

Data Mining Methods for Crude Oil Market Analysis and Forecast.....	184
<i>Jue Wang, Chinese Academy of Sciences, China</i>	
<i>Wei Xu, Renmin University, China</i>	
<i>Xun Zhang, Chinese Academy of Sciences, China</i>	
<i>Yejing Bao, Beijing University of Technology, China</i>	
<i>Ye Pang, The People's Insurance Company (Group) of China, China</i>	
<i>Shouyang Wang, Chinese Academy of Sciences, China</i>	

Chapter 11

Correlation Analysis in Classifiers.....	204
<i>Vincent Lemaire, France Telecom, France</i>	
<i>Carine Hue, GFI Informatique, France</i>	
<i>Olivier Bernier, France Telecom, France</i>	

Chapter 12

Forecast Analysis of Sales in Large-Scale Retail Trade.....	219
<i>Mirco Nanni, ISTI Institute of CNR, Italy</i>	
<i>Laura Spinsanti, Ecole Poly technique Federale de Lausanne, Switzerland</i>	

Chapter 13

Preparing for New Competition in the Retail Industry.....	245
<i>Goran Klepac, Raiffeisen Bank Austria, Croatia</i>	

I, Section 4 Data Mining as Applications and Approaches Related to Organizational Scene

Chapter 14

An Exposition of CaRBS Based Data Mining: Investigating Intra Organization Strategic Consensus.....	267
<i>Malcolm J. Beynon, Cardiff University, UK</i>	
<i>Rhys Andrews, Cardiff Business School, UK</i>	

Chapter 15

Data Mining in the Context of Business Network Research.....	289
<i>Jukka Aaltonen, University of Lapland, Finland</i>	
<i>Annamari Turunen, University of Lapland, Finland</i>	
<i>Ilkka Kamaja, University of Lapland, Finland</i>	

Chapter 16

Clinical Data Mining in the Age of Evidence-Based Practice: Recent Exemplars and Future Challenges.....	316
<i>Irwin Epstein, City University of New York, USA</i>	
<i>Lynette Joubert, University of Melbourne, Australia</i>	

Chapter 17

Data Mining and the Project Management Environment.....	337
<i>Emanuel Camilleri, Ministry of Finance, Economy and Investment, Malta</i>	

Chapter 18

User Approach to Knowledge Discovery in Networked Environment.....	358
<i>Rauno Kuusisto, Finnish Defence Force Technical Centre, Finland</i>	

Compilation of References.....	375
