

Consumer Search and Oligopolistic Pricing: a theoretical and empirical inquiry

Zoekgedrag van consumenten en oligopolistische
prijsvorming:
een theoretische en empirische analyse

Proefschrift

ter verkrijging van de graad van doctor aan de
Erasmus Universiteit Rotterdam
op gezag van de
rector magnificus

Prof.dr. S.W.J. Lamberts

en volgens besluit van het College voor Promoties

De openbare verdediging zal plaatsvinden op
donderdag 21 juni 2007 om 13:30 uur

door

Matthijs Rudolf Wildenbeest

C
geboren te Alkmaar

Contents

1	Introduction	1
1.1	Price dispersion	2
1.2	Consumer search literature	4
1.3	Structure of this thesis	7
2	Estimation of a nonsequential search model	11
2.1	Introduction	12
2.2	The consumer search model	15
2.3	Maximum likelihood estimation	17
2.4	A Monte Carlo study	19
2.4.1	Performance of the estimates	20
2.4.2	Measurement error in the number of firms	25
2.4.3	Comparison of the ML estimation method and Hong and Shum (2006) method	26
2.5	Empirical application	30
2.5.1	Data and empirical issues	30
2.5.2	Estimation results	37
2.5.3	The effects of a sales tax	40
2.6	Conclusions	43
3	Estimation and identification of nonsequential search models	45
3.1	Introduction	46
3.2	The model	48
3.3	Theoretical analysis	49

3.4	Mergers	57
3.5	Estimation	61
3.5.1	The simple model: heterogeneous search costs, homogeneous valuations	62
3.5.2	The general model: heterogeneous search costs and valuations	73
3.6	Conclusions	75
4	Truly costly sequential search and oligopolistic pricing	83
4.1	Introduction	84
4.2	The model	86
4.3	Equilibrium analysis	87
4.4	Comparative statics	92
4.5	Estimation	99
4.6	Empirical application	101
4.7	Conclusions	103
5	Estimation of a sequential search model	105
5.1	Introduction	106
5.2	The model	108
5.3	Equilibrium	109
5.4	Identification and estimation	111
5.5	Empirical application	115
5.6	Conclusions	119
6	Vertical product differentiation and search	121
6.1	Introduction	122
6.2	The model	125
6.3	Estimation	130
6.4	Empirical analysis	132
6.4.1	Description of the data	135
6.4.2	Estimation of search costs without time fixed effects	140
6.4.3	Estimation of search costs with time fixed effects	143
6.4.4	Comparison across periods and discussion of results	148

6.5	Conclusions	150
7	Summary, achievements and directions for further research	153
7.1	Summary	154
7.2	Achievements	156
7.3	Directions for further research	158
	Samenvatting (Summary in Dutch)	161
