Characteristics of demand for air transportation

Factors affecting the supply of airline services

Appendix: Advanced pricing and elasticity application

Characteristics of supply for airline services

Airline supply and demand equilibrium

Source of demand

Summary

Elasticity of demand

Supply of airline services

| Cost and Production Analysis: The General Concepts | 77 |
|--|-----|
| Cost classifications | 79 |
| Cost functions | 82 |
| Economics of scale, scope, and density | 89 |
| Airline industry cost structure | 92 |
| Airline economies of scale, scope, and density | 99 |
| Airline break-even analysis | 101 |
| Operating leverage • | 102 |
| Airline operating leverage • | 104 |
| Summary | 105 |
| Aviation Infrastructure: Operations and Ownership | 107 |
| The air traffic control system | 108 |
| Institutional problems in US air traffic control | 113 |
| ATC in a government corporation | 114 |
| Political obstacles to reform | 114 |
| Airport ownership and management | 115 |
| Summary | 121 |
| Appendix: Airport codes | 121 |
| International Economics and Aviation | 123 |
| International economics and trade | 124 |
| The logic of production possibility, absolute advantage, comparative | |
| advantage and free trade | 131 |
| Trade protections and trade barriers | 138 |
| Foreign currency and exchange rates | 140 |
| Summary | 143 |
| Appendix: International free trade agreements | 143 |
| International Aviation: Open Skies and Global Alliances | 153 |
| A brief history of international aviation agreements | 154 |
| Bilateral air service agreements | 155 |
| Open skies agreements | 160 |
| Open skies in Europe | 163 |
| Open skies in Asia | 164 |
| Global airline alliances | 166 |
| Summary | 175 |
| Market Structure and Monopolistic Markets | 179 |
| Perfect competition | 180 |
| Monopoly | 186 |
| Price/output decision for monopolies | 193 |
| Monopoly pricing and consumer well-being | 196 |
| Market structure in the aviation industry | 197 |
| Summary | 202 |
| Appendix: The relationship between monopoly pricing and elasticity | |
| of demand | 202 |

CONTENTS vii

| 9 | Hybrid Market Structure and the Aviation Industry | 205 |
|----|--|-------|
| | Monopolistic competition | • 206 |
| | Oligopolies , | 209 |
| | Examples of oligopoly . | 212 |
| | Contestability theory | 213 |
| | Kinked demand curve theory | 215 |
| | Cournot theory | 217 |
| | Profitability issues | 219 |
| | Competition and antitrust issues | 222 |
| | Industry consolidation | 225 |
| | Beyond market concentration considerations | 229 |
| | Antitrust, market evolution, and cooperation | 231 |
| | Summary | 232 |
| | Appendix: A mathematical example of a pricing decision | 232 |
| 1(| Aviation Forecasting and Regression Analysis | 237 |
| | Aviation forecasting applications | 238 |
| | Qualitative forecasting methods | 239 |
| | Quantitative forecasting methods | 242 |
| | Descriptive statistics | 243 |
| | Time-series analysis | 246 |
| | Regression analysis | . 259 |
| | Data sources | 273 |
| | Summary | 277 |
| 1 | 1 Pricing Policy and Revenue Management | 279 |
| - | The importance of revenue management | 280 |
| | Pricing policy before and after deregulation | 281 |
| | Price discrimination | 285 |
| | Revenue management "fences" | 289 |
| | Revenue management control types | 292 |
| | Spoilage and spillage | 294 |
| | Leg-based EMSR model | 296 |
| | Overbooking . | 303 |
| | Other issues associated with revenue management | 305 |
| | Summary. | 306 |
| 1 | 2 Low-cost, Start-up Airlines: A New Paradigm | 307 |
| | The Emergence of low-cost carriers | 308 |
| | Characteristics of low-cost carriers | 309 |
| | Cost structure comparison | 319 |
| | Incumbent carriers' response to low-cost carriers | 323 |
| | The future of low-cost carriers | 327 |
| | Summary Appendix: Select cirling two letter codes | 328 |
| | Appendix: Select airline two-letter codes | 328 |

| 13 The Economics of Aviation Safety and Security | , 331 |
|---|-------|
| The history of aviation safety | 333 |
| Incentives for aviation safety * | 336 |
| Causes of aviation accidents | 339 |
| Classification of accidents by phase of flight | 344 |
| Classification of accidents by region | 345 |
| The basic economics of safety | 347 |
| Is it possible to take the politics out of safety regulation? | 348 |
| Safety prevention • | 350 |
| Summary | 351 |
| Index | 353 |
