

Growth and Sustainability in Brazil, China, India, Indonesia and South Africa

Edited by Luiz de Mello

Table of contents

Executive summary	11
Chapter 1 A brief history of Brazil's growth	19
Introduction.....	20
Structural breaks in economic growth.....	21
Growth accounting.....	24
Output fluctuations.....	29
Conclusions.....	43
Notes.....	46
References.....	48
Chapter 2 China towards 2020: Growth performance and sustainability ...51	
Introduction.....	52
The main drivers of China's growth.....	52
Projections based on simple scenarios: Reform still matters!.....	60
China's growth towards 2020.....	64
Concluding remarks: A check-list for future reform in China.....	78
Notes.....	79
References.....	80
Chapter 3 Shaping the Indian miracle: Acceleration towards high growth	83
Introduction.....	84
Historical patterns of growth: Trends and features.....	85
Growth dynamics and acceleration.....	93
Policies for sustaining high growth: Recent slowdown and recovery.....	106
Conclusions.....	110
Notes.....	113
References.....	116

Chapter 4 Indonesia beyond the recovery: Growth strategy in an archipelago country	119
Introduction.....	120
A snapshot of the Indonesian macroeconomic situation.....	121
Compensating for a slump in exports with strong domestic demand.....	122
Indonesian trade and the East Asian production network.....	127
Why should domestic markets be integrated?.....	129
Improving infrastructure to boost domestic demand.....	131
The political economy of reform.....	135
Conclusions.....	136
Notes.....	138
References.....	140
Annex 4.A1 Estimating a vector autoregressive model (VAR) for Indonesia..	143
Chapter 5 Sustainable growth in South Africa	147
Introduction.....	148
Private capital accumulation and its determinants.....	150
Foreign capital inflows.....	153
Infrastructure.....	157
Market distortions and constraints.....	161
Growth, innovation and human capital.....	167
Starting to address the significance of the service sector.....	168
Conclusions.....	178
Notes.....	180
References.....	182
Boxes	
4.1. Other supply constraints inhibiting growth.....	134
Tables	
1.1. Growth rate of GDP per capita: Structural breaks.....	24
1.2. Growth outcomes, 1951-2008.....	28
2.1. Growth accounting, 1953-2007.....	54
2.2. Growth forecasts: Different scenarios.....	61
2.3. Check-list of growth factors.....	79
3.1. Trend changes in GDP growth, 1951-52 to 1979-80.....	87

3.2.	Comparative economic performance.....	88
3.3.	Trend changes in GDP growth (phase III), 1951-52 to 2008-09....	94
3.4.	Savings and investment rates, 2002-03 and 2007-08.....	100
4.1.	Export profiles: Indonesia and other emerging Asian economies..	128
4.2.	Average commodity prices.....	131
4.3.	Import tariffs and logistics: International comparisons.....	134
4.A1.1.	Vector autoregressive model estimation.....	144
5.1.	R&D indicators: International comparisons.....	168
5.2.	Domestic consumption correlations, 1960-79 and 1980-99.....	172

Figures

1.1.	Total factor productivity, 1950-2008.....	26
1.2.	Decomposition of growth of GDP per worker, 1951-2008.....	28
1.3.	GDP per capita and trend GDP, 1900-2008.....	31
1.4.	The effect of the terms of trade on the growth rate of GDP per capita, 1910-2008.....	33
1.5.	The effect of the terms of trade on the rate of growth of GDP per worker (with control variables), 1950-2008.....	34
1.6.	The effect of the terms of trade on the output gap, 1910-2008.....	35
1.7.	Output gap and the terms of trade, 1973-2008.....	36
1.8.	Output gap and money creation, 1948-1964.....	38
1.9.	Brazil's output gap and the US real interest rate, 1968-1985.....	40
2.1.	Foreign direct investment, 1994-2008.....	58
2.2.	Net exports, 1992-2008.....	58
2.3.	Household savings, 1994-2008.....	63
2.4.	Composition of domestic savings, 1994-2007.....	64
2.5.	China's trade openness, 1992-2008.....	66
2.6.	Stock market trends, 2002-08.....	67
2.7.	Non-performing loans (NPLs), all banking institutions, 2004-08....	68
2.8.	Non-performing loans (major banking institutions), by sector.....	69
2.9.	R&D expenditure, 1995-2008.....	70
2.10.	China's external imbalances, 1994-2008.....	73
2.11.	China's money supply, 1992-2008.....	75
2.12.	Water resources: International comparisons.....	77
3.1.	Rising growth: The J-curve of liberalisation and productivity, 1951-2008.....	93
3.2.	Rising trend growth, 1951-2008.....	94
3.3.	GDP growth: International comparisons, 1991-2008.....	96
3.4.	Investment and savings, 1999-2000 to 2007-08.....	96
