PART I

INTRODUCTION TO ECONOMICS

PROLOGUE *Economic Problems: A Sampler* 3

- Labor Productivity and Rising Living Standards 3
- Unemployment and Inflation 4 ■ Challenges Facing Emerging Market Economies 6 ■ The Elimination of Poverty 8 ■ Looking Ahead 9

CHAPTER 1 *What Is Economics?* 11

- What Is Economics? 11 ■ Opportunity Cost: A Fundamental Concept 14 ■ The Impact of Economics on Society 17 ■ The Methodology of Economics 18 ■ CASE STUDY 1.1: *Land Use in Alaska* 19 ■ Graphs and Relationships 21 ■ The Tasks of an Economic System 23 ■ CASE STUDY 1.2: *Eliminating Brown Lung Disease* 24 ■ CASE STUDY 1.3: *Adam Smith, Father of Modern Economics* 26 ■ Exploring Further: A Simple Introductory Model of the Economic System 26 ■ CASE STUDY 1.4: *Producing Both Guns and Butter, 1939 to 1941* 30 ■ Review and Practice 33

CHAPTER 2 *Markets and Prices* 36

- Consumers and Firms 36 ■ Markets 37 ■ The Demand Side of a Market 38 ■ The Supply Side of a Market 43 ■ Equilibrium Price 45 ■ Actual Price 47 ■ The Price System and the Determination of What Is Produced 48 ■ The Price System and the Determination of How Goods Are Produced 48 ■ CASE STUDY 2.1: *How the Price System Determines What Is Produced: Low-cost Homes after World War II* 49 ■ The Price System and the Determination of Who Gets What 50 ■ The Price System and Economic Growth 51 ■ The Circular Flows of Money and Products 52 ■ Limitations of the Price System 53 ■ CASE STUDY 2.2: *The Food Stamp Program and the Allocation of Resources* 55 ■ Exploring Further: Effects of Shifts in the Demand and Supply Curves 56 ■ Review and Practice 59

CROSS CHAPTER CASE: PART I *The Key Role of Saving and Investment in Raising Per Capita Income* 63

CHAPTER 3 *National Income and Product* 69

- Gross Domestic Product 69
- Adjusting GDP for Price Changes 71
- CASE STUDY 3.1: *Understanding the New Estimates of GDP* 73
- Using Value-Added to Calculate GDP 77
- The Limitations of GDP 78
- Two Approaches to GDP 79
- CASE STUDY 3.2: *Using GDP Estimates in World War II* 80
- The Expenditures Approach to GDP 81
- The Income Approach to GDP 84
- Review and Practice 86

CHAPTER 4 *Business Fluctuations and Unemployment* 89

- Business Fluctuations 89
- The Aggregate Demand Curve 93
- The Aggregate Supply Curve 95
- Why the Short-Run Aggregate Supply Curve Slopes Upward to the Right 97
- Why the Short-Run Aggregate Supply Curve Gets Steeper 97
- National Output and the Price Level 98
- Unemployment 101
- CASE STUDY 4.1: *Unemployment: The Classical View* 103
- CASE STUDY 4.2: *Karl Marx on Unemployment* 105
- The Costs of Unemployment 106
- Exploring Further: Effects of Shifts in Aggregate Demand and Short-Run Aggregate Supply Curves 107
- CASE STUDY 4.3: *John Maynard Keynes and the Great Depression* 109
- Exploring Further: The Long-Run Aggregate Supply Curve 112
- Review and Practice 113

CHAPTER 5 *The Determination of National Output and the Keynesian Multiplier* 116

- The Consumption Function 117
- The Saving Function 121
- Determinants of Investment 123
- The Investment Decision 124
- The Equilibrium Level of Gross Domestic Product 125
- Aggregate Flows of Income and Expenditure 125
- Reconciling Aggregate Demand and Supply Curves with Income-Expenditure Analysis 130
- Changes in Equilibrium Output 131
- The Volatility of Investment 131
- Effects of Changes in Intended Investment 133
- CASE STUDY 5.1: *Keynes's Criticisms of the Classical View* 134
- The Multiplier 135
- CASE STUDY 5.2: *Investment and a Great Crash* 136
- Exploring Further: Nonincome Determinants of Consumption 137
- Review and Practice 140

CHAPTER 6 *Fiscal Policy and National Output* 143

- Government Expenditure and Gross Domestic Product 143
- Taxation and Gross Domestic Product 146
- Fiscal Policy: Aggregate Demand and Supply Curves 149
- Makers of Fiscal

Policy 152 ■ CASE STUDY 6.1: *The Employment Act of 1946* 154
■ Automatic Stabilizers 154 ■ Discretionary Fiscal Policy 155
■ CASE STUDY 6.2: *President Eisenhower and Automatic Stabilizers* 156 ■ CASE STUDY 6.3: *President Kennedy and the Tax Cut of 1964* 158 ■ Size and Nature of Government Activities 159
■ Exploring Further: Including Net Exports in the Simple Keynesian Model 162 ■ Review and Practice 164

CHAPTER 7 *Inflation* 167

■ Inflation 167 ■ The Measurement of Inflation 169 ■ Impact of Inflation 171 ■ Demand-Side and Supply-Side Inflation 174
■ The Phillips Curve 175 ■ CASE STUDY 7.1: *Demand-Side Inflation and the Tax Surcharge of 1968* 176 ■ CASE STUDY 7.2: *What Is the NAIRU?* 178 ■ Review and Practice 179

CROSS CHAPTER CASE: PART 2 *The Treasury Launches a New Type of Security* 182

PART 3

MONEY, BANKING, AND STABILIZATION POLICY

CHAPTER 8 *Money and the Banking System* 187

■ What Is Money? 187 ■ The Money Supply, Narrowly Defined 189 ■ The Money Supply, Broadly Defined 191
■ Commercial Banks in the United States 192 ■ How Banks Operate 193 ■ The Balance Sheet of an Individual Bank 194
■ Fractional-Reserve Banking 196 ■ The Safety of the Banks 199
■ CASE STUDY 8.1: *The Failure of the Knickerbocker Trust in 1907* 200
■ How Banks Can Create Money 201 ■ CASE STUDY 8.2: *Comparing the U.S. Savings and Loan Crisis and the Japanese Banking Crisis* 206
■ Exploring Further: A General Proposition Concerning the Effect of Excess Reserves 207 ■ Review and Practice 208

CHAPTER 9 *The Federal Reserve and Monetary Policy* 211

■ The Aims of Monetary Policy 211 ■ Makers of Monetary Policy 213 ■ The Federal Reserve System 214 ■ Functions of the Federal Reserve 215 ■ The Federal Reserve Banks: Their Consolidated Balance Sheet 216 ■ Open Market Operations 217
Changes in Legal Reserve Requirements 220 ■ CASE STUDY 9.1: *The Independence of the Federal Reserve* 222 ■ Changes in the Discount Rate 223 ■ Exploring Further: More on the Effects of Monetary Policy 225 ■ CASE STUDY 9.2: *Crisis Management by the Fed* 226 ■ Review and Practice 228

CHAPTER 10 ***Supply Shocks and Inflation*** 230

- Supply-Side Inflation 230
- Difficulties in Distinguishing Supply-Side from Demand-Side Inflation 231
- The Instability of the Phillips Curve 232
- CASE STUDY 10.1: *Stagflation* 234
- The Transitory Nature of the Trade-Off between Inflation and Unemployment 235
- The Importance of Expectations 235
- CASE STUDY 10.2: *Is Inflation Dead?* 236
- How the Phillips Curve Self-Destructs: An Example 237
- Wage and Price Controls 239
- Incomes Policies 240
- Exploring Further: The Fed and Supply-Side Inflation 244
- Review and Practice 245

CHAPTER 11 ***Productivity, Growth, and Technology Policy*** 247

- Growth of Per Capita Output in the United States 247
- The Productivity Slowdown and Its Consequences 251
- Causes of Productivity Swings 252
- Has There Been a Decline in the U.S. Innovation Rate? 254
- Various Mechanisms for Additional Federal Support of Civilian Technology 255
- CASE STUDY 11.1: *Asian Growth: Miraculous or Not?* 256
- Importance of Investment in Plant and Equipment 257
- CASE STUDY 11.2: *How Widespread Was the Productivity Boom of the Late 1990s?* 258
- Importance of the General Economic Climate 259
- CASE STUDY 11.3: *Supply-Side Economics and the Tax Cut of 1981* 260
- Exploring Further: Supply-Side Government Policies and the Aggregate Supply Curve 261
- Review and Practice 262

CHAPTER 12 ***Surpluses, Deficits, Public Debt, and the Federal Budget*** 265

- How Big Are U.S. Budget Surpluses or Deficits? 265
- Controversies over Deficits 266
- Are Budget Deficits Inflationary? 267
- Do Budget Deficits Crowd Out Private Investment? 268
- The Structural Deficit 271
- The National Debt: Size and Growth 272
- The Political Economy of Budget Deficits 275
- Alternative Philosophies Regarding the Federal Budget 276
- CASE STUDY 12.1: *Should Eisenhower Have Tried to Balance the Budget?* 278
- Changes in Public Attitudes 278
- CASE STUDY 12.2: *What Should Be Done with the Federal Budget Surplus* 280
- Recent U.S. Experience with Fiscal Policy and Deficits 281
- Review and Practice 283

CHAPTER 13 ***Monetary Policy, Interest Rates, and Economic Activity*** 286

- The Value of Money 286
- Inflation and the Quantity of Money 289
- Unemployment and the Quantity of Money 289
- Determinants of the Quantity of Money 290
- The Demand for

Money 290 ■ Changes in the Money Supply and National Output 293 ■ Effects of a Change in the Money Supply: No Assumption of a Constant Price Level 296 ■ Closing a Recessionary Gap 297 ■ Closing an Inflationary Gap 298 ■ The Monetarists 299 ■ The Velocity of Money 300 ■ The Equation of Exchange 301 ■ The Crude Quantity Theory of Money and Prices 302 ■ CASE STUDY 13.1: *The Velocity of Money and the Fed's 1975 Decision* 304 ■ When Is Monetary Policy Tight or Easy? 304 ■ Should the Fed Pay More Attention to Interest Rates or the Money Supply? 306 ■ Problems in Formulating Monetary Policy 308 ■ CASE STUDY 13.2: *How Much Attention Should the Fed Pay to the Stock Market?* 309 ■ Should the Fed Be Governed by a Rule? 310 ■ Exploring Further: More on the Velocity of Money 311 ■ Review and Practice 314

CHAPTER 14 ***Controversies over Stabilization Policy*** 316

■ Monetarists versus Keynesians: The Central Debate of the 1960s and 1970s 316 ■ Supply-Side Economists 318 ■ The New Classical Macroeconomists 318 ■ Rational Expectations 318 ■ CASE STUDY 14.1: *More on the Tax Cut of 1981* 319 ■ Unemployment and Business Fluctuations 320 ■ Reactions Pro and Con 321 ■ CASE STUDY 14.2: *Recession as a Means to Stop Inflation in 1982* 322 ■ Real Business Cycle Models 323 ■ The Effect of a Supply Shock 324 ■ Responses to the Models 325 ■ Enthusiasm and Skepticism 325 ■ The New Keynesians 326 ■ How Do New Keynesians Differ from Old Keynesians? 327 ■ Menu Costs and Sticky Prices 327 ■ Long-Term Labor Contracts and Sticky Wages 329 ■ Implicit Contracts 330 ■ Policy Activism: Pro and Con 331 ■ Policy Rules and Time Inconsistency 332 ■ The New Keynesian Response 333 ■ Divergent Political Beliefs 334 ■ Review and Practice 334

CROSS CHAPTER CASE: PART 3 ***Is the U.S. Business Cycle Dead?*** 337

PART 4

ECONOMIC DECISION MAKING: THE FIRM, THE CONSUMER, AND SOCIETY

CHAPTER 15 ***The Business Firm: Organization, Motivation, and Optimal Input Decisions*** 341

■ General Motors: A Study 342 ■ CASE STUDY 15.1: *Studebaker and the Low-Volume Trap* 344 ■ U.S. Firms, Large and Small 344 ■ Proprietorships 345 ■ Partnerships 346 ■ Corporations 347

- Motivation of the Firm 348 ■ Technology, Inputs, and the Production Function 348 ■ Types of Inputs 350 ■ The Short Run and the Long Run 351 ■ Average Product of an Input 352 ■ Marginal Product of an Input 352 ■ The Law of Diminishing Marginal Returns 354 ■ CASE STUDY 15.2: *The Coca-Cola Company and Input Costs* 355 ■ The Optimal Input Decision 355
- Exploring Further: How to Produce Kansas Corn 357 ■ Review and Practice 359

CHAPTER 16 *Getting behind the Demand and Supply Curves* 361

- The Demand Curve 361 ■ Consumer Expenditures 362
- A Model of Consumer Behavior 364 ■ The Equilibrium Market Basket 367 ■ The Consumer's Demand Curve 369 ■ Deriving the Market Demand Curve 370 ■ The Supply Curve 372 ■ What Are Costs? 372 ■ Short-Run Cost Functions 373 ■ CASE STUDY 16.1: *Conserving Water in a California Drought* 374 ■ CASE STUDY 16.2: *Oil Price Increases and Drilling Activity* 377 ■ Average Costs in the Short Run 378 ■ Marginal Cost in the Short Run 381
- The Long-Run Average Cost Function 384 ■ Returns to Scale 385 ■ Review and Practice 387

CHAPTER 17 *Market Demand and Price Elasticity* 390

- Market Demand Curves 390 ■ The Price Elasticity of Demand 393
- Determinants of the Price Elasticity of Demand 396 ■ Price Elasticity and Total Money Expenditure 398 ■ CASE STUDY 17.1: *Instability of Farm Prices and the Price Elasticity of Demand* 399
- Industry and Firm Demand Curves 401 ■ Income Elasticity of Demand 402 ■ Cross Elasticity of Demand 402 ■ Exploring Further: The Farm Problem 403 ■ Review and Practice 413

CHAPTER 18 *Economic Efficiency, Market Supply, and Perfect Competition* 416

- Market Structure and Economic Performance 417 ■ Perfect Competition 419 ■ The Output of the Firm 420 ■ The Market Supply Curve 426 ■ Price and Output: The Short Run 428
- Price and Output: The Long Run 429 ■ The Allocation of Resources under Perfect Competition: A More-Detailed View 432
- CASE STUDY 18.1: *Price Ceilings and Price Supports* 433 ■ CASE STUDY 18.2: *Starting from Scratch: The Transition from Communism to Capitalism* 434 ■ Review and Practice 436

CHAPTER 19 *Monopoly and Its Regulation* 438

- Causes of Monopoly 439 ■ Demand Curve and Marginal Revenue under Monopoly 441 ■ Price and Output: The Short

Run 443 ■ Price and Output: The Long Run 447 ■ Perfect Competition and Monopoly: A Comparison 448 ■ The Case against Monopoly 450 ■ CASE STUDY 19.1: *John D. Rockefeller and Standard Oil of Ohio* 451 ■ Public Regulation of Monopoly 453 ■ Efficiency Incentives 455 ■ CASE STUDY 19.2: *Network Effects and the Case against Microsoft* 456 ■ The Deregulation Movement 457 ■ Exploring Further: The Defense of Monopoly Power 458 ■ CASE STUDY 19.3: *Fining the Telephone Company* 459 ■ Review and Practice 461

CHAPTER 20 ***Monopolistic Competition, Oligopoly, and Antitrust Policy*** 464

■ Monopolistic Competition and Oligopoly: Their Major Characteristics 465 ■ Monopolistic Competition 465 ■ Price and Output under Monopolistic Competition 466 ■ Oligopoly 469 ■ Oligopoly Models 469 ■ The Theory of Games 470 ■ Definitions of Terms 470 ■ A Simple Two-Person Game 470 ■ Collusion and Cartels 472 ■ Barriers to Collusion 473 ■ CASE STUDY 20.1: *The Electrical Conspiracy* 475 ■ Price Leadership 476 ■ Nonprice Competition 477 ■ CASE STUDY 20.2: *How Ford Became Number Two and General Motors Became Number One* 478 ■ Comparison of Oligopoly with Perfect Competition 479 ■ The Antitrust Laws 480 ■ The Sherman Act 481 ■ The Role of the Courts 482 ■ The Role of the Justice Department 484 ■ The Effectiveness of Antitrust Policy 484 ■ Review and Practice 486

CHAPTER 21 ***Pollution and the Environment*** 488

■ Our Environmental Problems 488 ■ The Important Role of External Diseconomies 489 ■ Economic Growth and Environmental Pollution 491 ■ CASE STUDY 21.1: *Reserve Mining: The Price of Cleaner Water* 492 ■ Public Policy toward Pollution 493 ■ Pollution-Control Programs in the United States 494 ■ CASE STUDY 21.2: *The Kyoto Environmental Summit, Emissions Targets, and Tradable Permits* 495 ■ How Clean Should the Environment Be? 496 ■ CASE STUDY 21.3: *Dolphin-Safe Tuna* 500 ■ Review and Practice 501

CROSS CHAPTER CASE: PART 4 ***What Should Be Done about Global Warming?*** 503

PART 5

THE DISTRIBUTION OF INCOME

CHAPTER 22 ***The Supply and Demand for Labor*** 509

■ The Labor Force and the Price of Labor 509 ■ The Equilibrium Wage and Employment under Perfect Competition 511

- The Market Demand Curve for Labor 514 ■ The Market Supply Curve for Labor 514 ■ Equilibrium Price and Quantity of Labor 516 ■ Labor Unions 517 ■ The U.S. Labor Movement 519
- How Unions Increase Wages 522 ■ Collective Bargaining 523
- CASE STUDY 22.1: *The Closing of the Herald Tribune* 525 ■ Recent Trends 526 ■ CASE STUDY 22.2: *Why Is Europe's Unemployment Rate So High?* 527 ■ Review and Practice 528

CHAPTER 23 ***Interest, Rent, and Profit*** 531

- The Nature of Interest 531 ■ The Determination of the Interest Rate 532 ■ CASE STUDY 23.1: *Anti-usury Laws and Mortgage Activity* 534 ■ Functions of the Interest Rate 536 ■ Capitalization of Assets 537 ■ The Present Value of Future Income 539 ■ Rent: Nature and Significance 540 ■ Profit 542 ■ The Functions of Profits 544 ■ CASE STUDY 23.2: *The Story of an Internet Start-up* 545
- Review and Practice 546

CHAPTER 24 ***Poverty, Income Inequality, and Discrimination*** 549

- How Much Inequality of Income? 549 ■ Why Inequality? 551
- Effect of the Tax Structure on Income Inequality 551 ■ Income Inequality: The Pros and Cons 552 ■ The Trade-off between Equality and Efficiency 554 ■ What Is Poverty? 555 ■ Social Insurance 558 ■ CASE STUDY 24.1: *Job Training Programs and the War on Poverty* 560 ■ Antipoverty Programs 561 ■ The Problem of Discrimination 562 ■ CASE STUDY 24.2: *Is Welfare Reform Working?* 563 ■ CASE STUDY 24.3: *Equal Pay for Work of "Comparable Worth"* 567 ■ Review and Practice 568

CROSS CHAPTER CASE: PART 5 ***The Biggest Investment You'll Probably Ever Make*** 570

PART 6

GROWTH, GOVERNMENT, AND INTERNATIONAL ECONOMICS

CHAPTER 25 ***Economic Growth*** 575

- What Is Economic Growth? 575 ■ Economic Growth as a Policy Objective 576 ■ Thomas Malthus and Population Growth 577 ■ David Ricardo and Capital Formation 580
- CASE STUDY 25.1: *The Club of Rome's "Limits to Growth" Report* 582
- Capital Formation and Economic Growth 585 ■ The Role of Human Capital 587 ■ The Role of Technological Change 588

- Endogenous Technological Change 589 ■ Entrepreneurship and the Social Environment 591 ■ CASE STUDY 25.2: *Computer-Assisted Design and Manufacture at Boeing Aircraft* 592 ■ CASE STUDY 25.3: *The Ford Assembly Line* 593 ■ The Gap between Actual and Potential Output 594 ■ Review and Practice 594

CHAPTER 26 *Public Goods and the Role of the Government* 598

- What Functions Should the Government Perform? 598
- Establishing “Rules of the Game” 600 ■ Redistribution of Income 601 ■ Providing Public Goods 602 ■ Externalities 603
- The Theory of Public Choice 605 ■ CASE STUDY 26.1: *The Tennessee Valley Authority* 606 ■ Principles of Taxation 608
- The Personal Income Tax 610 ■ The Property Tax and the Sales Tax 611 ■ CASE STUDY 26.2: *Proposition 13* 612 ■ Tax Incidence 613 ■ Review and Practice 616

CHAPTER 27 *International Trade* 618

- U.S. Foreign Trade 618 ■ Specialization and Trade 619
- Absolute Advantage 620 ■ Comparative Advantage 621
- A Numerical Example 622 ■ The Terms of Trade 623
- International Trade and Individual Markets 624 ■ Tariffs and Quotas 627 ■ Arguments for Tariffs and Quotas 630 ■ CASE STUDY 27.1: *Restrictions on U.S. Imports of Japanese Autos* 632
- CASE STUDY 27.2: *NAFTA: “Jobs, Jobs, Jobs” or a “Giant Sucking Sound”?* 633 ■ Review and Practice 634

CHAPTER 28 *Exchange Rates and the Balance of Payments* 636

- International Transactions and Exchange Rates 636
- Exchange Rates under the Gold Standard 637 ■ The Foreign Exchange Market 638 ■ Fixed Exchange Rates 643 ■ Balance-of-Payments Deficits and Surpluses 645 ■ Exchange Rates: Pre-World War II Experience 647 ■ The Gold-Exchange Standard 648
- CASE STUDY 28.1: *The Abandonment of the Gold Standard* 649
- Fixed versus Flexible Exchange Rates 650 ■ CASE STUDY 28.2: *Are Currency Speculators to Blame for the Volatility in International Financial Markets?* 651 ■ How Well Have Floating Exchange Rates Worked? 652 ■ CASE STUDY 28.3: *The Rise and Fall of the Bretton Woods System* 653 ■ CASE STUDY 28.4: *The Euro: Europe’s New Currency* 654 ■ Should the Value of the Dollar Be Stabilized? 655
- Review and Practice 656

CROSS CHAPTER CASE: PART 6 ***Globalization: Should We Fear It
or Embrace It?*** 659
