<i>Roland Vaubel</i>	
The renegotiation	40
Which institutions does European cooperation require?	
A summary	44

Cooperation – for what?	45
The institutions of a common market	47
Institutions for joint policies regarding external and scale economies	51
Institutions for redistribution among member countries	55
Conclusion	55
References	56
 4 Beyond the ghosts: does EU membership nourish or consume Britain's interests and global influence?	 58
<i>Gwythian Prins</i>	
Economic measurements are insufficient to judge this question	58
How best to nourish British interests: two paradoxes	58
Why the EU and its fears are older than you think	60
The transforming consequences of the euro	65
The flaw in Europeanism	67
What the ghosts did	70
To the July crisis: the hollowing out of European politics	71
Gulliver and the balance of competences	74
Successful negotiation requires informed statesmanship	78
References	79
 5 Transforming the UK's relationship with the EU: the legal framework	 82
<i>Martin Howe</i>	
How to transform our relationship with the EU	82
How UK withdrawal from the EU would work	83
Renegotiation from within	97
References	100
 6 Freedom of movement	 101
<i>Philippe Legrain</i>	
Why freedom of movement is the right policy	103

Why EU membership offers the best of both worlds	113
References	115
7 Evaluating European trading arrangements	117
<i>Patrick Minford</i>	
What trade theory has to say about the EU customs union	117
The cost of EU protection	120
The CGE model	124
Considerations of 'Brexit'	132
What about a trade agreement with the EU?	133
Opposing views	135
Conclusions	139
References	140
8 UK employment regulation in or out of the EU	142
<i>J. R. Shackleton</i>	
Europe's reach	142
European law and the labour market	145
Why intervention?	149
European political economy	153
Would repatriation of powers over the labour market make enough of a difference?	156
A minimum level of regulation?	160
References	161
9 Prospects for a reformed agricultural policy	164
<i>Séan Rickard</i>	
Introduction	164
A politically driven policy	165
An inefficient and ineffective policy	168
Prospects for radical reform of the CAP	172
Visualising a reformed UK agricultural policy outside the EU	175
End piece	180
References	180

10 Freedom for fisheries?	184
<i>Rachel Tingle</i>	
1957–69: the conception and early development of the CFP	186
1970–82: the establishment of common Community waters	187
1983–92: the development of a fisheries management system	191
1993–2002: the introduction of vessel licensing and effort controls	195
2003–13: reform of the CFP	196
2014 onwards: last chance for the CFP?	201
Appendix: the UK system for apportioning national fishing quotas	204
References	207
 11 Stuck in Brussels: should transport policy be determined at EU level?	 209
<i>Kristian Niemietz and Richard Wellings</i>	
Introduction	209
The aims of EU transport policy	210
Key policy initiatives	211
Economic impact	212
Centralisation versus competition and discovery	220
Regulatory scale as market discovery process	222
Conclusion	226
References	227
