Contents

<i>preface</i>	<i>ix</i>
<i>chapter 1</i>	<i>Introduction to economic geography</i>
PART	
ONE	<i>A simplified model</i> 9
<i>chapter 2</i>	<i>Location in a simplified economic landscape</i> 11
	Location of central places 11
	The spatial pattern of agricultural production 16
	A reconsideration of the hierarchy 22
	Movement and interaction in the economic landscape 27
	A summary of the simplified economic landscape 29
<i>chapter 3</i>	<i>Empirical evidence of spatial order</i> 30
	The urban hierarchy 31
	Spacing of urban centers 40
	Spatial regularity of agricultural production 48
	Distance and interaction 52
	Summary 53
PART	
TWO	<i>Toward reality.</i>
	<i>relaxation of the simplifying assumptions</i> 57
<i>chapter 4</i>	<i>A heterogeneous land surface</i> 59
	i Spatial variations in resource quality and availability 59
	Localized resources and the space economy 66

<i>chapter 5</i>	<i>Spatial variations in transportation costs</i>	73
	The location of transportation routes and networks	73
	The structure of transportation costs	78
	Transportation costs and the location of economic activity	83
	Transportation improvements and their spatial impact	86
<i>chapter 6</i>	<i>Spatial variations in production costs</i>	94
	Labor	95
	Capital	100
	Technical knowledge	104
	The locational impact of spatial variations in factor costs	107
<i>chapter 7</i>	<i>Demand, scale, and agglomeration</i>	110
	Spatial variations in demand	110
	Economies of scale	115
	Scale, demand, and location	122
	Spatial competition	126
	Agglomeration: localized external economies of scale	129
<i>chapter 8</i>	<i>The decision-making process: a behavioral view</i>	136
	A general overview of decision making	138
	The location decision	146
PART		
THREE		
	<i>The time dimension-</i>	
	<i>regional economic development</i>	161
<i>chapter 9</i>	<i>Economic development in time and space</i>	163
	Initial triggers to development	163
	Cumulative growth	164
	Long-term growth trends	180
	Appendix to chapter 9	184
	The multiplier concept	184
<i>chapter 10</i>	<i>Spatial imbalances in economic health:</i>	
	<i>four case studies</i>	186
	The dimensions of economic health	186
	Spatial variations in economic health within the	
	United States	188
	Spatial variations in economic health within Canada	207
	Spatial variations in economic health within the	
	United Kingdom	213
	Spatial variations in economic health within France	219
	Summary	226
	Appendix to chapter 10	233
	Components and factor analysis	233

<i>chapter 11</i>	<i>Area development policies</i>	238
	Area development policies in the United Kingdom	239
	Area development policies in France	246
	Area development policies in the United States	249
	Area development policies in Canada	255
	A summary view of area development policies	260
	Elements of an area development policy	262

<i>bibliography</i>	269
