# Liberalization of Transportation Services in the EU: the Polish Perspective

# Table of contents

## Introduction

<b>1</b>	<b>The European Transport System – Major Challenges</b>	<b>13</b>
1.1	The role of transport costs in regional and international integration	13
1.1.1	The role of intangible components in lowering transport costs	13
1.1.2	Transportation costs and regional trading blocs	16
1.2	Rationale for liberalization of the transport sector of the EU	18
1.2.1	From public monopolies to contestable markets in the US and Europe	18
1.2.2	Potential gains from European integration and the liberalization in transport sector	24
1.3	Is there a common European transport system?	27
1.3.1	Liberalization: a sectorial and horizontal approach	27
1.3.2	Liberalization: a horizontal approach: Services Directive 2006	32
1.4	The liberalization of European transport services: major challenges	37
1.4.1	Weakness of common European infrastructure	37
1.4.2	Roadmap to a Single European Transport Area – Toward a competitive and resource efficient transport system White Paper 2011	42
<b>2</b>	<b>Transportation Services and Global Value Chains</b>	<b>47</b>
2.1	The emergence of global value chains	47
2.2	Transportation costs and global value chains	50
2.3	Transportation services and inventories management for global value chains	56
2.4	Some stylized facts on transportation services and global supply chains	61
2.5	Poland in the global value chain – the role of the transport sector	67
2.6	Conclusions	71
<b>3</b>	<b>An Overview of the Inter Modal Transport Sectors in Poland and the EU-27</b>	
3.1	The structure of the European transport sectors	
3.2	The importance of the transport sector in Poland and the EU-27	

3.3	The transport sector in Poland	80
3.3.1	Developments in transport sub-sectors	83
3.4	Conclusions	107
<b>4</b>	<b>The Regulatory Framework and the Market Structure in Road Freight Transportation</b>	<b>109</b>
4.1	The liberalization of EU rules and regulations	112
4.2	Road transportation in Poland	116
4.2.1	Market access	116
4.2.2	Prices, social conditions, technical conditions, and safety	118
4.3	Road infrastructure in Poland	120
4.4	The market structure of the Polish road freight transport sector	124
4.5	Conclusions	127
<b>5</b>	<b>The Regulatory Framework and the Market Structure in Rail Transport Services</b>	<b>131</b>
5.1	International rules and regulations	133
5.1.1	The International Union of Railways	133
5.1.2	The Intergovernmental Organization for International Carriage by Rail (OTIF)	133
5.2	Rules and regulations in the European Union	134
5.2.1	The First Railway Package	136
5.2.2	The Second Railway Package	137
5.2.3	The Third Railway Package	138
5.2.4	Further steps toward the Single European Railway Area	139
5.2.5	Trans-European Transport Networks (TEN-T), Pan-European Rail Corridors, and transport infrastructure	140
5.3	The regulatory framework in the Polish rail Transportation Sector	141
5.3.1	The organization of Poland's railways and market access	142
5.3.2	The state of competition	147
5.3.3	International transport and the quality of Poland's rail infrastructure	150
5.4	Conclusions	157
	<b>Appendix to Chapter 5</b>	<b>159</b>
<b>6</b>	<b>The Regulatory Framework and the Market Structure of Maritime Transportation Services</b>	<b>161</b>

6.1	Maritime freight transportation services	161
6.2	International rules and regulations	164
6.2.1	Regulations relating to safety and the environment	165
6.2.2	Regulations relating to commercial operations and practices	166
6.3	European Union rules and regulations	168
6.3.1	The internal market	169
6.3.2	Port infrastructure	170
6.3.3	Social conditions	171
6.3.4	Safety and the environment	171
6.4	Polish maritime rules and regulations	174
6.4.1	The state of competition	179
6.5	Conclusions	183
<b>7</b>	<b>The Regulatory Framework and the State of Competition in Air Transport Services</b>	<b>187</b>
7.1	International rules and regulations	188
7.2	Rules and regulations in the European Union	192
7.2.1	The First Aviation Liberalization Package	193
7.2.2	The Second Aviation Liberalization Package	194
7.2.3	The Third Aviation Liberalization Package	195
7.2.4	The Single European Sky Packages I & II	196
7.3	Regulation of air transport services in Poland	198
7.3.1	Introduction	198
7.3.2	Legal framework	199
7.3.3	Market structure and competition	208
7.4	Conclusions	216
	<b>Appendix to Chapter 7</b>	<b>218</b>
<b>8</b>	<b>Trade in Transportation Services: Aggregate and Firm Level Data Analysis</b>	<b>221</b>
8.1	Trade by the transportation services of Poland	223
8.2	Firm level analysis of the transport sector in Poland	226
8.2.1	General firm characteristics	227
8.2.2	Export activity in the Polish transport sector	233
8.3	Conclusions	240
	<b>Appendix to Chapter 8</b>	<b>242</b>

<b>9</b>	<b>The Implications of the Liberalization of Rail Services in Europe</b>	<b>249</b>
9.1	Quantification of the restrictiveness of policy in the Rail transportation sector using the gravity approach	250
9.2	Quantification of the restrictiveness of policy in the rail transportation sector in the context of EU integration	258
9.3	The impact of institutional liberalization on rail services' trade	266
9.3.1	Whole rail transport services (BOP Code 219)	269
9.3.2	Rail passenger transport services (BOP Code 220)	272
9.3.3	Rail freight transport services (BOP Code 221)	273
9.3.4	Concluding remarks	277
9.4	Conclusions	277
	<b>Summary and Conclusions</b>	<b>281</b>
