CENTRE FOR EDUCATIONAL RESEARCH AND INNOVATION

Table of Contents

Executive Summary	11
Chapter 1. Introduction	17
Context: why research systemic innovation in VET?	17
Research questions	18
Methodology	20
Scope and content of this report	24
References	27
Chapter 2. Innovation and Systemic Innovation in Public Services	29
Introduction	30
Innovation and systemic innovation: a literature review	30
Innovation in public services and social innovation	40
Conclusions and policy implications	56
Key messages	56
References	58
Chapter 3. Innovation in Education and Vocational Education and Training	63
Introduction	64
Innovation in education and VET: definition, typologies and measurement	64
Stakeholders and processes in the creation and diffusion of innovation	74
Model of innovation in education	89
Conclusions and policy implications	95
Key messages	97
References	99
Chapter 4. Drivers, Enablers and Barriers to Systemic Innovation in VET	115
Introduction	116
Drivers and barriers: a complex interaction	116
Drivers to systemic innovation in VET	118

Barriers to systemic innovation in VET	126
Lack of research evidence and consistent evaluation	138
Conclusions	139
Policy implications	142
Key messages	144
References	145
Chapter 5. Process and Dynamics of Systemic Innovation: Initiation, Implementation, Monitoring, Evaluation and Scaling Up	147
Introduction	148
Defining the stages of the process	148
Initiation	150
Implementation	158
Use of the knowledge base	161
Monitoring and evaluation	163
Piloting and scaling up	166
Conclusions and policy implications	170
Key messages	174
References	176
Chapter 6. The Role of the Knowledge Base	177
Introduction	178
Types of knowledge used in the innovation process	180
The empirical evidence: the use of knowledge in the case studies	182
Academic research in VET and its links with innovation	188
Conclusions and policy implications	191
Key messages	196
References	198
Chapter 7. Towards a Typology of Systemic Innovation in VET	199
Introduction	200
A typology framework for systemic innovation in VET	200
Towards a general typology framework	206
Conclusions and policy implications	207
Key messages	208
References	209
<i>Annex 7.A1. Typology of Case Studies</i>	<i>210</i>
<i>Annex 7.A2. Abbreviations for Case Studies</i>	<i>214</i>

Chapter 8. Government, Policy and Systemic Innovation in VET	215
Introduction	216
Government and innovation	217
Policy mechanisms for governments for supporting innovation in VET	222
Context influencing policy mechanisms	223
Conclusions and policy implications	225
Key messages	227
References	227
Chapter 9. The Research Agenda	229
Defining research on systemic innovation in VET	230
Converging fields	231
Links between research and innovation in VET	234
Research gaps in systemic innovation in VET	236
Conclusions and policy implications	241
Key messages	244
References	245
Chapter 10. Conclusions and Policy Implications	247
What are the lessons learnt?	248
Policy implications	253
The way ahead: can all this be transferred to other education sectors?	257
Key messages	258
References	259
